1	They are adults. Let them make decisions for themselves. I'm sure they will have people around to guide them.	3/13/2025 12:34 AM
2	The recipient is of age and more likely to make informed decisions as to what they would like to do with the funds they receive.	3/11/2025 12:51 PM
3	I dont . It should be 21.	3/11/2025 6:59 AM
4	At 18, an individual should be approaching independence. Distribution at this age may help in securing that independence.	3/9/2025 5:10 PM
5	They should be required to finish high school	3/8/2025 8:17 AM
6	Because adult children are of sound mind & plan for their future whether College, a home a vehicle they can make a investment for themselves.	3/7/2025 11:14 PM
7	Maybe for part of their settlement	3/7/2025 6:13 PM
8	I feel that at 18, the young adult is ready for responsibility and managing their own funds.	3/7/2025 3:53 PM
9	I feel that 21 is the best age for the distribution as they are already getting a lump sum at 18 and it would be best to separate the pay outs.	3/7/2025 3:48 PM
10	I disagree I think 18 is too young to give full distribution, unless it's for educational purposes or something of serious importance.	3/7/2025 8:10 AM
11	I don't feel that 18 is the most appropriate age. They should have access to their distribution at the same time as the rest of the tribe. With proper management, the yield of even just investing a minors distribution in a CD would provide decent growth of funds.	3/6/2025 7:38 PM
12	because they're old enough to make their own decisions As a legal age adult	3/6/2025 7:33 PM
13	18 if a high school graduate which shows a level of maturity or 21 for non graduates who may need more coaching and life experience	3/6/2025 5:20 PM
14	I feel that 18 is appropriate because they could utilize the money for schooling or for when they will be leaving home and getting their own place.	3/6/2025 5:10 PM
15	At 18, a person is considered a legal adult and can be responsible for their capita. Benefits for this approach would give individuals a jumpstart on either saving, housing, groceries, or any costs they have early on in adulthood	3/6/2025 4:44 PM
16	legal age	3/6/2025 4:20 PM
17	It's a good place to start life off with stability and security in finances	3/6/2025 4:01 PM
18	21	3/6/2025 3:14 PM
19	Age of majority, and usually coincidentally matches with high school competition	3/6/2025 3:12 PM
20	To young 21	3/6/2025 8:43 AM
21	as it gives kids a chance to have a starting stone to fall on	3/5/2025 2:22 PM
22	Becoming of age. Gives them first hand on being an adult. Hopefully make the right choices.	3/5/2025 1:18 PM
23	Better start at adult life	3/5/2025 11:49 AM
24	18 is a good age, because it good to have enough finances when your further education	3/4/2025 1:57 PM

25	The funds can used to assist furthering education.	3/4/2025 12:55 PM
26	Because it'd make sure the people that receive the pcd are getting it for themselves and hopefully will be ready to spend it abit wiser	3/4/2025 11:19 AM
27	Cost of living has gone up as our children leave at an earlier age	3/4/2025 9:23 AM
28	Once 18 they become young adults & if invested smart this could help them start up a great future for themselves weather it's schooling, purchasing a home, and so on.	3/4/2025 6:53 AM
29	Because it is the age of consent for an adult, many members are already living on their own at this age and some have young families as well and they should be treated as adults, and given the benefit of the doubt that they can conduct themselves in a fiscally responsible manner because if they can be tried as adults, they should be treated as such.	3/4/2025 3:46 AM
30	I think 18 is too young to receive large amounts of money.	3/3/2025 9:25 AM
31	I think 25 years old is appropriate because they are adults, mature, and more responsible.	3/3/2025 8:21 AM
32	Some members may benefit from this money to move away from home and pursue a post-secondary career. It will allow young adults to become more independent if money is used responsibly	3/2/2025 7:52 PM
33	I dont see full payment being beneficial at this age unless they are graduated at 18. Ungraduated, and paid out in full at 21 to do whatever they choose with their funds.	3/2/2025 12:24 PM
34	21, so they are a bit older and most are done school or possibly into a trade/ college education	3/1/2025 9:12 PM
35	I feel like people want that because that's the age they're used to receiving financial benefits. However, i believe that most people in that age range are far too financially irresponsible, and do not know anything about investing for their futures. I remember being that age and having no concern about life 10 years from now. It would be a shame to have most of them give their share back to the white man in less than a year after receiving it.	3/1/2025 12:41 PM
36	I don't see any value in giving an 18 year old large sums of money unless it comes with stipulations (that don't infringe on their right) of investing in education or future in a good way.	3/1/2025 11:00 AM
37	Making wise choices and opportunity to do as an adult	2/28/2025 8:42 PM
38	Maturity	2/28/2025 6:10 PM
39	To help aid young people that are just starting off in live after leaving home.	2/28/2025 3:39 PM
40	An adult age prepared to manage their own finances	2/28/2025 12:19 PM
41	They've reached legal age and gives them responsibility's of their own finance	2/28/2025 1:52 AM
42	I think with the right guidance and education, it can be beneficial for them to start their lives. Even putting it in some sort of investment account such as an RRSP could be beneficial for long term goals.	2/27/2025 10:54 PM
43	To move out or use for Education.	2/27/2025 9:51 PM
44	I don't. I feel minors should also get equal pay	2/27/2025 9:38 PM
45	i don't, I feel all payments should be individual and equal payments	2/27/2025 9:32 PM
46	Some money to look forward to on helping the youth start out into adulthood	2/27/2025 8:38 PM
47	That it's there when he becomes an adult.	2/27/2025 8:27 PM
48	I don't feel 18 is the most appropriate age for distribution. I think minors should wait until they are 21.	2/27/2025 6:26 PM
49	18 is an adult and they should have say over their finances.	2/27/2025 2:35 PM
50	Relative maturity.	2/27/2025 1:48 PM
51	They are considered to be an adult at that age.	2/27/2025 1:14 PM
52	Because your considered an adult that can make responsible decisions and	2/27/2025 1:07 PM
53	21 is a good age.	2/27/2025 12:50 PM

54	They are legal age. They are able to make their own decisions and now you're giving them power and showing them you care and trust their decision making	2/27/2025 12:12 PM
55	The child is now an adult and should be able to decide on the correct path of their money. Aleo, as a new adult they will need money for things that come up in life as well as bills, food, clothing, gas etc	2/27/2025 11:29 AM
56	Because they will be adults. They will be able to have more understanding of their financial decision making	2/27/2025 10:52 AM
57	For their future	2/27/2025 10:31 AM
58	I believe that 18 is doable because the child becomes an adult however I believe the appropriate age would be 25. This will allow the adult to settle into a career or a lifestyle. 18 may be a bit too young. I am worried that a large amount of money Will not be properly used to invest in that person's future and maybe be used quickly and without thought.	2/27/2025 9:56 AM
59	Its their entitlement	2/27/2025 9:54 AM
60	It typically is the age when people transition into their next stages of life.	2/27/2025 9:37 AM
61	18 is considered age of majority and recognized as an adult.	2/27/2025 8:32 AM
62	I don't, I think it should be higher (21 or 25), for when the frontal lobe is more fully developed and people can make better decisions	2/26/2025 11:09 PM
63	Providing there is financial literacy it would be beneficial so that the funds are used appropriately	2/26/2025 10:15 PM
64	Its not. Should be at least 21. Their brain isn't fully developed until they are 25.	2/26/2025 8:55 PM
65	So they have their money and it isn't spent by the parents or caregivers.	2/26/2025 7:29 PM
66	They will have more understanding about money management and be able to use that in there adulthood.	2/26/2025 7:14 PM
67	Grown up	2/26/2025 6:41 PM
68	I just feel it would be most appropriate, so it's not completely wasted.	2/26/2025 6:09 PM
69	I think they should be at least 21 years of age to receive their money, and attend a money management course first.	2/26/2025 5:05 PM
70	It allows the children of the tribe to avoid overspending on the settlement.	2/26/2025 4:45 PM
71	its when u are a adult legally	2/26/2025 4:44 PM
72	Why wait. They couldnuse the money to go school or play sports which are both expensive even with funding.	2/26/2025 4:24 PM
73	I believe that adults should be the only ones to get the money and that parents should not receive their children's money to prevent any craziness.	2/26/2025 3:59 PM
74	at 18 this can help the youth with a head start in adulthood like purchasing a vehicle or help move into their own homes.	2/26/2025 3:55 PM
75	18 is the age that enables the freedom to do more..no Parental consent is needed..a sense of responsibility and independence to be played into action.	2/26/2025 3:52 PM
76	It follows existing Canadian law that states an 18 is an adult.	2/26/2025 3:38 PM
77	I think maybe 25 it gives them more time to think on what they want to do with there lives	2/26/2025 2:57 PM
78	18 is a very transitional age and the benefit would help with any costs or purchases needed at this age.	2/26/2025 12:46 PM
79	Then they are adults	2/26/2025 11:53 AM
80	Well they should be graduating around that age.	2/26/2025 11:38 AM

members have information? Or are you just throwing money at us with no information. Because I haven't seen anything in my mail regarding what we are getting money from??? We are to be informed when it comes to our nation?!?! Chief and council need to keep us informed. As a member I feel like we don't have that! Now the survey which I feel like the first one didn't give the opinions only give us the opinions you guys want. Now this one is the same. Please send information in the mail. Before vote for anything. Thank you.

83	A child reaches the age of majority at 18. I feel this is a good age for minor beneficiaries to receive their annuity.	2/26/2025 8:17 AM
84	16 years old	2/25/2025 11:03 PM
85	18 is an appropriate age for distribution because in Alberta at 18 you are considered an adult. Your allowed to vote both provincially and federally, so why would other feel as otherwise.	2/25/2025 10:12 PM
86	I believe that the minors should get their share at the age of 25 yrs old.	2/25/2025 9:46 PM
87	18 is too young.	2/25/2025 9:25 PM
88	I personally feel like 21 would be a better age, as priorities are better in line and less chance of wasting it instead of putting it into their future	2/25/2025 9:07 PM
89	There adults if they can vote or drink then they should get to decide what they want to do	2/25/2025 8:03 PM
90	I feel that 18 is the most appropriate age for distribution because it is the legal age of adulthood. At this stage, individuals are beginning their transition into independence, and providing support can help set them up for success. Benefits of this approach include assisting with essential needs such as securing their own home, pursuing further education, or obtaining a vehicle. These foundational supports can ease the transition into adulthood, giving young adults the stability and resources needed to build a strong future.	2/25/2025 7:16 PM
91	This will benefit the person, whether it is for the persons future or education. The person should be able to make better decisions at this age.	2/25/2025 7:04 PM
92	My previous response stated the per capita distribution to minors should be 21 years old, I say this because by the time the child turns 18, at this point in their life they most likely still have not begun living on their own, or have a job. Some may want to have this money to pay a down payment on a home. I don't think 18 is an appropriate age. I think waiting one more year (19, but even better at the age of 21). Some may disagree, however, from personal experience 18 year olds are still figuring out what to do with their lives and many have still not completed high school. 18 years old if they completed high school, if not 19-21.	2/25/2025 6:37 PM
93	Gives people a chance to get ahead early and possibly get a house.	2/25/2025 6:27 PM
94	I don't agree with another survey, I want my full payout and every year I would like the payout also. All the workshops only happens in Fort Chipewyan so as a member I cannot participate as I do not live in Fort Chipewyan.	2/25/2025 6:17 PM
95	More knowledge in that age and out of school so it can benefit their education if need be	2/25/2025 6:09 PM
96	Legal age in Canada, hence legal procedures should follow.	2/25/2025 6:07 PM
97	I don't! It should be 21yrs of age	2/25/2025 6:04 PM
98	Legal adult.	2/25/2025 6:00 PM
99	I think 18 is fine, if they are entering post secondary schooling.	2/25/2025 5:54 PM
100	18 years of age allows for young adults to decide whether they want to go to school, travel or set up their own home.	2/25/2025 5:50 PM
101	At 18 years of age people are legal adults however I do believe there should be some educational courses that are mandatory to take before the funds are distributed for financial reasons	2/25/2025 5:42 PM
102	From there it's go to school or start a business . There a adult. My kids choices lol	2/25/2025 5:29 PM
103	So the child has money for themselves when 18. Even a 80/20 split would be nice 80% to the child when 18 and 20% for the parent if under 18	2/25/2025 5:17 PM
104	The legal age of majority in Alberta is 18. Parents should not be able to touch minors PCD's.	2/25/2025 4:57 PM

105	I feel like 21 is a good age for “kids” to receive monies. I feel like 18 is still a kid and wouldn't know how to be responsible with there money.	2/25/2025 4:46 PM
106	By getting the money they can invest, go to school or change their circumstance.	2/25/2025 4:13 PM
107	Legal age I guess. I personally think 16 is a good age to receive it but 18 is easier and not terrible lol.	2/25/2025 4:08 PM
108	I believe the appropriate age for distribution should be at least 20 preferably 25.	2/25/2025 3:41 PM
109	They are a legal adult at 18.	2/25/2025 3:38 PM
110	18 years of age with grade 12 diploma, this will allow any students who would like to continue their education have funds to do so.	2/25/2025 3:26 PM
111	They are able to access the money to alleviate financial strain during around school/transportation/living costs. They are legally able to protect their money from guardians/parents using it.	2/25/2025 3:26 PM
112	If they are attending any type of educational facility, this will help.	2/25/2025 3:09 PM
113	could use it to start life away from home , or start a career path	2/25/2025 3:09 PM
114	They are adults at 18 so are able to make their own decisions.	2/25/2025 3:06 PM
115	They've reached adulthood, they should get it	2/25/2025 2:53 PM
116	*21. Kids are too young to have financial stability and deserve the opportunity to obtain funds when more cable of making better financial decisions.	2/25/2025 2:32 PM
117	Because it's their inherit right.	2/25/2025 1:59 PM
118	Setting up the young generations for success	2/25/2025 1:43 PM
119	Because they are adults and will have hopefully graduated from high school and know more about what they want or need.	2/25/2025 1:31 PM
120	The benefit in this approach is helping to set young adults up for independence, but without the skills to budget or manage their money there are big risks.	2/25/2025 1:22 PM
121	i feel that they should finish school to get it at 18 if not finished school then 21	2/25/2025 1:05 PM
122	I think they should wait till 21, but the benefit I see with this approach would be a kickstart to the members financial life. May it be they finance a vehicle, or rent for their building. It would help pay bills at an early adult stage.	2/25/2025 1:04 PM
123	I think as a parent it could set them up for the future with housing, education funding, family planning, savings to start the future off right. I do believe some parents would take the child's funds and spend it on the parents needs and wants and not think what is best for their children for future events.	2/25/2025 12:50 PM
124	Considered an adult, able to support independence (ie, moving out, buying a car, going to school, etc)	2/25/2025 12:43 PM
125	Legal age	2/25/2025 12:42 PM
126	If they need the money for post secondary school	2/25/2025 12:19 PM
127	At 18, although young, I feel that with proper direction and guidance that our youth could invest this money properly into their future	2/25/2025 12:03 PM
128	You need a workshop so the kids know how to manage their money otherwise the money will be spent foolishly.	2/25/2025 12:03 PM
129	I believe at 18 everyone can make Their own decisions, they are starting to become adults	2/25/2025 12:02 PM
130	I didn't mean to put 18. I believe 21 & older. Little more mature, has a chance to experience adulthood before given money.	2/25/2025 11:54 AM
131	It's a good milestone.	2/25/2025 11:45 AM
132	18 is the age of when youth are starting to gain responsibility of themselves and that is the age of being an official adult.	2/25/2025 11:44 AM

133	18 IS "ADULT". ITS PRETTY STANDARD ACROSS THE BOARD.	2/25/2025 11:40 AM
134	You become a adult at that age	2/25/2025 11:32 AM
135	The age 18 goes along with the Canadian age to vote. I feel at 18 a person is capable of having the understanding and knowledge to know how to vote for what is best for them. A lump sum payment would be best for many as it would benefit them and allow them to make their own decisions on how the money is spent.	2/25/2025 11:24 AM
136	At 18 they are out of high school. Some move on to college or go stright to work. With the money it will help them set them self up for sucesess and get a running start at life.	2/25/2025 11:23 AM
137	I think 21 is most beneficial as they may be done or near completion of post secondary.	2/25/2025 10:35 AM
138	At this age the youth can make the decisions on what to do with their own money	2/25/2025 10:30 AM
139	I see 18 as an appropriate age only because 18 is the legal adult age. If it was up to me I would say give to 21 yr Olds or have plan for payouts up to a certain age.	2/25/2025 10:29 AM
140	I feel 18 is a good age because they are legal adults in canada, And some people don't have Support from family members so if they wanted to get a vehicle so they can get employment.	2/25/2025 10:24 AM
141	25	2/25/2025 10:03 AM
142	18 is when they are able to vote so that is why 18 seems fair	2/25/2025 10:01 AM
143	Hopefully they are more grown up to make good decisions with there money.	2/25/2025 9:59 AM
144	18 they can use the money toward choices that help improve their life's C&C don't the right to dictate to members how money should be spent, if they want to buy or pay bills it is their choice not the Band	2/25/2025 9:55 AM
145	I would think 20 or upon graduation	2/25/2025 9:54 AM
146	Starting of there adult life . They will benefit by able to buy a vehicle	2/25/2025 9:54 AM
147	21-25 is a better age because you are a little more responsible.	2/25/2025 9:46 AM
148	No I do not feel that way I think they should wait until they're at least 21 so they know the kind of path that they're on in doing their education.. At 18 they're still trying to figure stuff out and probably spend it all partying and stuff like that so it's not a very good idea I think they should wait until they're 21.	2/25/2025 9:39 AM
149	They are of legal age so it's technically their decision after that; it'll benefit them if they have adequate financial training.	2/25/2025 9:35 AM
150	Age 25 is better, more mature and career choices	2/25/2025 9:33 AM
151	I feel like it should be at 21 years old	2/25/2025 9:31 AM
152	I feel the older they are the better, because their brains are more developed when older and can make better decisions. I feel like the age should be around 25.	2/25/2025 9:23 AM
153	That's when they are an adult. Period.	2/25/2025 9:22 AM
154	This can set up youth for paying bills while getting an education so they don't need to worry about how they will pay for groceries, gas, ect as they focus on learning or they can use it as a down payment for a house.	2/25/2025 9:21 AM
155	There at adult she can't grantee some of the youth will make that age	2/25/2025 9:21 AM
156	18yrs if they are enrolled in post secondary, 21yrs if they don't go to post secondary.	2/25/2025 9:05 AM
157	18,at that age you are an adult and should be able to make good decisions on what you want to do with your lifeno	2/25/2025 9:02 AM
158	It'll be a great start to their adult life, but a car, invest it, down payment on a home.	2/25/2025 8:58 AM
159	At this age the minor becomes an adult and takes on some adult responsibilities such as bills and other living expenses as well as moving on to college or universities which these funds would help a ton with	2/25/2025 8:55 AM

160	I feel that 18 is the legal age for all things and it allows people to have the most knowledge on the voting process.	2/25/2025 8:54 AM
161	I actually would change it to be dispersed over the years. I feel if given some at age 18, 21, 25 would mean that young 18 year olds may not spend it too fast.	2/25/2025 8:51 AM
162	Some kids are already down high school by this age.	2/25/2025 8:50 AM
163	Because they are adults and are able to make decisions	2/25/2025 8:48 AM
164	I feel 21 is better. Hold the money for the rightful recipient.	2/25/2025 8:48 AM
165	Not in agreement with this age. It should be later or after some post secondary schooling or trade.	2/25/2025 8:47 AM
166	I think this will set them up financially.	2/25/2025 8:43 AM
167	18 is when most kids are at the age where they're gonna go to college and they're gonna need the money the most if there was some kind of incentive where they get a portion of their money at 18 if they plan to go to college and then they get the rest at 21 that would be a good plan	2/25/2025 8:42 AM

## Q2 Would it be helpful to allow members to access a portion of their funds at 18, with the remainder held for a later milestone?

2	Give the option for investment. Teach about GIC and other bonds. To have money work and build.	3/13/2025 12:34 AM
3	No, unless they are having the remaining funds collect interest over time or invested to yield a higher amount to be received at a later date. The later date should be based on their request and not a pre-determined age past 18 years.	3/11/2025 12:51 PM
4	No should be 21 full pmt.	3/11/2025 6:59 AM
5	Depending on the size of the funds, it maybe helpful	3/9/2025 5:10 PM
6	Yes unless they need the funds for education expences	3/8/2025 8:17 AM
7	No	3/7/2025 11:14 PM
8	Yes, maybe a portion	3/7/2025 6:13 PM
9	I would be okay with that too.	3/7/2025 3:53 PM
10	No, it should be distributed as a whole but at a later age as they will already be getting another lump sum payout.	3/7/2025 3:48 PM
11	Yes better to go slow.	3/7/2025 8:10 AM
12	I think this would just add extra complications.	3/6/2025 7:38 PM
13	no, should keep it in the trust till they're 18.	3/6/2025 7:33 PM
14	Yes or it would/ could be seen as free money and not useful money	3/6/2025 5:20 PM
15	I think so	3/6/2025 5:10 PM
16	Yes. Similar to other funds, withholding until a person turns 21 unless they've completed their highschool education should be considered.	3/6/2025 4:44 PM
17	no	3/6/2025 4:20 PM
18	Yes	3/6/2025 4:01 PM

20	Yes	3/6/2025 3:12 PM
21	Yes only for school	3/6/2025 8:43 AM
22	I agree with this approach. I feel like at 18, you are still not mature enough to make good financial decisions for your future.	3/6/2025 7:35 AM
23	yes i think it would. just so they can have maybe a chance to prepare or experience whats its like to have that responsibility	3/5/2025 2:22 PM
24	No	3/5/2025 1:18 PM
25	Would be good and bad	3/5/2025 11:49 AM
26	no, give them all. so they can afford rent, vehicles, ect	3/4/2025 1:57 PM
27	No.	3/4/2025 12:55 PM

## 2025 Treaty Annuity Settlement Second Survey

28	No I think they just should get the whole payment	3/4/2025 11:19 AM
29	Yes it would be helpful	3/4/2025 9:23 AM
30	Yes there should be accesses if requested. This could be beneficial for the guardians to help invest a portion of their funds.	3/4/2025 6:53 AM
31	If it's their funds and if they're old enough to be considered adults by the legal and judicial system, they should be able to access all of their funds, because who is to determine what milestones they need to achieve? What if they have already finished high school and wish to pursue a traditional life on the land? Or wish to be a homemaker? As adults they should be entrusted to make the right choices in life get to where they want to be, not extorted to someone else's expectations of what they should achieve.	3/4/2025 3:46 AM
32	Yes	3/3/2025 9:25 AM
33	No.	3/3/2025 8:21 AM
34	Yes!!! I think that a lot of young adults may not think of long term use of this money. Having half of the money saved away will be extremely beneficial and they will be thankful later	3/2/2025 7:52 PM
35	Yes I believe this would be beneficial. However, at 21 they should recieve full payment to do as they wish with they funds	3/2/2025 12:24 PM
36	For those experiencing barriers, yes.	3/1/2025 9:12 PM
37	Yes, 100%	3/1/2025 12:41 PM
38	Yes, a smaller portion. So that when they get the larger portion they can reflect on how they utilized the first portion. If the first portion was misused they may use that experience to reflect on to be more responsible for the next portion	3/1/2025 11:00 AM
39	No	2/28/2025 8:42 PM
40	Yes	2/28/2025 6:10 PM
41	In some cases yes. Some young people could be having personal struggles and may not spend the funds in smart ways. As other could use funds to help get them set up on life on their own.	2/28/2025 3:39 PM
42	Milestone??	2/28/2025 1:52 AM
43	Since the limbic system of the brain is not fully developed, some may choose to spend their money in other ways without considering long term goals. So receiving another portion at a later date when they are entering adulthood could be very relieving for some who chose to spend it in other ways.	2/27/2025 10:54 PM
44	Yes, I think this is a good approach maybe receiving 75% at 18 years old and the rest coming out 2% a year for the next 12 years till they're 30	2/27/2025 9:51 PM
45	you did that with the cows and plows	2/27/2025 9:32 PM
46	That would make sense.	2/27/2025 8:38 PM
47	What year is the milestone of age your referring to? And what is the portion of their funds that they will have access to?	2/27/2025 8:27 PM
48	This could possibly be a good solution.	2/27/2025 6:26 PM
49	Depends on what the milestone is and how decided it.	2/27/2025 2:35 PM
50	Yes	2/27/2025 1:48 PM
51	I don't believe that should be up to the band, once you are an adult, one should be held responsible for all facets in their life, including finances.	2/27/2025 1:14 PM
52	Be more specific when saying mile stone, this question implies 18 is the age and there will be milestone set up.	2/27/2025 1:07 PM
53	Yes, it would be especially if they're fresh 18	2/27/2025 12:12 PM
54	No, they should have access to all their money. They are considered an adult at 18	2/27/2025 11:29 AM

## 2025 Treaty Annuity Settlement Second Survey

55	No they should get everything owed to them	2/27/2025 10:52 AM
56	Sure	2/27/2025 10:31 AM
57	I agree with this	2/27/2025 9:56 AM
58	NO. When ACFN took the Cow&Plows, they said at the time, that once the children turn 18, they will receive it. Well, than for some reason along the way it was changed, they had to complete their grade 12, if not will get the C&P once they turn 21. That was another blaten lie.	2/27/2025 9:54 AM
59	Maybe, however everyone is in different situations.	2/27/2025 9:37 AM
60	That would depend on the \$ amount- provide these young adults with resources on how to invest \$	2/27/2025 8:32 AM
61	Only for a good reason, such as needing the money to move out and provide a safe/stable living situation	2/26/2025 11:09 PM
62	Yes	2/26/2025 10:15 PM
63	YES! 40% then the remaining 60% at 25 or at least until 21.	2/26/2025 8:55 PM
64	No	2/26/2025 7:29 PM
65	With certain exceptions. I also feel like the world we live in is becoming more and more expensive. Housing ,schooling everything takes a toll on people and their families.	2/26/2025 7:14 PM
66	Give it all to them	2/26/2025 6:41 PM
67	Yes, because then they don't blow it all in one go then be left with nothing.	2/26/2025 6:09 PM
68	Yes, completely	2/26/2025 5:05 PM
69	I believe so it would allow them to get started on their life journey without compromising any future economic difficulties.	2/26/2025 4:45 PM
70	yes	2/26/2025 4:44 PM
71	No unless there will be interest being built up as it sits there	2/26/2025 4:24 PM
72	I think 18 is fine as long as they have training to save money.	2/26/2025 3:59 PM
73	yes i agree, you receive a portion at 18 and than the rest at 21, 21 the individual will be more mature and responsible and a legal adult.	2/26/2025 3:55 PM
74	My opinion..no..this may cause bitterness in some..because they may sense a lack of trust on their part..it is rightfully theirs let them have it..	2/26/2025 3:52 PM
75	I would rather part of the money be kept back until an individual was 21. Rarely does an 18 make great choices. T	2/26/2025 3:38 PM
76	maybe	2/26/2025 2:57 PM
77	I believe it should be the choice of the member who's to receive the funds.	2/26/2025 12:46 PM
78	No	2/26/2025 11:53 AM
79	Yes all of it.	2/26/2025 11:38 AM
80	Once we know how much	2/26/2025 11:09 AM
81	They should receive their whole amount that was put on trust for them at the age of 18.	2/26/2025 8:17 AM
82	No	2/26/2025 12:58 AM
83	At 16	2/25/2025 11:03 PM
84	There is no need for to hold funds for other "milestones". Each ACFN member is different and has a different path and we should be setting "milestones" and stressing out members to do things that maybe they don't want to do. Each person has a different idea of the milestones they would like to achieve. A payment should NOT be held over an individual who legally entitled to their annuity payment.	2/25/2025 10:12 PM
85	If they are wise with their money I don't see why not.	2/25/2025 9:46 PM

## 2025 Treaty Annuity Settlement Second Survey

86	Yes, but upon completion of high school	2/25/2025 9:25 PM
87	Yes	2/25/2025 9:07 PM
88	No there adults	2/25/2025 8:03 PM
89	Allowing members to access a portion of their funds at 18 while holding the remainder until they either turn 21 or graduate high school (whichever comes first) may be helpful for some. This approach could provide financial support when they need it while also ensuring they have additional resources available at a later milestone. However, it may not be beneficial for all members, as some might need full access to their funds immediately to use as a down payment on a home, cover startup costs for a business, or support their transition to independent living. Flexibility in distribution could help meet the diverse needs of individuals as they enter adulthood.	2/25/2025 7:16 PM
90	It sounds good, but the acceptable is another matter.	2/25/2025 7:04 PM
91	Given my last response, I think that 18 is still too young. Unless they have children, a career of sorts, or even pursuing post secondary education. At that age, the banks would not approve them for a mortgage, however, they would most likely appreciate this sum once they know where their lives are headed and are in a more stable and predictable position in their lives where they can take advantage of it.	2/25/2025 6:37 PM
92	Possibly depends on the person	2/25/2025 6:27 PM
93	It wouldn't be beneficial to their being	2/25/2025 6:09 PM
94	Of course, it would be ethical not unless a portion is to be put away and given at a later date (has to be more than initial amount given).	2/25/2025 6:07 PM
95	Yes	2/25/2025 6:04 PM
96	Allow them to access it 100%, it is theirs.	2/25/2025 6:00 PM
97	Maybe 18 and then 20? A lot can happen in those years.	2/25/2025 5:54 PM
98	Yes and no I feel like this could be very situational. If there was a single parent with no additional supports raising their child it would be beneficial to that household to have the funds to provide for their child.	2/25/2025 5:50 PM
99	Depending on what the later milestone is, You could do half of the funds at 18 years old and another half at 25 years of age when the brain is fully developed and people are more secure in their future careers things like that	2/25/2025 5:42 PM
100	That could work. Start school. Then start life. Fail at your 1st business. Have Change, to start another one.	2/25/2025 5:29 PM
101	No hand it all over at 18	2/25/2025 5:17 PM
102	No, the annuity is paid every year in full; and this settlement funds is no different.	2/25/2025 4:57 PM
103	21	2/25/2025 4:46 PM
104	yes	2/25/2025 4:13 PM
105	No	2/25/2025 4:08 PM
106	If the age of distribution is 18 then yes. Only a portion at 18 and the rest at 25.	2/25/2025 3:41 PM
107	No, it's their money.	2/25/2025 3:38 PM
108	This would be a smart idea as well.	2/25/2025 3:26 PM
109	Yes, some released at age 18 and more released at age 25. This is once they are likely through post-secondary, have matured a bit more, and may be looking into purchasing a home.	2/25/2025 3:26 PM
110	Half until 20 as it stands now.	2/25/2025 3:09 PM
111	Yes maybe better for younger generations to not waste it	2/25/2025 3:09 PM
112	No I think they should receive it all. Money goes down in value so it would help them most if they get it sooner, then they can invest in ways to help them their self.	2/25/2025 3:06 PM

115	It's their money. Let them decide what they want to do with their money.	2/25/2025 1:59 PM
116	No,	2/25/2025 1:43 PM
117	Difficult to answer when it's unclear what the amount would be or what is considered a later milestone.	2/25/2025 1:31 PM
118	Yes! This gives them some money to help with independence, but ensures there is something there for when they might really need it.	2/25/2025 1:22 PM
119	yes i agree	2/25/2025 1:05 PM
120	Yes	2/25/2025 1:04 PM
121	Yes, I think this would absolutely be beneficial.	2/25/2025 12:50 PM
122	Yes, yes, yes! Most 18 year olds are not financially literate. Would save many kids from just blowing through their money.	2/25/2025 12:43 PM
123	No	2/25/2025 12:42 PM
124	Yes I see value in this	2/25/2025 12:19 PM
125	Potentially. I feel that it is the decision should be made on an individual basis	2/25/2025 12:03 PM
126	Yes but what percentage? age 18 (50%) age 21 the remainder?	2/25/2025 12:03 PM
127	Sure I guess, really up to them though	2/25/2025 12:02 PM
128	I think all the money at either 21 or 25.	2/25/2025 11:54 AM
129	It would.	2/25/2025 11:45 AM
130	that would be good maybe even 21. I realized that by the age 20 i felt more confident about life decisions and 21 would be a good milestone.	2/25/2025 11:44 AM
131	THE WAY THINGS ARE NOWADAYS, HOPEFULLY IN A GOOD WAY. THEYLL MAKE GOOD DECISIONS. BUT TO PREPARE FOR THE FUTURE. FULL PAYMENT	2/25/2025 11:40 AM
132	No they can decide what they want to do with the funds	2/25/2025 11:32 AM
133	No. Because members are responsible and have the knowledge of what best suits them for their money. They have a right to spend it the way they please. By holding the money for a later date, it could potentially be harming members not benefiting.	2/25/2025 11:24 AM
134	No	2/25/2025 11:23 AM
135	Yes that could be an option maybe 25%	2/25/2025 10:35 AM
136	It should be their decision at 18	2/25/2025 10:30 AM
137	Yes, I would agree to that. Up to say 21 yrs. Then full payout.	2/25/2025 10:29 AM
138	No, Once members are 18 they should be able to retrieve their full funds	2/25/2025 10:24 AM
139	Yes	2/25/2025 10:03 AM
140	No	2/25/2025 10:01 AM
141	No	2/25/2025 9:59 AM
142	If the band is so concerned about how people are gonna spend their money, maybe there should be classes how to invest for themselves like Financial literacy. It's up the 18 year old not C&C If 18 yrs old want their payment then stop holding it to grow the Trust and start listening to individuals.	2/25/2025 9:55 AM
143	yes	2/25/2025 9:54 AM
144	All when they turn 18	2/25/2025 9:54 AM

## 2025 Treaty Annuity Settlement Second Survey

145	Yes, but they should be actively enrolled in school or have a job to be able to get the money.	2/25/2025 9:46 AM
146	Well maybe that would be okay a small portion of it would be nice and the rest when they become the age of 21.	2/25/2025 9:39 AM
147	I believe they should receive their entire funds at 18.	2/25/2025 9:35 AM
148	If they were in training for a career	2/25/2025 9:33 AM
149	Yep that would also work	2/25/2025 9:31 AM
150	Yes	2/25/2025 9:23 AM
151	No. It would be helpful to you. But not them. It's not your responsibility to take care of other people's money. The actions the band takes to support its members is appreciated. But that is what the group of companies is for. If you believe you should be keeping people's money, pay your executives less.	2/25/2025 9:22 AM
152	As long as it's enough for them to get by while in school or just starting in the workforce.	2/25/2025 9:21 AM
153	No	2/25/2025 9:21 AM
154	18yrs if they are enrolled in post secondary, 21yrs if they don't go to post secondary.	2/25/2025 9:05 AM
155	No,they should recieve all their monies then and that would be a start in life for them	2/25/2025 9:02 AM
156	No	2/25/2025 8:58 AM
157	There could be other options and scenarios where this is the best option	2/25/2025 8:55 AM
158	No. 18 is the best age. We do not know what is going on with their lives and may need this funding for support services once turned 18.	2/25/2025 8:54 AM
159	Yes I think so. The older a person gets the more they understand about finances and the importance of financial stability.	2/25/2025 8:51 AM
160	I think it should be similar to our other trust with education being part of this.	2/25/2025 8:50 AM
161	Yes give them 80 percent and invest 20	2/25/2025 8:48 AM
162	Access a portion only meeting a set amount of criteria that they can demonstrate.	2/25/2025 8:48 AM
163	No hold until 22 at a min.	2/25/2025 8:47 AM
164	No	2/25/2025 8:43 AM

### Q3 Are there any concerns about providing a full distribution at 18? If so, how can those concerns be addressed?

#	RESPONSES	DATE
1	Teaching our youth financial literacy is important. Teach about economics and business. Empowerment tools to equipped our youth to be successful.	3/13/2025 12:34 AM
2	Not overly. If there are concerns, please see my suggestions for the previous question.	3/11/2025 12:51 PM
3	Yes, as are with any age. However, with proper education and guidance, through financial training, an individual should be equipped to make informed decisions.	3/9/2025 5:10 PM
4	Maturity and future plans of individual may be considered	3/8/2025 8:17 AM
5	No concern treat them like adults & they become adults t	3/7/2025 11:14 PM
6	I don't think the should get it info at that age. They should get it in portions.	3/7/2025 6:13 PM
7	The only concern is how they will manage their funds, smart and responsible or irresponsible.	3/7/2025 3:53 PM
8	The implementation of a mandatory banking/ finance session would assist with the payout and/or access to a financial advisor.	3/7/2025 3:48 PM
9	My concern would be the money that get could be wasted on things that aren't going to help them for their futures.	3/7/2025 8:10 AM
10	Proper education of youth.	3/6/2025 7:38 PM
11	I think it's a good thing that minors wait until they're 18 because the parents shouldn't be responsible for their money	3/6/2025 7:33 PM
12	Explain as I did in regards to graduation as I mentioned in first response	3/6/2025 5:20 PM

28	If anything maybe break it down to a series of equal monthly payments, and If they require a larger sum have it in a written request so they have to put some time and effort into thinking about how they want to spend their money, to deter impulse spending.	3/4/2025 3:46 AM
29	Provide mandatory education about budgeting and financial decision making.	3/3/2025 9:25 AM
30	They are not responsible enough to handle money at that age. Keep it in a trustfund until at least 25 years of age.	3/3/2025 8:21 AM
31	Absolutely. I remember when I was 18 and received a large PCD distribution fund and blew it. I don't have anything to show for that money. Young adults should be encourage to SAVE and invest in their future. Perhaps financial literacy course and an option to hold money in a trust fund.	3/2/2025 7:52 PM
32	I think if the effort was made, and the person has graduated grade 12 they should have access to their funds	3/2/2025 12:24 PM
33	Lack of maturity to make their money work for them, or their needs. They may blow it on wastefulness and then ask the band for help for their needs.	3/1/2025 9:12 PM
34	Most of us were never taught how to handle our finances, i believe that maybe if a seminar or online video was held that teaches our people about "Index ETFs" and other ways to invest in their future, or maybe a personal finance course where once a younger student completes it, they are awarded their full payout. These could potentially have far greater benefits for our people than simply providing a full distribution with little guidance on how to spend it wisely.	3/1/2025 12:41 PM
35	Concern would be for our young people who struggle with addictions having Large sum of money could further enable them leading them further. Young people could easily be taken advantage of by others to lend or give their money away with no way of getting it back. I think young people should take financial literacy/awareness workshop. Present a spending plan. Maybe scheduled dispersements	3/1/2025 11:00 AM
36	No	2/28/2025 8:42 PM
37	I feel graduation high school is a good indicator on where a young persons ming set may be.	2/28/2025 3:39 PM
38	There's always going to be concerns regardless of age	2/28/2025 1:52 AM
39	I think there have been times where those who are in less fortunate life circumstances chose to spend money in unhealthy ways. Education surrounding these issues could be beneficial. Or an investment account could be beneficial as well.	2/27/2025 10:54 PM
40	Spread it out over time.	2/27/2025 9:51 PM
41	give every member their equal share	2/27/2025 9:32 PM
42	Provide Proof of RRSP or some financial investment for long term benefit	2/27/2025 8:38 PM
43	Have he or she take financial literacy or money management course etc.	2/27/2025 8:27 PM
44	My concern is that the young adults receiving a lump sum payment at a young age won't invest the money to support their futures, like they would if they received lump sum of cash at an older or more mature age.	2/27/2025 6:26 PM
45	This is really person dependent. Some people are very savvy when it comes to finances and others are not. Education would be beneficial.	2/27/2025 2:35 PM
46	No concerns. Stop treating the membership like uneducated sheep.	2/27/2025 1:48 PM
47	Who is asking or making up these questions??? Back and forth questions!!	2/27/2025 1:07 PM
48	Provide financial information sessions to them before releasing.	2/27/2025 12:50 PM
49	Do quarterly payments To fresh 18-year-olds and have them submit reports every second quarter to show with funds have been spent even if it's on personal ex personal expenses, etc.	2/27/2025 12:12 PM
50	No concerns	2/27/2025 11:29 AM
51	They should be able to make their own choice as to how they want to spend their money	2/27/2025 10:52 AM
52	I have no concerns. Because of what the settlement is. I think that everyone is entitled to it 100%	2/27/2025 10:31 AM

## 2025 Treaty Annuity Settlement Second Survey

53	As stated above, I have concern that the money will not be used for investment in their life or business. Perhaps education on how the money could be better spent to sustain a healthy life would be better	2/27/2025 9:56 AM
54	N/A	2/27/2025 9:54 AM
55	Yes, family pressure to hand the money over, or lack of financial training. If people had to take 2-3 courses to help with financial literacy before receiving the funds	2/27/2025 9:37 AM
56	As in 2 above - provide resources on teaching young adults how to invest -	2/27/2025 8:32 AM
57	Financial education	2/26/2025 11:09 PM
58	Yes, like I mentioned provide financial literacy, at 18 getting a large lump sum of money can be positive or negative, if they are educated on how to use the funds (investing, school, a business, etc) how it can improve their lives not take away from it	2/26/2025 10:15 PM
59	Most kids at 18 have no financial education in how to manage their money. And brains are not fully developed until 25 years old. So most will just blow it all on stupid shit.	2/26/2025 8:55 PM
60	Hopefully the 18 year old is mature enough to be responsible for the funds.	2/26/2025 7:29 PM
61	I do not think there is. As long as there is some literature and money management available to those in need.	2/26/2025 7:14 PM
62	Nope	2/26/2025 6:41 PM
63	.	2/26/2025 6:09 PM
64	I don't think an 18-year-old is responsible enough to handle a bulk sum of money. Maybe a couple of thousand dollars with The rest held trust until they complete a money management course.	2/26/2025 5:05 PM
65	I feel as if providing the full distribution to those who are under 18 would be irresponsible simply because some don't have the fiscal responsibility to be able to use the money wisely.	2/26/2025 4:45 PM
66	Nope	2/26/2025 4:24 PM
67	I would say that members should be financially trained before they receive any funds.	2/26/2025 3:59 PM
68	i do agree some youth can be irresponsible, which is why i believe ACFN should have mandatory money management courses before they receive their big monies. this way they can get an idea how to save, invest, or spend responsibly.	2/26/2025 3:55 PM
69	Everyone learns a lesson at some point in life..let them live and learn..in all aspects of life..	2/26/2025 3:52 PM
70	That they 'blow it'. Can it be tied to education requirements?	2/26/2025 3:38 PM
71	Money management/investment courses would be beneficial.	2/26/2025 12:46 PM
72	No	2/26/2025 11:53 AM
73	No	2/26/2025 11:38 AM
74	18 is a good time	2/26/2025 11:09 AM
75	No, it us up to the beneficiary to responsible for their money at that time.	2/26/2025 8:17 AM
76	No concerns	2/26/2025 12:58 AM
77	My kids get there money in there accounts so they will get more if it's done right at the age of 18	2/25/2025 11:03 PM
78	No concerns. I think regardless of age people will spend their money how they see fit, 18 or 55.	2/25/2025 10:12 PM
79	No comment	2/25/2025 9:46 PM
80	Yes, hold it until they finish high school or reach 23 years old	2/25/2025 9:25 PM
81	If it was fully released maybe provide financial counselling/investment teaching etc prior to release	2/25/2025 9:07 PM

82	No there adults if that are smart they can invest or pay for school or pay bills or down payment on home themselves there adults	2/25/2025 8:03 PM
83	No.	2/25/2025 7:16 PM
84	What the person decides to do with the money is up to them.	2/25/2025 7:04 PM
85	I think there should be a proposal for 18 year old's if they want it before turning 19-21 that would be approved by a committee. This committee would evaluate the risk and responsibilities of the minor. Some of these would be tied to education, work, and other initiatives. It would have to be on a case by case basis. It's possible this approach would not fit for some individuals due to social determinants. Again, this may appear to be very paternalistic. In the long run, if we look at the data of how long it takes for the human brain to fully mature, men 25-30 years old, and women 21-22. These statistics should be considered because the brain is not fully developed until at least 21 for women and 25 for men. This is why I suggest 21 years old. At this point, the individual is fully capable of appreciating their decisions in life and understand the consequences of their decisions.	2/25/2025 6:37 PM
86	There is obviously a concern, but people are different some want to buy a house some want to travel.	2/25/2025 6:27 PM
87	No	2/25/2025 6:09 PM
88	There should be none unless prejudice is a priority in decision making.	2/25/2025 6:07 PM
89	Only give a percentage of the money at 18	2/25/2025 6:04 PM
90	None.	2/25/2025 6:00 PM
91	Providing youth with mandatory financial literacy classes would be a good idea	2/25/2025 5:54 PM
92	Feel like this is also situational it really depends on the individual and their own life and circumstances.	2/25/2025 5:50 PM
93	There are concerns about full distribution at 18 because when children turn 18 they're usually partying experimenting spending money and by doing the funds at a team this could potentially make children be more inclined to spend their money in ways that they wouldn't spend their money if they are over 25	2/25/2025 5:42 PM
94	Nope, it's there money.	2/25/2025 5:29 PM
95	No	2/25/2025 5:17 PM
96	I think this should encourage graduation, as it has in the past. Rather than just being 18 it should be when you graduate high school or turn 21. I feel 18 is too young to understand investing and saving but this depends on the amount - \$10k is much different than \$30k+	2/25/2025 5:03 PM
97	No, it is a members entitlement and should receive 100% of the payment settlement funds in full.	2/25/2025 4:57 PM
98	I don't think 18 year olds would be responsible with a large amount of money. I wouldn't want them partying or doing drugs with it. Should be for school, a car, a house. Responsible spending should be taught to our youths.	2/25/2025 4:46 PM
99	I think 20 would be best given that monies are given from cows and plows at 18 to better be able to handle the large sums of money.	2/25/2025 4:13 PM
100	No and not applicable	2/25/2025 4:08 PM
101	My concern would be emotional and financial maturity. Maybe we could have them complete a financial literacy course prior to the release of funds.	2/25/2025 3:41 PM
102	No concerns. Even people older make good and bad decisions with finances.	2/25/2025 3:38 PM
103	Yes -- some 18 year olds may still be living at home and be pressured by their family members to "help them out" by giving money. Others know that 18 year olds may not have as many financial responsibilities and may pressure them to "share the wealth" but really take advantage of an 18 year old. I think concerns should be addressed by providing financial management workshops around budgeting, investments, TFSAs, etc. so that people understand what their options are.	2/25/2025 3:26 PM

## 2025 Treaty Annuity Settlement Second Survey

104	Would be good to have guidance on how to invest money. Maybe create an ACFN financial planning enterprise.	2/25/2025 3:09 PM
105	Some will use it very unwise , but unfair to assume the majority will not use it "properly"	2/25/2025 3:09 PM
106	No. I believe they are old enough and their parents can help them in that decision on their own, that's what parents are for.	2/25/2025 3:06 PM
107	Gov't gave it to them, not for c&c to decide	2/25/2025 2:53 PM
108	21 would be better.	2/25/2025 2:32 PM
109	The only concern is to put them through a financial literacy class. Learn about investments, bonds, stocks, depreciation of vehicles and how to invest their money if they choose to do so.	2/25/2025 1:59 PM
110	I think if the band did the same thing as with the cows and plows where if the member was under 18 they would need to complete highschool with proof to access the funds for atleast some assurance of responsibility.	2/25/2025 1:43 PM
111	Lack of financial management and investment knowledge.	2/25/2025 1:31 PM
112	Not knowing how to budget, risks associated where there is mental health and/or substance use challenges, nothing for when they really need it. Financial management/investment training Partial payments over a period of time rather than all at once Support for reinvesting Option to keep it in trust Partial lump sum payment with the option to receive more for specific reasons (large purchase, education, etc.)	2/25/2025 1:22 PM
113	lack of knowledge on money management	2/25/2025 1:05 PM
114	At the age of 18 money lessons are not learned. With a large sum I feel they need to know the responsibility.	2/25/2025 12:50 PM
115	What happens to the money. Most kids have never had access to large sums of money and may be tempted to make rash decisions, splurge, party, etc. May consider smaller sums distributed across various milestones. Or a sum of money gets put into a child's first time home buyer account, rrsp, etc. so that money can be used for something and they will need someday	2/25/2025 12:43 PM
116	I would trust the parents.	2/25/2025 12:42 PM
117	That they aren't properly prepared to have enough financial knowledge	2/25/2025 12:19 PM
118	The money could be spent quickly but that would not be the concern to the band	2/25/2025 12:03 PM
119	I don't live in Ft. Chip. What is the drug problem among the young generations?	2/25/2025 12:03 PM
120	I don't think so	2/25/2025 12:02 PM
121	Freshly an adult, not experiencing life yet. 18 year old gets a good chunk of money and just splurges on unnecessary stuff.	2/25/2025 11:54 AM
122	I have none.	2/25/2025 11:45 AM
123	I have no concerns.	2/25/2025 11:44 AM
124	NONE	2/25/2025 11:40 AM
125	They can give them some financial advise eg investment etc	2/25/2025 11:32 AM
126	No.	2/25/2025 11:24 AM
127	No	2/25/2025 11:23 AM
128	Yes a lot of 18 year olds are not mature enough to make wise financial decisions.	2/25/2025 10:35 AM
129	Provide a session on money management and guidance of what they can do with their money	2/25/2025 10:30 AM
130	Only that the 18 yr Olds might spend a bit on things they don't need. Having said that, I don't know them and maybe they need more credit to how they choose to spend. Provide financial literacy programs. Online and in person.	2/25/2025 10:29 AM
131	The only problem would be lack of financial literacy for some people. So maybe a course on money management would benefit the younger demographic	2/25/2025 10:24 AM

132	Immature unwise decisions	2/25/2025 10:03 AM
133	No concerns. Educate young adults on saving money	2/25/2025 10:01 AM
134	If C&C is so concerned about giving payments out then start helping band members with financial classes so they can make a better choice.	2/25/2025 9:55 AM
135	Yes there are concerns about releasing all at 18.	2/25/2025 9:54 AM
136	I said them above	2/25/2025 9:46 AM
137	Yes there are concerns at the age of 18 the members don't know exactly what they want at that time so it's not a very good idea to give them their settlement at age 18 I think they should wait until they're at the age of 21 because they will have a good path and they would know what they want at that time..	2/25/2025 9:39 AM
138	Financial training; offer investment training so their money goes further in the long run. You could even offer them the option to have their funds held as a form of financial investment for their future selves.	2/25/2025 9:35 AM
139	A larger portion at age 25	2/25/2025 9:33 AM
140	A financial literacy course	2/25/2025 9:31 AM
141	Yes, I think 18 is still too early. It will likely all be spent on silly things. I think sitting down with a financial advisor and game planning their funds before they receive it would benefit. Without a plan of where it's gonna go, it will be spent	2/25/2025 9:23 AM
142	Drug and alcohol abuse happen. It happens to everyone from all walks of the planet. Have you been educating our youth on the dangers of drugs and offering help for those in unfortunate circumstances? I think you have. Once someone is 18, that's when the crash course on responsibility begins. It's sink or swim for everyone and your never gonna learn to swim with someone telling you your too irresponsible to manage money that belongs to you.	2/25/2025 9:22 AM
143	Some youth don't have access to money management programs and little to no understanding of how to use money properly and invest effectively. This could cause the youth to use all the money at once and not have any left over for priorities and necessities.	2/25/2025 9:21 AM
144	Give them the money	2/25/2025 9:21 AM
145	Depending on the amount of money that is being held in trust, I believe 18 is young to have a large amount of money at your disposal, I believe if the 18yr old is going to attend post secondary, they will be more responsible and value the money more.	2/25/2025 9:05 AM
146	No concern from me,give full payout,they have waited long enough,why do you need to wait longer...maybe you plan on using their money...	2/25/2025 9:02 AM
147	No other concerns, you're an adult if you choose to lose all your funds that's their issue	2/25/2025 8:58 AM
148	The current distribution policy of an 18 year old needing to have completed high school to access these funds otherwise wait until 21 is a great way to have it set up	2/25/2025 8:55 AM
149	No.	2/25/2025 8:54 AM
150	Yes I think so, I think this concern could be addressed by providing financial education if giving a full distribution.	2/25/2025 8:51 AM
151	That they use it wisely	2/25/2025 8:48 AM
152	Too young, at least give it a couple years.	2/25/2025 8:48 AM
153	This shouldn't happen.	2/25/2025 8:47 AM
154	With financial guidance from parents and family members.	2/25/2025 8:43 AM
155	Get Members who are about to turn 18 to write a letter or have some kind of financial plan in place for the money before the money is released,	2/25/2025 8:42 AM

## Q4 How can financial support be designed to help members feel secure and empowered in their personal and family goals?

#	RESPONSES	DATE
1	Financial literacy training.	3/13/2025 12:34 AM
2	When we ask for assistance in attaining certifications for jobs (even if we don't have the jobs yet) it would be a HUGE HELP if we would be awarded the funding for said certifications. Providing income support for members who are unemployed and struggling to get by.	3/11/2025 12:51 PM
3	Distribute each members portion to the individual member and quit the paternalistic mentality that all the indigenous leaders blame governments are doing.. Lawyers, Consultants and fund managers come away with the lion share from trusts.	3/11/2025 6:59 AM
4	I'm not sure, I'm not a finance expert. But providing support over time allows for long term financial security	3/9/2025 5:10 PM
5	Over time payments may be beneficial for most but some may be looking to start a business or buy a home in which case would need to be paid out in lump sum	3/8/2025 8:17 AM
6	To make their own decisions	3/7/2025 11:14 PM
7	Not sure Sounds like a good idea, but I don't know what would be good to invest in No	3/7/2025 6:13 PM
8	Maybe if a portion were divided up into certain birthday milestones.	3/7/2025 3:53 PM
9	This process needs to be monitored for equitable distribution of these funds if this is the way they will be distributed.	3/7/2025 3:48 PM
10	Periodically distributed to help members purchase needed equipment or supplies or used to spend quality time together building memories.	3/7/2025 8:10 AM
11	Transparency.	3/6/2025 7:38 PM
12	Learning how to invest if they choose to do, Learning financial responsibility, Reminding the nation that this money Can be life-changing if used properly	3/6/2025 7:33 PM
13	Programs and workshops provided which I am sure the government would help either subsidise or fund	3/6/2025 5:20 PM
14	Knowing that there will be support in the future	3/6/2025 5:10 PM
15	I don't know	3/6/2025 4:44 PM
16	more initiatives to support young families	3/6/2025 4:20 PM
17	Help with necessities	3/6/2025 4:01 PM
18	Education and Employment help	3/6/2025 3:14 PM
19	The home buyer program and the home renovation programs are wonderful as well as the academic support already in place	3/6/2025 3:12 PM
20	Single parents raising family or elderly, handicapped, addictions.	3/6/2025 8:43 AM
21	I live off reserve and in a city where rent is very high. I would like to buy a house. A one large, lump sum payment would put me in a place where I could do that. I appreciate the financial support over time but a large lump sum would also help over time because I would own my own home.	3/6/2025 7:35 AM
22	having g tools to work for	3/5/2025 2:22 PM
23	Giving meaningful workshops in financial management	3/5/2025 1:18 PM

24	Would be better to get a bigger lump sum. Lower amount of money people just spend on things that can't improve there quality of life such as houses and cars or invest	3/5/2025 11:49 AM
25	i dont want a portion of the settlement going into trust	3/4/2025 1:57 PM
26	Creating emergency assistance for members that live off-Rez	3/4/2025 12:55 PM
27	Financial support helps all members especially those struggling	3/4/2025 11:19 AM
28	I'm not to sure or how to answer that question	3/4/2025 9:23 AM
29	Financial support and educational support for students struggling with living expenses while studying	3/4/2025 3:46 AM
30	No idea	3/3/2025 9:25 AM
31	Life is so expensive and this money could help me with rent, bills, and maybe investing for my future.	3/3/2025 8:21 AM
32	Direct financial support over time would ensure longevity and investing in the future. Many people have no financial literacy and need this type of support.	3/2/2025 7:52 PM
33	The stability to fall back on.	3/2/2025 12:24 PM
34	If it is well regulated it can help over come barriers. Don't just give it to your cousin or because chief and council want to look good for re election. Support real barriers.	3/1/2025 9:12 PM
35	Additional focus on family holidays and the winter season when work is slow for a lot of our people. We could have times where grocery store gift cards and things of the like are distributed. Perhaps even creating contests with prizes that require community involvement.	3/1/2025 12:41 PM
36	With transparency and equity for all members.	3/1/2025 11:00 AM
37	By releasing full amount and letting us decide where and how we would like to save it	2/28/2025 8:42 PM
38	Living expenses in lieu of rising costs of living. Eliminating homelessness and poverty. Funding for the arts and trades industries to be taken as serious employment and training versus oil industry.	2/28/2025 6:10 PM
39	For myself knowing that funds come in summer and before christmas works great. Helps cover cost of holidays.	2/28/2025 3:39 PM
40	Initiatives and incentives for growing busking their money through the band investment opportunities so we can choose if we want to do that with our money	2/28/2025 12:19 PM
41	More programs help the members with employment encourage them whatever they may bring to your attention	2/28/2025 1:52 AM
42	Regular consistent installments with a clear start/end date could relieve financial stress. Or an investment account that builds interest for long term goals may also prove to be beneficial.	2/27/2025 10:54 PM

77	This annuity settlement payment is financial support to members if they can have access to the full amount. My bills and financial needs are different from every other ACFN member! I want this money so I can invest in the way I see fit, I want this money to empower myself to pay off my debts, and invest in my future. When I have children, they WILL NOT be ACFN. I want to invest for my future, my children!	2/25/2025 10:12 PM

78	If I get all of my share of the annuity settlement it would benefit me with getting the financial support that I need such as education, buying a home etc.	2/25/2025 9:46 PM
79	Don't put it in trust	2/25/2025 9:25 PM
80	Well for myself right now I am drowning in bills and trying to provide for my family and physically and mentally exhausted and feeling hopeless at the moment. Knowing I could access some assistance to get on my feet again would take a huge load off my shoulders	2/25/2025 9:07 PM
81	Full pay out is best for families	2/25/2025 8:03 PM
82	Financial support can be designed to help individuals feel secure and empowered by ensuring they receive a monthly living allowance of at least \$2,050 per person, which represents the mid-range cost of living in Alberta. This allowance would cover essential expenses like housing, food, and transportation, providing stability and reducing financial stress. By directly aligning support with real living costs, individuals and families can make independent choices that best suit their personal and family goals, fostering long-term financial security and personal growth.	2/25/2025 7:16 PM
83	Health Care for the seniors. Emotional support for people with disabilities, addiction, depression.	2/25/2025 7:04 PM
84	The first thing that comes to mind is housing security, on and off reserve. With the way prices and the system is set up, many will have trouble securing affordable housing. Something like this could be remedied by having our nation set up a mortgage trust with the money, in this scenario our nation would secure the mortgage with the funds and the member would be responsible for paying the mortgage. Ultimately, our nation would be on title until it is paid off. There are grey areas with this idea, but I do think housing is a major area of instability for many with owning, or potentially owning their own place a barrier. This would also incentivize responsibility on many fronts for our members to hold their employment and drive them to succeed with education at an early age. It would also encourage parents as well. This would also benefit elders who live outside Fort Chip. Another thought that comes to mind is the current housing in Fort Chip, many people are looking to relocate there but what if our band offered the opportunity to own the place they rent? Could the funds be allocated for this purpose? Could something like this incentivize responsibility, and is it even possible? I know other nations have 100 year leases set up in this way, where it would transfer to next of kin. This would also allow more funding to be used in other areas such as social programs and education, while at the same time initiating a sense of responsibility of the member wishing to go through with something like this. That being said, I know that our nation offers the home ownership program with funds available towards the down payment. Although this may be true, many will have trouble because they choose to stay in Fort Chip or Fort Smith where home ownership is not realistic. The price of condominiums in Fort Mac are relatively affordable even though there are maintenance fees related to these properties. This would be a good option for elders and others who struggle to maintain a western lifestyle or who cannot work. Our band could technically act as the landlord in these cases, and once the property is paid off, be transferred to the member. There are concerns with this option, such as defaults and such, but I do think there is a way to provide better equity to our members. Members who are paying rent and contributing to someone else's mortgage and equity without ever getting it back. There are many ways this could work, even outside Fort Mac. If someone were to default on payments our band could rent it out or sell the property. Arguably, property values are only going up in the long term. For some members a lump sum is favorable, and for others, support over time. I think it really depends on their individual circumstances. For example, elders may not feel that money over time will benefit them because they may want to experience or purchase something they have never been able to get. On the other hand, other members may want to get transportation, or something else lifechanging.	2/25/2025 6:37 PM
85	By giving the people what they are owed I think we've all been through enough to have a chance to smile for once.	2/25/2025 6:27 PM

90	I like receiving PCD's. maybe getting one seasonally instead of 2x a year?	2/25/2025 5:54 PM
91	I am a single parent who works full time and has zero help from family or child support coming in it would be a huge help to have some sort of child based program set up for members who need that extra help whether it be supports in place to help members receive child support or something lined up to help monthly	2/25/2025 5:50 PM
92	By supporting family through any medical concerns, housing concerns on an off reserve any holiday extra financial support is always good Helping supporting students were moving away from their homes or the reserve to go to school and get a higher education elsewhere	2/25/2025 5:42 PM
93	Help with some extra health care like braces. My health benefits don't cover it for my kids.	2/25/2025 5:29 PM
94	I don't agree with only being direct financial support but if supposed it does give members additional support throughout the years	2/25/2025 5:03 PM
95	No, the settlement should not be placed in a trust at all, and must be paid out 100% to each member. The existing trust is limited and members can decide how to spend it themselves.	2/25/2025 4:57 PM
96	I have three kids. It would sure help me take care of my kids and household.	2/25/2025 4:46 PM
97	Food support- Gift cards or money for food security inivatives Physical health supports - gym memberships or sports funding technology support- upgrading wifi	2/25/2025 4:13 PM
98	I like it how it is	2/25/2025 4:08 PM
99	Financial literacy programs. Individual financial consultation. How to invest. How to build an emergency fund.	2/25/2025 3:41 PM
100	I don't not like financial support to members who take advantage of the program. There are other members who do not utilize ACFN for support and portions of their distribution is given to other members who continue to use the band for money.	2/25/2025 3:26 PM
101	Educational workshops and written materials explaining processes. A more equitable process.	2/25/2025 3:09 PM
102	Elders top priority	2/25/2025 2:53 PM
103	Give each member their OWN choice.	2/25/2025 2:32 PM
104	Give them the full payment.	2/25/2025 1:59 PM
105	revert the 3000 per year per member policy on helping members, I feel like that should have been put to a vote when the money used was money already kept from us.	2/25/2025 1:43 PM
106	Regular PCD's, a clearly defined set of terms of what can be supported and to how much annually per member/household (ie emergency funds for support rent, utilities, car repairs and medical expenses, bereavement, education and training opportunities like conferences or workshops not covered under standard education and training, etc).	2/25/2025 1:31 PM
107	Expanding existing programs, rental and childcare subsidies, grants to support basic needs, recreation grant for youth and families, expanding Elders supplement, youth training programs for on and off-reserve, investment planning workshops, doing more of all the amazing things ACFN is already doing!	2/25/2025 1:22 PM
108	Help with groceries, and or bills.	2/25/2025 1:04 PM
109	In this economy any form of financial support would be beneficial to members with family. Goals to help pay for mortgages, rent, vehicle payments, food etc.	2/25/2025 12:50 PM
110	Having money set into a members first time home buyers account or education fund or rrsp. Knowing money is there for big financial milestones and setting everyone up for a secure future	2/25/2025 12:43 PM
111	At what point does the buck stops? In terms of being accountable, are the members given training verses paying all the bills for them? Go to school, job readiness. Etc	2/25/2025 12:42 PM
112	Help with financial planning	2/25/2025 12:19 PM
113	I feel as tho the band could help with a distribution more often as life is not getting any cheaper.	2/25/2025 12:03 PM
114	Being an Elder I should get the full amount.	2/25/2025 12:03 PM

115	Yes	2/25/2025 12:02 PM
116	Personally it would help my family buy a home vs renting. I'm sure lots of people are in the same situation with the cost of rent now days.	2/25/2025 11:54 AM
117	Less worry over the years as you don't have to scramble if a financial issue pops up out of no where.	2/25/2025 11:45 AM
118	It would help tremendously financially. Inflation is getting worse and having some extra support is always great.	2/25/2025 11:44 AM
119	MORE AND FULL SUPPORT FRM CNC FOR OFF RESERVE MEMBERS.	2/25/2025 11:40 AM
120	Lump sum payment, housing, food, and income support.	2/25/2025 11:24 AM
121	Helpful advice, hear different options.	2/25/2025 11:23 AM
122	Needs to be equal for both on and off reserve members have different funds set up for sports, housing, emergency health etc	2/25/2025 10:35 AM
123	Providing home owning information sessions and help qualified members with a home down payment (bank approved qualification)	2/25/2025 10:30 AM
124	Personally, getting ALL of the money helps me to invest in my future by investing where I want to.	2/25/2025 10:29 AM
125	I personally believe this whole payment should go to the members as it was stated in the treaty. The band already has enough money in the trust.	2/25/2025 10:24 AM
126	More distributions	2/25/2025 10:01 AM
127	The cost of living is through the roof right now. Even with two incomes it's hard to make ends meet.	2/25/2025 9:59 AM
128	Being able to invest it on your own, you have More control and feel empowered over your own money. Holding it in trust only gives crumbs to its members. Doesn't help with the cost of living.	2/25/2025 9:55 AM
129	I never said direct support over time! I said 95% payout and 5% in trust.	2/25/2025 9:54 AM
130	Full amount	2/25/2025 9:54 AM
131	It can definitely help with a lot of people's debt. Especially single parents families.	2/25/2025 9:46 AM
132	I don't know..	2/25/2025 9:39 AM
133	Emergency rent fund. More money towards investing in buying homes. Higher yields during our regular annuity payments.	2/25/2025 9:35 AM
134	Budgeting workshop Career selection in high school, decision making	2/25/2025 9:33 AM
135	Goals set by those Individuals.	2/25/2025 9:31 AM
136	Have a plan in place (with help of a professional) for finances that are in alignment with these goals. When money is recieved it will have a place to go that is in alignment eitu what they really want	2/25/2025 9:23 AM
137	I did not say a portion should go into a trust. Your first survey had questions with pre mediated and unfair answer choices. Is acden profitable? Are managers over paid? Are they doing a good job? That's money for the band to manage and place into trusts. Not money that belongs to members	2/25/2025 9:22 AM
138	Provided every band member has had money management course, if you were to split payments up for financial support have them set up for quarterly payments during peak money needed dates ie: christmas, summer, spring break, and thanksgiving. This will provide a bit of a safety net for groceries, gas, gifts, and housing during the most traveled and costly times of the year.	2/25/2025 9:21 AM
139	I want all my money nothing in a trust	2/25/2025 9:21 AM
140	I don't agree with the money being held in trust.	2/25/2025 9:05 AM

## 2025 Treaty Annuity Settlement Second Survey

141	Speaking for myself,at my age,74 yrs,receiving my pcd helps me 2x a yr.Its a struggle sometimes but I manage with bills,apt,food ,cabs and I usually borrow money from cash stores and pay back..I could use my money if given to me...I did not know the band could purchase a house condo for us as long as we had cash in the bank,I always rented,unknowing to this..it's too late for me to be home owner but better communication for other people to know all this info,be more open as to what aid you can provide for the future generations..	2/25/2025 9:02 AM
142	Bigger payouts, 1600 dollars once a year doesn't make much difference when you have a mortgage.	2/25/2025 8:58 AM
143	The current financial support offered is great in my opinion but what is available should be advertised to members more often along with application assistance and a more hands on approach to let members know completely what is available for them	2/25/2025 8:55 AM
144	Financial support for those struggling making ends meet, those struggling with housing and grocery costs. A monthly sum to those struggling.	2/25/2025 8:54 AM
145	It can help families with the rising cost of living. It would allow members to provide different opportunities for their families.	2/25/2025 8:51 AM
146	To help with skyrocket utility bills	2/25/2025 8:48 AM
147	Increasing PCD during holidays? Easier access to housing and housing repair grants.	2/25/2025 8:48 AM
148	Give them their money if want to empower them.	2/25/2025 8:47 AM
149	Perhaps financial guides from the Nation.	2/25/2025 8:43 AM
150	More money for the Housing incentive would be very much appreciated for people who are trying to start their new families	2/25/2025 8:42 AM

76	Maybe here stories of what people did with there portion of the funds	2/25/2025 11:03 PM
77	If ACFN C&C are so worried about how members are going to spend their annuity payment, make it a requirement to complete a financial literacy course to receive their money. Show us what we can do with our money. Who and how we can invest it for ourselves!	2/25/2025 10:12 PM
78	If a member was to get all of their share of the settlement he/she would be able to use that for their own personal financial gain.	2/25/2025 9:46 PM
79	Easier access to education funding.	2/25/2025 9:07 PM
80	Full pay out they can decide what they want to do with pay out and put away for themselves	2/25/2025 8:03 PM
81	A monthly living allowance.	2/25/2025 7:16 PM
82	Each member should have a an investment cut in the bands financial investment.	2/25/2025 7:04 PM

83	Renting a home owned by our band with the option for it to be transferred to them upon completing the mortgage payments.	2/25/2025 6:37 PM
84	Maybe schooling? Trades post secondary etc	2/25/2025 6:27 PM
85	A basic income and support for education or trade school starting when child leaves school to age of 21	2/25/2025 6:09 PM
86	Dividends	2/25/2025 6:07 PM
87	Courses on money management	2/25/2025 6:04 PM
88	Only for members in the community, and not spent on members outside of Chip/FMM	2/25/2025 6:00 PM
89	Making all members under a certain age take a financial literacy course? I like the home ownership program but having the credit to qualify for a mortgage is another thing. How can ACFNs help with this?	2/25/2025 5:54 PM
90	For me something that would allow for help raising my child especially with how the cost of living is	2/25/2025 5:50 PM
91	In my opinion, as of right now, my financial initiative would be having the funds fully as I am in the process of building my career and I want to be able to expand that further without having to worry about working full-time and being financial secure with housing meals, car payments, things like that	2/25/2025 5:42 PM
92	Health care.	2/25/2025 5:29 PM
93	Education, mental wellness, addiction recovery, member health care, elder care	2/25/2025 5:03 PM
94	None, this is an annuity payment and do you take 50% or a portion out now? No you don't and each member received in full their annuity payment and should be the same for this settlement and not be put in a trust fund.	2/25/2025 4:57 PM
95	Budgeting and responsible spending	2/25/2025 4:46 PM
96	Land camps for urban members food harvesting programs investment education programs	2/25/2025 4:13 PM
97	More business help. Self employment is kinda an aboriginal thing right? Living off the land. We should support acfn members buisnesses and obviously education help. Making sure every member who wants to educate themselves should be able to, regardless of money to enroll. We're already less bureaucratic than other races especially the whites lol. We need all the training as we can get to keep up with the whites.	2/25/2025 4:08 PM
98	Financial literacy programs. Debt management and consolidation programs. Financial guidance (investments, RRSP's). Matched savings accounts.	2/25/2025 3:41 PM
99	During agriculture distribution in 2017. Acfn gave 20 percent to members and 80 percent to the trust fund. Acfn was able to gain from that. I think this time give the members 80 percent of the distribution so we can personally gain and invest in ourselves	2/25/2025 3:26 PM
100	Programs to help off-reserve members be able to come back home to Chip.	2/25/2025 3:26 PM
101	Financial literacy training. ACFN financial planning enterprise.	2/25/2025 3:09 PM
102	Elders need help more	2/25/2025 2:53 PM
103	95% payout 5% to funds	2/25/2025 2:32 PM
104	Stated in question 3	2/25/2025 1:59 PM
105	I like the home buyers and home improvement grants, as well as the business grants. I think maybe adding something to support people to get their kids into sports and recreation.	2/25/2025 1:31 PM
106	Same as above	2/25/2025 1:22 PM
107	Financial programs for families who are struggling, programs for active families within the community and located outside of the community would also be beneficial.	2/25/2025 12:50 PM
108	Courses on how to invest and save, access to free or low cost financial advisors	2/25/2025 12:43 PM
109	Trust, where leadership of the day cannot use funds for financial shortfalls.	2/25/2025 12:42 PM

110	Housing, potential help in housing for urban members	2/25/2025 12:19 PM
111	Childcare coverage, monthly food allowances would go a long ways in helping family's stay afloat in this economy.	2/25/2025 12:03 PM
112	None.	2/25/2025 12:03 PM
113	Money management?	2/25/2025 12:02 PM
114	Housing initiatives. With the cost of rent now days , no one can afford to own a home.	2/25/2025 11:54 AM
115	Access to knowledge about the goings on within the FN as well as general knowledge that could be important for a FN member. A website is a good start with ACFN, however a proper knowledge base similar to how the CKK is setup would be beneficial.	2/25/2025 11:45 AM
116	Low income, students would be great initiatives.	2/25/2025 11:44 AM
117	MORE TRAINING OR AFTER SCHOOL PROGRAMS. OUT DOOR PROGRAMS FOR THE YOUTH.	2/25/2025 11:40 AM
118	Lump sum payment. It would provide members their right and choice of how to spend their own money.	2/25/2025 11:24 AM
119	Helping members that want to work get into trades, help financially with fees and just supporting them along the way.	2/25/2025 11:23 AM
120	Sports, music, health, housing	2/25/2025 10:35 AM
121	One on one money managing sessions where the members understand the information and can ask questions	2/25/2025 10:30 AM
122	I think for the younger people, education programs would help. For older people, say 30 and above, they would benefit by possibly a monthly cheque to help with bills. But again, for me, I want All of the money so I can invest my own way.	2/25/2025 10:29 AM
123	The most meaningful impacts would be giving the members their payment and not hoarding it in the trust where it only benefits a small amount of people. Sure we get our pcd But it seems like it's doing poor every year due to bad investment management.	2/25/2025 10:24 AM
124	Finance budgeting, investing, long term goals	2/25/2025 10:03 AM

127	Giving members their full distribution payment would be a very helpful first step. And stop dictating how to use it.	2/25/2025 9:55 AM
128	Direct financial support. Small crumbs of help over time isn't all that beneficial.	2/25/2025 9:54 AM
129	Full amount distribution	2/25/2025 9:54 AM
130	I think anything that involves an entertaining hobby, anything positive.	2/25/2025 9:46 AM
131	Well I think they should be training courses on how to manage money goals.	2/25/2025 9:39 AM
132	Investment portfolio training; financial literacy in general.	2/25/2025 9:35 AM
133	Budgeting, help with career goals, goal setting	2/25/2025 9:33 AM
134	Helping them to gain meaningful employment if possible	2/25/2025 9:31 AM
135	Varys from family to family	2/25/2025 9:31 AM
136	Financial literacy programs, learning about economics. Dream building, figure out how they want to live so that they're excited about implementing action plans that take them that direction, which includes stewarding resources well	2/25/2025 9:23 AM
137	Having full transparency on the detailed finances of the group of companies would benefit the members most significantly financially.	2/25/2025 9:22 AM
138	Firstly everyone should be encouraged to do a money management course on how to budget effectively without feeling pressured to impulse buy. Second should be an investment course	2/25/2025 9:21 AM

139	I don't agree with the money being held in trust.	2/25/2025 9:05 AM
140	Money management, financial management, money and work go hand and hand, get a good trade, or schooling, get a good job later, equals good pay... nothing is free.. work for it... I've worked all my life I've paid for everything I own, I struggled at times.. but I'm still here.. I pushed myself hard to get my life in order.. drugs and alcohol programs could benefit everyone, we are always lost to that... I overcame that burden too on my own.. now it does not weigh me down anymore..	2/25/2025 9:02 AM
141	Home improvement grants.	2/25/2025 8:58 AM
142	More support for urban members and potentially a separate trust for urban members as we are currently paid about 80% of our benefits into and a lot of us have not received any financial help or stability from the current way it is set up rather than our bi annual pcd	2/25/2025 8:55 AM
143	Monthly support program for those with special needs, low income, or come on hard times in their family.	2/25/2025 8:54 AM
144	I would like to see more cultural programs for members outside of Fort Chipewyan to help connect members.	2/25/2025 8:51 AM
145	Not sure	2/25/2025 8:48 AM
146	Financial literacy for youth	2/25/2025 8:48 AM

30	With the fluctuating economy and ever rising cost of living, maybe some resources on investing in short term, high return options, budgeting and fiscal responsibility workshops would be helpful	3/4/2025 3:46 AM
31	Absolutely. Should be mandatory in schools.	3/3/2025 9:25 AM
32	I think money managing programs are a great idea especially for the younger adults (18 years).	3/3/2025 8:21 AM
33	Yes yes yes	3/2/2025 7:52 PM
34	See above answer	3/2/2025 12:24 PM
35	Yes, help us learn to invest our own money to help it grow	3/1/2025 9:12 PM
36	Absolutely, full-heartedly agree. Perhaps creating incentives for our people such as matching a percentage of investments in portfolios of a financial advisor's choice. I believe this may increase the amount of people who will attend these workshops, as well as the likelihood they will actively participate in investment portfolios. And once again, family hedge funding in low risk investment portfolios.	3/1/2025 12:41 PM
37	Absolutely yes. I also think other programs like life skills, good health, addictions awareness, career planning ...	3/1/2025 11:00 AM
38	No	2/28/2025 8:42 PM
39	Yes. As well as investments and savings.	2/28/2025 6:10 PM

41	Yes	2/28/2025 12:19 PM
42	Yes	2/28/2025 1:52 AM
43	I think it could, but it depends if it is made mandatory. Classes on investing may prove to be more enticing and worthwhile for long term goal planning.	2/27/2025 10:54 PM
44	Yes very much so. We should see if there's a member who is specialized in accounting and set up meetings with members to help inform them on how to buy a house, mortgages, saving money, repaying loans, and taxes.	2/27/2025 9:51 PM
45	Yes 100% !! Stopping personal hardship blaming on band and council's performance and making sure members are well informed.	2/27/2025 8:38 PM
46	Yes resources/workshops, financial advisors will help in long term financial goals.	2/27/2025 8:27 PM
47	Yes.	2/27/2025 6:26 PM
48	Understanding investments would helpful	2/27/2025 2:35 PM
49	Should be mandatory for C&C before they take office.	2/27/2025 1:48 PM
50	Yes especially buying a house	2/27/2025 1:14 PM
51	Yes	2/27/2025 1:07 PM
52	Yes, 110%. I'd be very helpful and I'm sure a lot of members even outside of the community are not living In fort chip would also attend because it's very important to have	2/27/2025 12:12 PM

## 2025 Treaty Annuity Settlement Second Survey

97	No, I'm well versed on money management and can walk into a bank and obtain advice or pay for the services of a financial advisor. ACFN should disperse the settlement equally with members and not spend a dime which is a waste of resources.	2/25/2025 4:57 PM
98	Yes	2/25/2025 4:46 PM
99	yes a workshop and education on ways to self invest that are safe.	2/25/2025 4:13 PM
100	Not if they're only offered to locals. We need more web workshops.	2/25/2025 4:08 PM

107	Not really	2/25/2025 2:53 PM
108	Yes	2/25/2025 2:32 PM
109	Yes	2/25/2025 1:59 PM
110	Possibly, but the reality is the distribution of funds would mean smaller amounts to invest and smaller returns. I think maybe offering investment opportunities to the members where they can see their individual investment grow might make people feel better.	2/25/2025 1:31 PM
111	Yes!	2/25/2025 1:22 PM
112	Yes they would be very beneficial to the nation and its members.	2/25/2025 1:04 PM

115	No	2/25/2025 12:42 PM
116	Absolutely	2/25/2025 12:19 PM
117	For those that may need it, sure. But I don't think the band should be spending the trust money to cover those types of programs for little attendance.	2/25/2025 12:03 PM
118	My bank looks after my money and mutual funds but I am sure many members will benefit.	2/25/2025 12:03 PM
119	Yes	2/25/2025 12:02 PM
120	My family has a financial advisor so it wouldn't benefit us but I'm sure it would for others.	2/25/2025 11:54 AM
121	Yes, with a caveat. Simply having these may not be enough if membership is not properly made aware of them, and their potential benefits. Not to mention not possibly being tailored to the unique needs of membership, IE Elders or teenagers.	2/25/2025 11:45 AM
122	yes that would be such an awesome thing to plan.	2/25/2025 11:44 AM
123	INDEED IT WILL. THE PEOPLE NEED TO KNOW HOW TO BUDGET AND SAVE THR MONEY. BUT TO SPEAK TO THM IN THE EASIEST WAY SO THEY ABSOLUTELY FULLY UNDERSTAND.	2/25/2025 11:40 AM
124	No. Because some members have special needs, and may only take said workshops to get the money but not understand the information being provided. Some members need this lump sum money to get supports long term such as housing, medical expenses that are not covered by the band or trust.	2/25/2025 11:24 AM
125	No	2/25/2025 11:23 AM

140	Totally	2/25/2025 9:31 AM
141	I believe so	2/25/2025 9:23 AM
142	Absolutely. Support systems and workshops are a great way to educate and help members. And it doesn't involve retaining their funds like children. It's the most bang for the buck and obviously can easily be funded by the group of companies.	2/25/2025 9:22 AM
143	Absolutely! The more the members can watch their personal money earn compounding interest and see it grow, it will help everyone see what they could do in terms of start up business, vacations, saving for a first home, or a good retirement cushion!	2/25/2025 9:21 AM
144	I don't agree with the money being held in trust.	2/25/2025 9:05 AM
145	Yes,it would help,manage money wisely,all necessities first and foremost,all life pertaining to life...home,food,clothing...all of this...learn to pay your way in life,not just wait for a free handout..I paid my way in life now if lam going to get some money,I will gladly take it and use it for what remainder yrs. I have left to live...	2/25/2025 9:02 AM
146	Yes but at the end of the day people are going to do what they want with their money.	2/25/2025 8:58 AM
147	For this settlement yes i feel like financial planning and management should be necessary as there are members who know how to handle large amounts of money and there are members that don't know how to handle it	2/25/2025 8:55 AM
148	No. Because unfortunately, some members will attend and not use the skills but will take the money. As well, there are some with special needs that will not understand the concept. We need to take these things into consideration.	2/25/2025 8:54 AM
149	Like the money ones we had before with talking about financial planning. Having one about budgeting and the importance of savings.	2/25/2025 8:51 AM
150	Yes, but only if these workshops were available to ALL members in and outside of Fort Chipewyan.	2/25/2025 8:50 AM
151	Definitely would help people understand what to do with money	2/25/2025 8:48 AM
152	To youth first	2/25/2025 8:48 AM
153	Anything that brings awareness to member should, in theory have benefit to members.	2/25/2025 8:47 AM
154	Absolutely	2/25/2025 8:43 AM
155	Yes, having a financial advisor someone who could tell me what to do or what I need to save how to budget that would Helpful	2/25/2025 8:42 AM

## Q7 What would make it easier for more members to pursue education, training, or new career paths?

Answered: 154 Skipped: 24

#	RESPONSES	DATE
1	Yes	3/13/2025 12:34 AM
2	Not making the pre-requisite to certifications being paid for actually having the job already would be a MASSIVE HELP. That is just adding to the barriers to entry for individuals trying to grow their skillsets and qualify for jobs at all.	3/11/2025 12:51 PM
3	Receive our individual distribution and let us choose our path.	3/11/2025 6:59 AM
4	More transparency in terms of advertising what benefits and resources are available.	3/9/2025 5:10 PM
5	Financial affordability	3/8/2025 8:17 AM
6	Fiancés paid for college study computers thing of the future	3/7/2025 11:14 PM
7	More programs, more education	3/7/2025 6:13 PM
8	How about offer an introduction workshop to a new program or career where they get to experience it to see if they like it before they enroll in the classes. So many people drop out after they realize what they signed up for.	3/7/2025 3:53 PM
9	Bringing awareness to the funding opportunities for educational endeavours.	3/7/2025 3:48 PM
10	Provide information by holding workshops on what courses are available to students and how to go about applying for secondary education.	3/7/2025 8:10 AM
11	Support from the tribe. Access to their distribution.	3/6/2025 7:38 PM
12	It starts with prioritizing education, especially on reserve members as they are less likely to access inadequate education . Fixing the problems within for Chip education system For the upcoming generation to Pursue education	3/6/2025 7:33 PM
13	More advertising and success stories available as well as 'empowerment talks.' For example having Mike Deranger of derantech give a speech on his amazing success story from apprentice to president of a growing company. Heck even I would give a story on how I made it in this industry	3/6/2025 5:20 PM
14	To make it easy to apply for them	3/6/2025 5:10 PM
15	Increase in quality of education, incentives for pursuing - alumni, conversations, benefit discussions. Career fairs, workshops, etc.	3/6/2025 4:44 PM
16	apply through an app and have access to an educational contact that knows and understands the process' of Canadian colleges/universities	3/6/2025 4:20 PM
17	Necessities like rent covered	3/6/2025 4:01 PM
18	Education 50% (from university to Training courses) Home ownership 20% Money management 10% Emergency help 10% Member trips 10% a lot of ppl never experience the life away from their worlds.	3/6/2025 3:14 PM
19	More spaces available for funding	3/6/2025 3:12 PM
20	Housing programs for off reserve members and/or more financial support when going to school.	3/6/2025 7:35 AM
21	more education programming, tickets, home based programing not havving to leave to a new place	3/5/2025 2:22 PM
22	By providing living allowance. Nd books paid.	3/5/2025 1:18 PM
23	Education	3/5/2025 11:49 AM

## 2025 Treaty Annuity Settlement Second Survey

24	no. we are covered for education already	3/4/2025 1:57 PM
25	Funding incentives for students finishing high school	3/4/2025 12:55 PM
26	Having the funds and assistance to do so	3/4/2025 11:19 AM
27	Yes	3/4/2025 9:23 AM
28	More knowledge on what is available to access to help aid with the financial end of it.	3/4/2025 6:53 AM
29	Financial support, more exposure to various tradespeople in the community to show members there's more options than just oil and gas field trades, bring medical, emergency responders, police, etc in for trade shows to show our members there's more to life that they can achieve besides the oil sands.	3/4/2025 3:46 AM
30	Continue to highlight members' success stories, honor local role models	3/3/2025 9:25 AM
31	More advertising through socials, mail, email, meetings.	3/3/2025 8:21 AM
32	If a portion was placed in a trust, I think that putting money into education / scholarships is the most fair way to ensure on and off reserve members are benefited.	3/2/2025 7:52 PM
33	Funding.	3/2/2025 12:24 PM
34	Enough money to support their bills for the month.	3/1/2025 9:12 PM
35	Perhaps a financial award for students who graduate with a degree, MBA, or masters in any field of study. Perhaps having more opportunities for alumni, and business owners to speak about their experiences and the gratitude they have for the opportunities ACFN provides for our people.	3/1/2025 12:41 PM
36	Taking career planning program first annd/or motivational testing, aptitude testing, career assessments etc. Help people figure out where they fit in the world and where they would excel. Set them up to succeed	3/1/2025 11:00 AM
37	Allowing each member to have their full payout and use it where most needed	2/28/2025 8:42 PM
38	Accessibility to trust funds fir training, workshops etc...	2/28/2025 6:10 PM
39	Trainings outside of just the normal tickets to get on sites. Ways that could help individuals set up small businesses	2/28/2025 3:39 PM
40	More awareness, education and resources more communication	2/28/2025 12:19 PM
41	Encourage them make them want to go not cause they have too	2/28/2025 1:52 AM
42	Constant disclosure, percentile of priority students becoming higher (I.e returning vs first time applicants) Job postings in communities.	2/27/2025 10:54 PM
43	Reminding & allowing the members to take as long as possible. Whether it takes them 2-10 years to finish school we should have support for students who need to pursue it slower.	2/27/2025 9:51 PM
44	Career achievements and goals planning. If members want financial support from the band then implement a 3 step training program to support their success. If they don't stay on the plan then funding should stop..	2/27/2025 8:38 PM
45	Have a meet and greet career forum, career fairs on different trades and career paths. Have self empowering workshops to individuals that are maybe afraid or discouraged to try or start something new or afraid to leave there home or families..	2/27/2025 8:27 PM
46	Providing more financials support to help students cover living costs while they are going to school. Helping to cover the costs of childcare. Partnering with local businesses to offer scholarships.	2/27/2025 6:26 PM
47	Increase cost living allowances.	2/27/2025 2:35 PM
48	Free will!	2/27/2025 1:48 PM
49	To go directly through ACFN Education department as opposed to ATC	2/27/2025 1:14 PM
50	Yes	2/27/2025 1:07 PM

## 2025 Treaty Annuity Settlement Second Survey

51	Streamline access and tools that are maybe direct from the ACFN website Maybe more engagement events	2/27/2025 12:12 PM
52	Training	2/27/2025 11:29 AM
53	Job fairs	2/27/2025 10:52 AM
54	I don't think there is any easier way then how you are doing it now. Understanding that ACFN is already using a lot of resources we can't fill applications out for members or force them into something they don't want to do. It's important that everyone understands that self reliance is essential for growth professionally and personally.	2/27/2025 10:31 AM
55	Trained financial planners available for band members.	2/27/2025 9:56 AM
56	What portion are you talking about?	2/27/2025 9:54 AM
57	Potentially, but is there a return on investment?	2/27/2025 9:37 AM
58	Education about a greater variety of career paths (more options than trades)	2/26/2025 11:09 PM
59	Opportunities available, mentorship, more funds for living allowance, travel subsidy to attend training	2/26/2025 10:15 PM
60	Proper housing coverage and food while going to school.	2/26/2025 8:55 PM
61	If they had help with housing.	2/26/2025 7:29 PM
62	We already have such programs and funding available within our band and the government which makes these goals easily attainable for all.	2/26/2025 7:14 PM
63	Give us all the moneys owed	2/26/2025 6:41 PM
64	Access to information online. There is some on the AFCN website, But there can be a lot more information accessed through links, possibly?	2/26/2025 5:05 PM
65	Online training from home	2/26/2025 4:45 PM
66	funding	2/26/2025 4:44 PM
67	Help accessing the funds that are provided	2/26/2025 4:24 PM
68	Providing transportation and having staff to go with them and take care of them.	2/26/2025 3:59 PM
69	entrepreneurship?	2/26/2025 3:55 PM
70	Initiatives to complete high school and continuing education that will benefit the band in the future.	2/26/2025 3:52 PM
71	Keep up with the advertising that this is an option. Sharing success stories in our newsletter.	2/26/2025 3:38 PM
72	help paying off fines and getting driver's licenses	2/26/2025 2:57 PM
73	Education	2/26/2025 11:53 AM
74	We already have cows and plows doing this for members.	2/26/2025 11:38 AM
75	What is in place now	2/26/2025 11:09 AM
76	Have a yearly training fund in place.	2/26/2025 8:17 AM
77	Money	2/25/2025 11:03 PM
78	It would make it easier for those who are in pursuing education, training, new career to have this payment in full to use how they see fit while in school. I understand that ACFN provides education funding and monthly living allowance but often that living allowance only goes so far. People often have a mountain of bills they need to pay with rent/mortgage and utilities being the most expensive. Additionally, having to buy groceries and other necessities on top of that. Having this money on hand in members personally bank accounts will beneficial to students who are struggling and need that extra cash.	2/25/2025 10:12 PM
79	They definitely need funding so if they receive their full share of the settlement they can provide for themselves.	2/25/2025 9:46 PM

## 2025 Treaty Annuity Settlement Second Survey

80	Don't put it in trust	2/25/2025 9:25 PM
81	Less feeling like I have to "fight" for it!	2/25/2025 9:07 PM
82	I could pay for my own schooling with no strings if had my full pay out	2/25/2025 8:03 PM
83	I think it is already easy for members to pursue education, training, or new career paths. There are ample resources and opportunities available that support their goals, making the process accessible and manageable for those interested in furthering their education or entering new fields.	2/25/2025 7:16 PM
84	Accessing the funds faster.	2/25/2025 7:04 PM
85	Housing, incentivizing education and homework at a young age (ex: private school). Many private schools cost 30k a year or more for children and high school students, even more for boarding students. Getting the children an early start is vital, especially considering the high threshold demanded for post secondary success at the college and university levels.	2/25/2025 6:37 PM
86	More money, more opportunities more communication	2/25/2025 6:27 PM
87	Education. Trade school	2/25/2025 6:09 PM
88	Dividends, Member Assistance	2/25/2025 6:07 PM
89	All	2/25/2025 6:04 PM
90	More info workshops	2/25/2025 6:00 PM
91	An easier process? I applied and didn't even receive a response back from Acfn. So maybe hiring more people in this position would be good? ATC never has enough funding.	2/25/2025 5:54 PM
92	Supports financially	2/25/2025 5:50 PM
93	By knowing if you are covered right away through education	2/25/2025 5:42 PM
94	Help with bills while pursuing.	2/25/2025 5:29 PM
95	Increasing support, supporting education incentives in the communities, lead by example and be educated	2/25/2025 5:03 PM
96	No, ACFN should disperse the settlement equally with members and not put a dime in trust.	2/25/2025 4:57 PM
97	Make it easier to get accepted into schools to start. I need two credits for a gr 12. Can't get accepted anywhere. Putting getting a career on hold and more difficult to obtain.	2/25/2025 4:46 PM
98	transportation costs, babysitting costs, showcasing more non traditional education paths.	2/25/2025 4:13 PM
99	Offering to pay for it.	2/25/2025 4:08 PM
100	Scholarships, Grants, and Tuition Assistance. Online and Remote Learning Options. Modular or Short-Term Programs. Evening, Weekend, and Part-Time Options. Career Counseling and Mentorship Programs. Childcare Assistance. Technology Lending Programs. Incentive Programs for Continuing Education.	2/25/2025 3:41 PM
101	Knowing they have a guaranteed employment there after.	2/25/2025 3:26 PM
102	The process with ATC was difficult for myself and a couple others that I know. I experienced mixed messages, poor communication, discouragement from applying for a masters, and witnessed others deal with issues around paperwork being reviewed in a timely manner and communication with the school so that funding was actually received and in place in time. ATC doesn't fund college programs if you have completed a degree - I think ACFN does now so that is really good. Having an allowance or application for a non-institutional program to be covered would be awesome. Ie. if someone wants to take a community class on sewing, they can apply for funding.	2/25/2025 3:26 PM
103	Incentives like awards. Train the trainer and peer support programs.	2/25/2025 3:09 PM
104	Making it accessible for such opportunities as needed	2/25/2025 3:09 PM
105	Just more advertisements on options available and information on how	2/25/2025 3:06 PM
106	Give everyone a chance	2/25/2025 2:53 PM

## 2025 Treaty Annuity Settlement Second Survey

107	More accessibility in Fort mcmurray and more opportunities in chip for work	2/25/2025 2:32 PM
108	We have enough trusts set up. Going back to the cows and plows settlement, we only received 10k, other Nations got up to 50k.	2/25/2025 1:59 PM
109	I think just clear understanding of what the band offers and how it differs from ATC would be good. My girl didn't know there were extra supports to help with cost of living until she was about to graduate. She was incredibly stressed and challenged and took out a student loan when she didn't need to. There needs to be better communication about what is available	2/25/2025 1:31 PM
110	Training, mentorship and internship opportunities for youth on and off-reserve and within ACFN businesses School application and grant writing workshops Income supplements for basic needs Childcare subsidies and/or funding for respite Housing subsidies for renters with extra needs Member-member peer mentorship opportunities (matching those with specific career interests, or from similar life experiences)	2/25/2025 1:22 PM
111	Accommodations, may it be travel, place to stay, food, and then the actual fee for training . Also maybe if the training were in the community.	2/25/2025 1:04 PM
112	Access to education funds would make it more easier for members to pursue education, training and new career paths. Having the opportunity to expand and create new financial growth for ones family is motivation especially with funds being available to do so.	2/25/2025 12:50 PM
113	Career counselling?	2/25/2025 12:43 PM
114	More money means more people able to pursue an education	2/25/2025 12:42 PM
115	More accessibility to information and training provided by the nation	2/25/2025 12:19 PM
116	Increased monthly funding.	2/25/2025 12:03 PM
117	I am an Elder and my settlement is mine.	2/25/2025 12:03 PM
118	Having someone in the community help	2/25/2025 12:02 PM
119	I think people can't afford to attend school full time and not work.	2/25/2025 11:54 AM
120	This is an evolving concern. Understanding industry trends both locally, provincially and even nationally would help tailor the answer to this question.	2/25/2025 11:45 AM
121	More workshops to gain better experience for adulthood	2/25/2025 11:44 AM
122	PEOPLE WHO HAVE DONE IT AN LIVE A GOOD SECURE LIFE, DO TO THOSE TRAININGS.	2/25/2025 11:40 AM
123	Providing additional funds in terms of living, providing lump sum payments for those needing it for dorm living.	2/25/2025 11:24 AM
124	Supporting the whole way through the process Start to finish	2/25/2025 11:23 AM
125	Having scholarships available	2/25/2025 10:35 AM
126	More information and one on one help with education options, scholarships and financial aids. Have local adult courses so the need to leave for higher education is less	2/25/2025 10:30 AM
127	Of course money supports would make it easier for members.	2/25/2025 10:29 AM
128	Give members the money so they would be able to leave the community because there's no jobs or opportunity in chip besides working at the store	2/25/2025 10:24 AM
129	Finding support for those in secondary school just as living allowance, helping with bills.	2/25/2025 10:01 AM
130	Education	2/25/2025 9:59 AM
131	I think shadowing a person in their workplace might help members. And be choosy who takes on this role. Someone who can work with others and is a role model.	2/25/2025 9:55 AM
132	How does that make it easy for seniors?	2/25/2025 9:54 AM

135	Have more educational places where members can attend also having more training courses in all the rural areas where members resided.	2/25/2025 9:39 AM
136	Perhaps more money towards the clerical side of getting people set up for success.	2/25/2025 9:35 AM
137	Help with goal setting, career choosing, education requirements	2/25/2025 9:33 AM
138	More options	2/25/2025 9:31 AM
139	Very clear and precise and timely communication	2/25/2025 9:31 AM
140	An online hub where we can go pick what we want to pursue and go from there. I didn't pursue anything because I didnt know where to go or start	2/25/2025 9:23 AM
141	I would have answered "should not be placed in a trust". ACDEN cashflow should pay for these things.	2/25/2025 9:22 AM
142	Knowing they would not have to worry about paying a full tuition and going into major student loan debt or not eating enough while in school helps make a great student. Some programs in the nation don't cover all schooling fees or aren't enough funding for out of town cost of living.	2/25/2025 9:21 AM
143	Education	2/25/2025 9:21 AM
144	I don't agree with the money being held in trust.	2/25/2025 9:05 AM
145	Driving training to obtain a license to drive themselves scholarships, grants...and of course a good work ethic...get up and go to work to help yourself out...like I said nothing is free..go halfway to get what you want in life, strive for your needs and survival...soon it will be survival for the fittest...the way the world is going...our children have to be trained by the best, and that would be us elders ,seniors in my case..leave them good words and encourage them to work hard and persevere...to get to where they want to be and be successful...	2/25/2025 9:02 AM
146	Well that comes down to the people, the band already provides funding for education	2/25/2025 8:58 AM
147	On top of the current living allowance provided i feel as if an additional amount be added to help with the cost of rent, going to school full time is hard to keep up with bills, rent, places to live,	2/25/2025 8:55 AM
148	Additional support in living allowance, food costs, etc. Lump sum payments for those needing to live in dorm.	2/25/2025 8:54 AM
149	Having better support in education to reach their education goals. To be able to afford tutors or other services.	2/25/2025 8:51 AM
150	Funding.	2/25/2025 8:50 AM
151	Teach trades and hands on learning skills	2/25/2025 8:48 AM
152	Money should be placed in a pot where it can be used to fund many different programs. Labelling programs may limit members because most elder member may not be pursuing education or training but could use money for other projects .	2/25/2025 8:47 AM
153	Knowledge on debt, investments and financial security.	2/25/2025 8:43 AM
154	Training and education supports such as a living allowance for people with a course load under three classes, Some people just learn at a slower pace and they can't handle a full-time job while taking one to two classes per semester and makes it very difficult to be able to pass classes with having to worry about how they're going to pay rent	2/25/2025 8:42 AM

## Q8 How can we encourage members who complete their education to share their skills and knowledge within the community?

Answered: 152 Skipped: 26

#	RESPONSES	DATE
1	Have more housing available in the community. Members who want to move to Fort Chip have no access to any type of housing in fort chip.	3/13/2025 12:34 PM
2	Offer accredited programs in the community.	3/13/2025 12:34 AM
3	Offer them contracts as payment for sharing their time and their skills. Continue to foster an environment, and marketing of said environment, which respects and encourages community engagement and socialization.	3/11/2025 12:51 PM
4	No one answer. Many factors to a decision to return to your home community.	3/11/2025 6:59 AM
5	Create spaces or programs for the community to come together and discuss and share knowledge and skills.	3/9/2025 5:10 PM
6	Select people who are community minded and who would be most likely want to return to the community	3/8/2025 8:17 AM
7	In meeting, newsletters, a AFCN tv channel of them expressing what they did to get were their at.	3/7/2025 11:14 PM
8	Programs and education	3/7/2025 6:13 PM
9	Workshops, Job Fair	3/7/2025 3:53 PM
10	Reach out and ask members for their expertise. Hire them to mentor youth or run workshops/ educational session.	3/7/2025 3:48 PM
11	Use incentives such as extra wages or free lodging for people to work for a period of time with in the community or to ask students to provide lectures for people at the reservation about what to expect and about their experiences while they were in secondary.	3/7/2025 8:10 AM
12	Structured bonuses for academic achievement. Startup grants for entrepreneurs within the tribe.	3/6/2025 7:38 PM
13	With incentives, More job opportunities, Access to member housing For those who want to come work in community, but have no words to stay	3/6/2025 7:33 PM
14	This would have to go right down to the individual and talking with the individual perhaps with an elder and explaining that sharing these skills and this knowledge is a great benefit to the Acfn nation and I believe that speaking with an elder would empower an individual to want to teach the next generation	3/6/2025 5:20 PM
15	Im not sure	3/6/2025 5:10 PM
16	Ask them to participate in member newsletter, share their experiences in schools, etc.	3/6/2025 4:44 PM
17	ensure they have support alot of our people suffer from mental health issues and our elders tell us to keep it to ourselves because we dont talk about stuff like that	3/6/2025 4:20 PM

50	One would require housing in Fort Chip if there were positions s available there. If the position for Fort Mac, then some financial assistance to move there and get set up (I.e when I worked for Imperial Oil, they moved me from BC to Alberta and paid for 6 months for me to live in a condo, and also provided 30k to get set up and find a place to live - I am in no way saying provide 30k but a little financial would go a long way)	2/27/2025 1:14 PM
51	Hire them with our own businesses	2/27/2025 1:07 PM
52	You can make it one of the requirements or even reach out to them as the band has that power to explain to these people. You can also help out many other people which is your story.	2/27/2025 12:12 PM

59	Provide them with opportunities while they are attending school -	2/27/2025 8:32 AM
60	Provide opportunities for it - engage with current students and ask if they have interests or ideas for sharing what they've learned. Offer internships, offer more career-oriented opportunities to off reserve members	2/26/2025 11:09 PM
61	Provide them the opportunities, most members feel like they dont belong or can share their knowledge	2/26/2025 10:15 PM
62	You would think they would naturally want to contribute. But if they do not then you need to respect that.	2/26/2025 8:55 PM
63	Just ask, most people want to help and pass on their knowledge.	2/26/2025 7:29 PM

## 2025 Treaty Annuity Settlement Second Survey

79	Hard to share your skills in a community that is only accessible by air or water in the summer and a short time in winter. There is no housing for members wishing to relocate to Ft. Chip. Water in the area is contaminated so you can not be self sufficient by living off the land/water.	2/26/2025 8:17 AM
80	Hands on skills	2/26/2025 12:58 AM
81	By paying there schooling	2/25/2025 11:03 PM
82	ACFN has all these career days etc, but I feel like you don't utilize your members who are in school or in an established career to share with the community and youth. It would be so inspiring for people to hear the stories of their members. Personally, I have completed my post secondary education with the funding from ACFN but have never had anyone reach out to hear my story or to share with the community. You guys are truly missing out on the utilization of your members.	2/25/2025 10:12 PM
83	I believe that this has already been acknowledged by having first priority in the hiring process.	2/25/2025 9:46 PM
84	Allow us the opportunity, let's us come in and teach and share our stories and provide us the accommodations to do so	2/25/2025 9:07 PM
85	It would be up to the members if they want to share their skills or education	2/25/2025 8:03 PM
86	To encourage members who complete their education to share their skills and knowledge within the community, offering competitive hiring and retention incentives can be effective. This could include guaranteed job placements, signing bonuses, salary top-ups, and long-term benefits for those who commit to working within the community for a set period. Additionally, providing professional development opportunities, mentorship programs, and housing or relocation support can make staying and contributing locally more attractive. Creating a strong sense of purpose and belonging through leadership roles and community-driven projects can further motivate educated members to give back and invest their skills where they're most needed.	2/25/2025 7:16 PM
87	Giving them some type of incentive.	2/25/2025 7:04 PM
88	We could develop a community based platform that discusses the experiences of successful members in their life journeys. This would enable for mentoring members with like-minds who may share similar interests and values. It could set the tone for what they would expect should they pursue a similar path. Incentivizing it could draw in more people to participate.	2/25/2025 6:37 PM
89	Give them chances to, people want to but don't always know where to go	2/25/2025 6:27 PM
90	Inviting them as speakers to workshops	2/25/2025 6:09 PM
91	Create jobs	2/25/2025 6:07 PM

94	The urban career fair was a good idea. Things like this I'm sure help	2/25/2025 5:54 PM
95	Offering jobs	2/25/2025 5:50 PM
96	There are not many people on reserve compared to office reserve members in this community. We can encourage members to share their skills and knowledge by hosting Zoom classes, information sessions about different types of careers, educating the youth	2/25/2025 5:42 PM
97	Awww, invite them. Maybe there scared. The worst they could say is no. You don't have enough funds	2/25/2025 5:29 PM
98	Provide competitive wages and housing. Work on social issues within the community and bullying issues towards new comers and members who return. Has to be all communities not just Fort Chip	2/25/2025 5:03 PM
99	That is a parental obligation and responsibility to work with the school. Sure ACFN can encourage members to do that with role modelling, success stories, revamping at the school board level such as the alternative high school.	2/25/2025 4:57 PM
100	I don't know how to answer this question	2/25/2025 4:46 PM
101	Have a directory of acfn members businesses and skills/services?	2/25/2025 4:08 PM

119	Encouragement, explain the benefits of sharing peoples own personal experiences	2/25/2025 11:54 AM
120	Online ways need to be explored given a large number of members live off reserve. A statement of inquiry about the chance to share their skills, combined with a listing, perhaps, with available opportunities to share ones skills to a project/employer ect, or even a a showcase of ones abilities. Perhaps posting, in the newsletter or online, similar to LinkedIn, who graduated with what, are the looking, ect can give industry or employers to see what skills are available - essentially it is awareness from both recent grads and the community that is needed.	2/25/2025 11:45 AM
121	Provide that extra financial help or scholarships within the community.	2/25/2025 11:44 AM
122	GET THR ATTENTION, FIND OUT WHAT THEY REALLY LIKE. BE KIND, FRIENDLY, HELPFUL, COMPASSIONATE AN NOT TO JUDGE.	2/25/2025 11:40 AM
123	By providing opportunities to do so. Providing transportation, meals, accomodations while someone does come up to the community, plus payment for service.	2/25/2025 11:24 AM
124	Ask them! Ask them to share what they have learned and support one another	2/25/2025 11:23 AM
125	Have a newsletter specific for membership achievements	2/25/2025 10:35 AM
126	Scholarships, recognition of education successes, job guarantees after education completion	2/25/2025 10:30 AM
127	Considering most live off reserve, expand the group of companies in Fort Mac and Edmonton to create jobs for those members, which would positively affects the community monetarily.	2/25/2025 10:29 AM
128	They can do so by acknowledging their members who have completed there educations To show the upcoming generations that they can do it also	2/25/2025 10:24 AM
129	Encouraging and recognizing those that are being successful. Support for band member businesses and entrepreneurs	2/25/2025 10:03 AM

132	Well, this might be a problem not everybody lives in Chip what community are you talking about? I would like to see more ACFN businesses employing band members and when they do get educated in HR office administration or whatever .they should be taking the lead roles within these businesses that's how you're gonna empower your members. Then you can shadow other members under that worker to learn and see if they are interested in that position.	2/25/2025 9:55 AM

136	I think having a workshop with the graduating members to share their knowledge with the younger generation to help them choose a good path..	2/25/2025 9:39 AM
137	Grants if they're artists. And workshops for others, and incentivize living in the community via housing options.	2/25/2025 9:35 AM
138	Bring them into the schools	2/25/2025 9:33 AM
139	Career incentives	2/25/2025 9:31 AM
140	Make an offer/deal that is more appealing than their job or their spare time	2/25/2025 9:23 AM
141	Remind those who complete their education, that our youth need role models and inspiration. People from humble beginnings and small isolated communities can thrive in the world. As long as they are helped to believe that they can be the best. Not just "the best in chip" but world class. Imagine how hard it would be to believe that when your nation doesn't believe your good enough to manage your own funds?	2/25/2025 9:22 AM
142	Add incentives. This is the only way (unfortunately) that the youth will help share insights and experience. Incentivize sharing the knowledge ie small conferences where gas or a small per diem is paid to the speaker.	2/25/2025 9:21 AM
143	I don't agree with the money being held in trust.	2/25/2025 9:05 AM
144	Employ them in the community,if not have open house and invite these people to come to speak to the community...	2/25/2025 9:02 AM
145	This question has nothing to do with the treaty annuity payments	2/25/2025 8:58 AM
146	Create more summer employment opportunities for youth showing them what can be accomplished and achieved with education and hard work	2/25/2025 8:55 AM
147	Provide initiatives to bring people back, such as stays at hotel, food, plane etc as well as the opportunity to pick their own topic.	2/25/2025 8:54 AM
148	Have an education fair day and invite members in to share about the things they have learned and talk about their careers with the community.	2/25/2025 8:51 AM
149	Invite members to come home in order to speak to their accomplishments; the challenges, the rewards, the successes.	2/25/2025 8:50 AM
150	Depends if they live on reserve they could have gatherings and share	2/25/2025 8:48 AM
151	We need to hire our members in capacities that encourage and promote our members. Take a look a DLRM, most non band members working in those jobs. It really should be members crowding out non members but this is the total opposite from fact.	2/25/2025 8:47 AM
152	Showcase the skills we have within the Nation. On sites like this and newsletter. Thank you for doing this already.	2/25/2025 8:43 AM

## Q9 Beyond traditional education, what types of learning—such as trades, cultural knowledge, or entrepreneurship—should be supported?

Answered: 141 Skipped: 37

#	RESPONSES	DATE
1	How to own a banking and credit institution.	3/13/2025 12:34 AM
2	Certifications for technology and forward thinking economic/job sectors which are likely to require more positions to be filled. Perhaps consider that in education programs which could be offered in-house/virtually through qualified individuals contracted to provide a certification/educational workshop for members who wish to participate.	3/11/2025 12:51 PM
3	Anything that encourages personal growth. Trades and small business owner and management programs, etc.	3/9/2025 5:10 PM
4	Technology	3/8/2025 8:17 AM
5	Computers	3/7/2025 11:14 PM
6	Money management	3/7/2025 3:53 PM
7	All youth (not just those located closest to Ft Chip) should be offered the ability to access land based programming on the traditional lands of their ancestors.	3/7/2025 3:48 PM
8	Not everyone wants to attend secondary school so courses and support on how to start up a business. Trade schools are a good option so maybe help people get started on choosing a career and get started applying to attend a trade school.	3/7/2025 8:10 AM
9	All of the above.	3/6/2025 7:38 PM
10	More youth and elder involvement. Events that support cultural knowledge.	3/6/2025 7:33 PM
11	Normally with this kind of a question, I would consult a subject matter expert and in this case the subject matter expert that I would highly recommend would be Mike Deranger	3/6/2025 5:20 PM
12	Im not sure	3/6/2025 5:10 PM
13	Blue collar jobs as well as education in cultural values and knowledge	3/6/2025 4:44 PM
14	cultural knowledge, I have seen and heard some elders disrespect our own dene teachers ridiculing them that is absolutely unacceptable! some elders ate just so mean they are seniors not elders and should not be teaching	3/6/2025 4:20 PM
15	On the job training like office jobs	3/6/2025 4:01 PM
16	Environmental programs, healthcare, mental health and wellness and direct employment programs with our industry partners	3/6/2025 7:35 AM
17	just those ideas are whats needed	3/5/2025 2:22 PM
18	All three	3/5/2025 1:18 PM

	workshops to show them there's so much more they can achieve.	
26	All learning	3/3/2025 9:25 AM
27	I would love to have more cultural knowledge workshops for the members who live outside of Fort Chip. Workshops like medicine picking, healing workshops, more language classes, elders story telling, history of Fort Chip & the Dene people. Etc.	3/3/2025 8:21 AM
28	Health Care	3/2/2025 7:52 PM
29	All types of learning should be supported. Helping our members grow in whatever career path they choose.	3/2/2025 12:24 PM
30	Trades	3/1/2025 9:12 PM
31	Perhaps a program similar to "women building futures" where anyone, regardless of gender, can enter and develop skills and knowledge about trades, and after completion, are awarded tools and the like.	3/1/2025 12:41 PM
32	All should be supported it creates equal opportunity. Give people opportunity to find where they fit in the world and where they would excel. People would not be limited especially if they don't fit in the education stream "box". I do understand it's easier said than done.	3/1/2025 11:00 AM
33	Whichever the individual has interest in	2/28/2025 8:42 PM
34	Arts. Film and Television industry. All genres of storytelling.	2/28/2025 6:10 PM
35	All trades is so important more hands on and more skills for on the land based knowledge and more outdoor cultural programs work with Aurora college or get a private program in place with the bush university	2/28/2025 12:19 PM
36	More outdoors for the members	2/28/2025 1:52 AM
37	All types: financial literacy, investing, art, and language.	2/27/2025 10:54 PM
38	Language classes anywhere for any language, dancing classes, cooking classes, sewing classes.	2/27/2025 9:51 PM
39	Financial investment and money management training for all.	2/27/2025 8:38 PM
40	All should be supported.	2/27/2025 8:27 PM
41	All education should be supported.	2/27/2025 6:26 PM
42	Focus on traditional education. Youth will consume that and transition it to real life if taught correctly.	2/27/2025 1:48 PM
43	Project Management Courses Paid courses for H2S Alive, Confined Space, all of the regular courses, all of these courses expire and it make it much more difficult to land a job without these courses. That is where I find myself right now.	2/27/2025 1:14 PM
44	More on the side of entrepreneurship	2/27/2025 1:07 PM
45	This isn't pertaining to annuity.	2/27/2025 12:50 PM
46	Computer technology and entrepreneurship plus business management	2/27/2025 12:12 PM
47	Cultural knowledge	2/27/2025 11:29 AM
48	Everything	2/27/2025 10:52 AM
49	Conflict resolution Difficult conversation Dispute resolution Health care	2/27/2025 10:31 AM
50	I believe that these three items would be a good start. If we can encourage our members to start their own businesses or receive a trade in order to have a successful career.	2/27/2025 9:56 AM
51	N/A	2/27/2025 9:54 AM
52	Continue providing classes in dense, crafts, etc.	2/27/2025 8:32 AM
53	Language classes, beading workshops (which are already offered) but having those options available for members that live outside of Fort McMurray would be amazing	2/26/2025 11:09 PM

56	All.	2/26/2025 7:14 PM
57	NA	2/26/2025 6:41 PM
58	I think Our reserve already does a really good job providing access to these options, but off reserve (Excluding Fort McMurray, Edmonton) Have a hard time accessing these options as they are only available online and not in community they are residing. I know my son has difficulty with online learning and does a lot better in person.	2/26/2025 5:05 PM
59	Cultural knowledge should be highly enforced!	2/26/2025 4:45 PM

72	All education	2/25/2025 11:03 PM
73	IF, a portion of the funds were put into education, training, scholarships, they should provide more cultural knowledge education. It can be beading, moccasin making, tanning, etc. especially for the urban members.	2/25/2025 10:12 PM
74	Anything to do with our culture.	2/25/2025 9:46 PM
75	All that are required	2/25/2025 9:07 PM
76	Members can do their own schooling how they choose with no strings attached	2/25/2025 8:03 PM
77	Beyond traditional education, learning opportunities in cultural knowledge should be strongly supported. A Cultural Knowledge Fund could provide members with the flexibility to access financial support for various cultural and skill-based learning experiences. This fund could be used at their discretion for: • Travel and accommodation to attend cultural events such as round dances, sweats, and sun dances. • Materials and teachings for creating regalia, ribbon skirts, and ribbon shirts. • Private language classes to preserve and strengthen Indigenous languages. • Elder and Knowledge Keeper mentorships to learn traditional skills, storytelling, or land-based practices. By providing financial access to these opportunities, members can deepen their cultural connections, develop valuable skills, and strengthen community knowledge for future generations.	2/25/2025 7:16 PM
78	Trades, entrepreneurship	2/25/2025 7:04 PM
79	Cultural knowledge is especially important in my opinion, especially our foundational natural laws given to us by the creator. The trades and entrepreneurship are also important for those who are interested, for those who are will be self-motivated notwithstanding support considering the aspects of self-determination to be successful with these types of endeavors.	2/25/2025 6:37 PM

104	I think cultural knowledge and entrepreneurship should be more supported to give the members opportunities to learn more about our culture. I think it should also be provided to members outside of Fort Chip. Online classes, would be beneficial. Myself as an entrepreneur would benefit more because I fund my own business fully, a little extra support from the band wouldn't ever hurt and would allow more growth and confidence within the members to know they have support and acknowledgement from it's band and community.	2/25/2025 12:50 PM

54	Mental health awareness, bullying awareness, holistic approaches to mental health such as yoga and meditation	2/26/2025 11:09 PM
55	Provide the same support for sober people - healing or land based camps, language camps, on the land learning, avoid the stigma of healing or reconnecting	2/26/2025 10:15 PM
56	Our own indigenous rehab facility! Too many of our members are struggling with addictions due to residential school and intergenerational trauma!	2/26/2025 8:55 PM
57	Clean living and sobriety.	2/26/2025 7:29 PM
58	More support for other needs, medical bills, dental etc. not all career and jobs have appropriate benefits that will suit all needs which puts a huge burden on one's self. When they are forced to pick and choose to pay bills or address the medical needs as well.	2/26/2025 7:14 PM
59	Give us the moneys owed	2/26/2025 6:41 PM
60	Off reserve members also need access to wellness programs and supports that are currently provided on reserve. This would help greatly for the community members and live away from the reserve.	2/26/2025 5:05 PM
61	Addictions counseling and fiscal responsibility	2/26/2025 4:45 PM
62	on the land	2/26/2025 4:44 PM
63	Suicide awareness and drugs and alcohol	2/26/2025 4:24 PM
64	There should be a land based recovery program in our region so that members can heal on their own traditional lands.	2/26/2025 3:59 PM
65	culture camps! Elders and knowledge keeps can pass down teachings about the land, traditional medicine, culture and animals. Hire members to teach beading, sewing, cooking, dene, and art classes.	2/26/2025 3:55 PM
66	Being able to meet the members where they are at..so many feel detached and alone in their struggles..off reserve members have high rent to pay, for some it's rent or food or vise versa..a subsidized housing program	2/26/2025 3:52 PM

79	To nurture the overall well-being of members and the community, a wellness fund could be established to support various activities and programs. This fund could be utilized for: • Yearly passes at local community centers, such as MacDonald Island, which offers swimming, gym facilities, and recreational activities accessible to all ages. • Sporting expenses, including registration costs, travel costs for competitions, and equipment purchases, ensuring that everyone has the opportunity to participate in sports and physical activities. • Wellness classes such as yoga, meditation, or art classes like painting, which promote mental and emotional health through creative expression. • Health workshops focusing on nutrition, mental health awareness, and fitness education to encourage healthier lifestyles within the community. By providing financial support for these wellness initiatives, members can engage in physical activities, improve their mental health, and foster a sense of community, ultimately enhancing the overall well-being of everyone involved.	2/25/2025 7:16 PM
80	Lots of mental and emotional support. So they can function better in the community.	2/25/2025 7:04 PM

## Q11 How can we strengthen the connection between wellness programs and traditional healing practices?

Answered: 135 Skipped: 43

#	RESPONSES	DATE
1	Create an archive. A historical data base. Record our elders speaking the language, tell their stories and traditional knowledge and teachings. Both physical and historical archive. Create a museum and gallery that celebrates Dene History and accomplishment.	3/13/2025 12:34 AM
2	Presenting the curriculum to elders and finding correlations between the materials and our traditions.	3/11/2025 12:51 PM
3	Access to centers that combine both.	3/11/2025 6:59 AM
4	By combining and utilizing both practices. Encouraging our youth to learn and traditional methods, while still being immersed in modern wellness programs.	3/9/2025 5:10 PM
5	Implement both	3/8/2025 8:17 AM
6	Put it out there	3/7/2025 11:14 PM
7	Education	3/7/2025 6:13 PM
8	Keep showing up and supporting the members in whatever manner	3/7/2025 3:53 PM
9	Start ceremony in the community. Allow people to access traditional spirituality practices in a safe and supportive environment. Increase access to these services for those members located outside the community.	3/7/2025 3:48 PM
10	Maybe by using traditional healing practices and wellness practices together somehow combining them if that is at all possible!	3/7/2025 8:10 AM
11	Education	3/6/2025 7:38 PM
12	more elder involment, bring in trauma therapy for youth and adults, creating community and help foster community building relationships thru events.	3/6/2025 7:33 PM
13	I think that people like to see statistics and visual representations on how a program like this is showing that it's either succeeding or not succeeding which I believe would give people confidence in these programs but again it all comes down to showing a visual representation of the program and how it could be connected with traditional healing practices	3/6/2025 5:20 PM
14	Not sure	3/6/2025 5:10 PM
15	Have speakers, remove the mental health stigma, and encourage members to reconnect	3/6/2025 4:44 PM

35	Working together build programs together	2/28/2025 12:19 PM
36	You gotta want it not force to it	2/28/2025 1:52 AM
37	Community involvement, incentives, etc.	2/27/2025 10:54 PM
38	Sharing healing practices in booklets, pay or have members volunteer to make a magazine for info each month and it can have different sections. Health and well being. Finance. Fashion. Hobbies. Food. Sports.	2/27/2025 9:51 PM
39	Build in more emphasis on traditional healing practices with health and wellness practices.	2/27/2025 8:38 PM
40	Have wellness and traditional healing practices through sharing circle open yo community and members.. Have facilitators guide the process of the circle and the participants to share in a safe space. Have in different topics like grief and loss etc.	2/27/2025 8:27 PM
41	Teaching traditional healing practices through workshops and demonstrations	2/27/2025 6:26 PM
42	IF, people want to change they will openly make the effort. Don't make money a motivating factor.	2/27/2025 1:48 PM
43	Can't answer that one	2/27/2025 1:14 PM
44	Having a structured social program that is driven by our skilled members	2/27/2025 1:07 PM
45	Does not pertain to annuity of individual members.	2/27/2025 12:50 PM
46	Including it more with or around the bigger gather that we have	2/27/2025 12:12 PM
47	Not sure	2/27/2025 11:29 AM
48	Include it in the schools so our children will be educated regardless.	2/27/2025 10:52 AM
49	Offer more wellness programs and incorporate them with traditional healing practices.	2/27/2025 10:31 AM
50	Research should be done into what other bands are doing and their successes and failures.	2/27/2025 9:56 AM
51	N/A	2/27/2025 9:54 AM
52	Educate members about what wellness means. Encourage members with traditional healing knowledge to get involved and share their knowledge	2/26/2025 11:09 PM
53	Model the behaviour that you are promoting (have people in power promoting these lifestyles that are healthy, uplifting, supportive)	2/26/2025 10:15 PM

54	Figure out a way to combine them both together!	2/26/2025 8:55 PM
55	Blend them together if possible.	2/26/2025 7:29 PM
56	I'm not entirely sure.	2/26/2025 7:14 PM
57	Give us the moneys owed	2/26/2025 6:41 PM
58	As an off reserve member, I find it very difficult to access these options. I did not live in Edmonton or Fort McMurray so do not have that option either.	2/26/2025 5:05 PM
59	By incorporating cultural and spiritual practices with known psychological techniques	2/26/2025 4:45 PM
60	no idea	2/26/2025 4:44 PM
61	Take youth on the land more	2/26/2025 4:24 PM
62	I believe that training community members to run the wellness programs will allow the information to be received in a way that everyone can understand and appreciate.	2/26/2025 3:59 PM
63	culture camps. Being outdoors is healthy and healing, these camps can have beading, sewing, cooking, dene, and art classes. both community and urban members of all ages will benefit. signs will be in dene translated to english to include more dene.	2/26/2025 3:55 PM
64	Have funding in place..educate on the latter..a deep respect and knowledge is needed..this is something that is normally passed down..once this is obtained the connection will be there.	2/26/2025 3:52 PM
65	Offer online learning.	2/26/2025 3:38 PM
66	not sure	2/26/2025 2:57 PM
67	Holding a cultural camp that encourages everyone to attend, helping with travel/camping opportunities for off reserve. This would be life changing for me As an off reserve member to feel closer to my community and help bring me closer to my culture.	2/26/2025 12:46 PM
68	Provides all members with the choice	2/26/2025 11:53 AM
69	Provide more involvement to off reserve members.	2/26/2025 11:38 AM
70	What's is out there for us	2/26/2025 11:09 AM
71	By social media	2/25/2025 11:03 PM
72	No comment.	2/25/2025 10:12 PM
73	Traditional healing practices don't cost money only wisdom and knowledge is needed.	2/25/2025 9:46 PM
74	Let members who have never gotten to experience it be invited to these things and help them get there. I'd personally love to come and bring my kids and let them learn	2/25/2025 9:07 PM
75	We need to be one and not favour on reserve members and off reserve members every one equally important	2/25/2025 8:03 PM
76	To strengthen the connection between wellness programs and traditional healing practices, the wellness fund could be extended to include: <ul style="list-style-type: none"> <li>• Costs associated with attending ceremonies, such as cultural healing gatherings, sweat lodges, and other traditional events that promote spiritual well-being and community connection.</li> <li>• Expenses related to the gathering of traditional medicines, including travel costs and materials needed for harvesting, which can empower members to engage with their cultural practices and healing methods.</li> <li>• Funding to cover the costs associated with learning from Elders and Knowledge Keepers, such as honorarium costs, costs associated with protocol, and travel and accommodation expenses when visiting them for teachings on traditional healing practices. By integrating these aspects into wellness programs, members can benefit from a holistic approach to health that honors traditional practices while promoting overall well-being within the community.</li> </ul>	2/25/2025 7:16 PM
77	Sorry I am not sure at this time	2/25/2025 7:04 PM
78	Focus on connecting the children and the elders together. After that, bring in the elders and children/youth to lead these programs and traditional healing practices with everyone else.	2/25/2025 6:37 PM
79	Again communication a lot of people want to know what's going on always.	2/25/2025 6:27 PM

25	Yes	3/3/2025 9:25 AM
26	Definitely single parents because the cost of living is so high and financial support would be beneficial.	3/3/2025 8:21 AM
27	Not sure.	3/2/2025 7:52 PM
28	Single parents, single elders, people on disability	3/1/2025 9:12 PM
29	Single parents struggle the most with isolation, loneliness and stress. They are part of the group with the most likelihood of childhood trauma. We must do our best to break generational trauma so that their children too don't grow up with the same trauma.	3/1/2025 12:41 PM
30	Absolutely. Single parents, those with disabilities including mental health, our Elders.	3/1/2025 11:00 AM
31	Possibly	2/28/2025 8:42 PM
32	Yes. Emphasis on children and elderly.	2/28/2025 6:10 PM

35	Addition programs	2/28/2025 1:52 AM
36	Yes, holistic approaches to each individual circumstance should be considered.	2/27/2025 10:54 PM
37	Young adults!!! Anyone 16-30 needing rent assistance, grocery cards, anything related to education or their jobs!!! We need to empower be youth!	2/27/2025 9:51 PM
38	There always are. Usually hardships are caused by differences or changes in lifestyle. That's what welfare is for, however if members are in hardship due to unforeseen circumstances and not self inflicted conditions. It would be easier for them to get government assistance. Bands should not take responsibility of others issues	2/27/2025 8:38 PM
39	I think all people in general and whoever needs the additional support to thrive should be supported. Single parents such as mothers or fathers. People with disabilities or a parent with a child with a disability. Two spirited people etc.	2/27/2025 8:27 PM
40	Not sure.	2/27/2025 6:26 PM
41	Not necessarily, provincial health care already takes care of that.	2/27/2025 1:48 PM
42	Yes absolutely!	2/27/2025 1:14 PM
43	Yesssss, look at the community and talk to the community members face to face.	2/27/2025 1:07 PM
44	Does not pertain to annuity of individual members.	2/27/2025 12:50 PM
45	I think the kids need the most support. They are the generation for the future	2/27/2025 12:12 PM
46	Probably	2/27/2025 11:29 AM
47	Yes. Members who live outside the community need help too. They should always be informed of everything that members in the community are informed of.	2/27/2025 10:52 AM
48	Yes, there are many hidden disabilities that out there within our members physically and mentally. People who suffer from anxiety, ADHD, depression, addiction need just as much support	2/27/2025 10:31 AM
49	Our services should be tailored to include all groups of people	2/27/2025 9:56 AM
50	I thought with the Cows & Plows which is in trust for the members that all services will be provided. So far, disabled people do not get any help from ACFN	2/27/2025 9:54 AM
51	Yes, single parents, people experiencing grief, people with addiction, people with disabilities (physical or psychological), elders, older members who don't know/understand technology	2/26/2025 11:09 PM
52	Yes! Single parents, elders without help, and those that are disabled need extra help.	2/26/2025 8:55 PM

55	Give us the moneys owed	2/26/2025 6:41 PM
56	Absolutely. As a person living with disability off reserve, I do not have access to such things as spring cleanup waste removal, assistance with yardwork, or the extra funds to pay for these things.	2/26/2025 5:05 PM
57	Yes	2/26/2025 4:45 PM
58	homeless	2/26/2025 4:44 PM
59	We all need the help	2/26/2025 4:24 PM
60	I agree that single income households and those families that require assistance on a regular basis are more in need of the funds.	2/26/2025 3:59 PM
61	Those with disabilities should be prioritized along with our elders to thrive	2/26/2025 3:55 PM
62	Widows, single parents, disabilities stemming from mental issues, we are a diverse people but to remain wholesome all members need respect and compassion to thrive..a sense of belonging does a soul ..good.	2/26/2025 3:52 PM
63	not sure	2/26/2025 2:57 PM
64	Yes but I feel they should be able to prove that they live a clean lifestyle.	2/26/2025 12:46 PM

69	Not sure	2/25/2025 11:03 PM
70	Most ACFN members need additional support to thrive and this is exactly what this money is supposed to help us do. Personally, this money will be able to help me thrive and get my head above water in regards to the bill I have to pay. I understand that single parents, people with disabilities, and elders are often a vulnerable group but everyone is struggling in their own way and we should not disregard how this money can help them.	2/25/2025 10:12 PM
71	It's definitely needed everywhere including our community however there are all types of support out there in this world.	2/25/2025 9:46 PM
72	Yes	2/25/2025 9:07 PM
73	If they get there settlement's they can decide what they want to with invest it or spend it how they may it up to the members	2/25/2025 8:03 PM
74	Yes, particular groups within the community, such as single parents and individuals with disabilities, may need additional support to thrive. Providing a living allowance to all members could help address the unique challenges faced by these groups. For single parents, a living allowance would offer financial stability, allowing them to focus on their children's needs and their own well-being without the stress of financial insecurity. For individuals with disabilities, a living allowance could help cover costs related to accessibility, medical expenses, and support services, promoting independence and enhancing quality of life. Overall, a living allowance could create a more equitable environment that empowers all members, including those who may face additional barriers, to achieve their personal and family goals.	2/25/2025 7:16 PM
75	Helping with money for rental deposits. Groups to help single parent support.	2/25/2025 7:04 PM
76	Yes, single parents, elders, and those with disabilities are vulnerable. Self-determination in these cases would be limited due to the responsibilities or lack thereof due to capacity. Even though there are federal and provincial supports for them, more research should be conducted for an analysis of where the gaps are in these cases. Funding for vulnerabilities are currently provided by social services, but we should really take a look at things like housing because rent payments from this population are benefiting someone else's equity that they will not be able to ever get back due to this situation. How can our nation provide more stability with	2/25/2025 6:37 PM

83	All the above	2/25/2025 5:50 PM
84	Elders, living alone in the home will require extra support single moms with multiple children. Moms are in abusive households	2/25/2025 5:42 PM
85	Yes	2/25/2025 5:29 PM
86	Single parents, elders, members requiring long-term care,	2/25/2025 5:03 PM
87	No, there are already existing programs and there is no need to duplicate what is already available. ACFN should disperse the settlement equally with members and not put a dime in trust.	2/25/2025 4:57 PM
88	Monthly grocery vouchers would sure help me right now as a single parent, maybe clothing or school supplies. Anything to help with the cost of living.	2/25/2025 4:46 PM
89	Seniors. Single parents and members of acfn that live on their own as a youth!!! I moved out when I was 15 and supported myself. Say anyone under 21 should get like a little extra support. It's hard living on your own as an unskilled youth/young adult. (Drop out and students)	2/25/2025 4:08 PM
90	Yes absolutely, both.	2/25/2025 3:41 PM
91	Yes. There are also programs that can be run that can support those demographics without singling them out (ie. a children's playgroup is a place for both non-single and single parents to connect and have a bit of a break while their kids play).	2/25/2025 3:26 PM
92	People with disabilities need extra support especially with equipment and accessibility needs such as ramps, stairlifts, washroom equipment. The province most often doesn't help. Also there are many hidden costs to disability for assistance in homecare, clothing, and transportation.	2/25/2025 3:09 PM
93	I don't think so, people can make decisions to improve their life	2/25/2025 3:06 PM
94	Everyone should be paid equally.	2/25/2025 1:59 PM
95	Yes! Right now there is nothing to help my family with retrofitting our bathrooms and entry ways for my mom who has disabilities and health problems. We are falling through the cracks cause we make too much but can't afford the renovations. It's really challenging cause ramps, and renovations are expensive.	2/25/2025 1:31 PM
96	Single and young parents Children/youth in and from care Elders Those with disabilities	2/25/2025 1:22 PM
97	I think single parents and individuals with disabilities would benefit from additional support as well as the elder community who are more vulnerable.	2/25/2025 12:50 PM

100	Guaranteed.	2/25/2025 12:19 PM
101	I think parents in general with children in high school deserve additional support. Groceries, utilities and care for children under 5 is expensive.	2/25/2025 12:03 PM
102	N/A we all get the same amount of money. Right?	2/25/2025 12:03 PM

105	THE LESS FORTUNATE NEED MORE SUPPORT OF COURSE. BUT THEY SHOULD ALSO MEET HALFWAY AS WELL AN NOT BE SOOOO DEPENDANT ON CNC. IF THEY CAN DO FOR THMSELVES, THATLL BUILT SELF PRIDE WITH IN THEMSELVES.	2/25/2025 11:40 AM
106	Continue with the Elders programs	2/25/2025 11:32 AM
107	Yes. As a parent with 3 special needs children, we do not reiceve any benefits from the trust. Our one child attended speech therapy for over 2 years, \$130/hr weekly. Not once was there support from the trust and these children are all members of ACFN. Special needs schools for grade 1-12 are \$15,000 in our area. ACFN support from lump sum payment would greatly help to allow our children attend these schools.	2/25/2025 11:24 AM
108	Yes	2/25/2025 11:23 AM
109	Yes anybody trying to access Jordan's Principle for their children require assistance. Daycare costs for single parents are very difficult to afford.	2/25/2025 10:35 AM
110	Yes, we need the whole community to come together to help those who do not have homes find a safe place to reside. We also need more support for those struggling with addictions, more after care	2/25/2025 10:30 AM
111	You always talk within the community. What about off reserve members? But yes, there are people with disabilities and single parents who need additional supports. You have a social program that helps with single parents. As far as ppl with disabilities, you have supports in place for that as well.	2/25/2025 10:29 AM
112	This question is just wrong since it's talking about particular groups within the community. What about members who don't live within the community? How can you guys help them. It's like as soon as you leave fort chip the band no longer cares about you or your problems. And since we don't live in the community trying to get access to the band is almost impossible since people don't pick up the phones	2/25/2025 10:24 AM
113	Yes, many.	2/25/2025 10:01 AM
114	N/a	2/25/2025 9:59 AM
115	Again what community are you talking about? This is a one-sided question. You have members living all over Canada. ACFN should be collecting this information to help their members. That might be a portfolio for a counsellor to collect. Member with disabilities should be employed with ACFN business or at the Syne gathering first.	2/25/2025 9:55 AM
116	I imagine there is a lot of us!	2/25/2025 9:54 AM
117	Give them the gull amount too . No special treatment everyone gets full amount	2/25/2025 9:54 AM
118	Definitely	2/25/2025 9:46 AM
119	Seek out and find programs in all the communities that will put on courses to aide in day to day actives.	2/25/2025 9:39 AM
120	Yes, please support those on AISH. They had funding cut.	2/25/2025 9:35 AM
121	More then likely yes	2/25/2025 9:31 AM
122	I think disabilities	2/25/2025 9:23 AM
123	Those who struggle with drugs and alcohol. Obviously everyone's been working at this for decades but it's still the biggest issue.	2/25/2025 9:22 AM
124	Yes single parents and people with disabilities may need more support and that's fine but you just need to make sure people aren't spending on stuff they don't need.	2/25/2025 9:21 AM
125	Single parents	2/25/2025 9:21 AM
126	I don't agree with the money being held in trust.	2/25/2025 9:05 AM
127	I Don t reside in Chip but lam sure they need supports as well	2/25/2025 9:02 AM
128	Sure there always is.	2/25/2025 8:58 AM

## 2025 Treaty Annuity Settlement Second Survey

129	Yes, coming from a family with special needs children i believe there should be more support for people with disabilities and special needs, i believe that members with severe disabilities that have money in the trust should collect a monthly payment out of which rather than a lump sum so they have support through out their lifetime as they are unable to make financial decisions for themselves and sometimes the financial decisions of parents and families can unfortunately result in their funds being misused.	2/25/2025 8:55 AM
130	Yes. I have 2 children with special needs that need supports in the area of therapies, special needs tuition, and additional therapy. OT is \$140/hr. My child does it weekly. We get no support from the band.	2/25/2025 8:54 AM
131	Yes, I would say all those groups as well as groups of people who are faced with critical illnesses that impact their ability to work full time.	2/25/2025 8:51 AM
132	Help disabled people need help	2/25/2025 8:48 AM
133	Everyone at some point in their journey needs extra help. It's having passionate people in position to recognition the needs and make it happen, rather than judge.	2/25/2025 8:47 AM
134	Yes, especially children that have disabilities.	2/25/2025 8:43 AM

## Q13 How can we ensure that members who live elsewhere still feel connected to the Nation and its programs?

Answered: 147 Skipped: 31

#	RESPONSES	DATE
1	Friendship centers should operate like a band office for those living off reserve. So those living off reserve can still access the services they would receive on reserve. Like a service Canada.	3/13/2025 12:34 AM
2	Make them electronically available.	3/11/2025 12:51 PM
3	Tailer programs that are similar to ones offered in Fort Chipewyan.	3/11/2025 6:59 AM
4	Hosting more events (round dances, ceremonies, etc.) in other areas.	3/9/2025 5:10 PM

9	You can help with access to travel and accommodation to attend cultural gatherings or to have us send our children to land based activities on the lands of their ancestors.	3/7/2025 3:48 PM
10	The Christmas Party and Summer BBQ are where I started to feel more connected especially when members who live on our reserve attend these events. Please keep these events going.	3/7/2025 8:10 AM
11	Transparency from council.	3/6/2025 7:38 PM
12	virtual online programs	3/6/2025 7:33 PM
13	By showing support and having more beatings and engagement programs that are for members offer reserve i.e. in Edmonton or Fort McMurray which I find most of our members I believe our offer reserve now especially the younger generations	3/6/2025 5:20 PM
14	I like the members page I feel more connected and informed of what's going on	3/6/2025 5:10 PM
15	Having online components to meetings (i.e. Zoom Links), and expanded cultural engagements (either sharing or facilitating)	3/6/2025 4:44 PM
16	help us feel more included considering maybe over 30% of the members live in Chip. Even the bbq that was cancelled last year in Edm didnt happen people are struggling everywhere and we are missing that sense of unity	3/6/2025 4:20 PM
17	Online groups	3/6/2025 4:01 PM
18	Providing transportation and accommodations so things like the treats days or atc cultural festival are accessible and host events in other areas... such as Calgary. There is an office here and can be used to bring members together in the area	3/6/2025 7:35 AM
19	i feel the band should have enough to use our company's money for thast and our distributions should be givin fully to the members	3/5/2025 2:22 PM
20	Include us more in workshops. Espesially the elders. Meetings will be good.	3/5/2025 1:18 PM
21	More programs for people off reserve all over Alberta	3/5/2025 11:49 AM
22	face book, on line	3/4/2025 1:57 PM
23	Having a support system for housing that benefits those living on and off Rez	3/4/2025 12:55 PM
24	Stay in contact with them	3/4/2025 9:23 AM
25	Offer more centralized locations for members to attend.	3/4/2025 6:53 AM

26	This app is a good start, maybe reach out once or twice a year via email or phone or mail and just ask, how are you? We haven't heard from you In a while and just wanted to touch base to see if you had any updates, and to ensure your information is still current I think that would make members feel like part of the community regardless of where they reside	3/4/2025 3:46 AM
27	Maybe places in Edmonton/Calgary designated as ACFN centers with supportive programming and drop in events	3/3/2025 9:25 AM
28	Off the programs outside of Fort Chip as well.	3/3/2025 8:21 AM
29	As an off reserve member I would appreciate the full distribution because community initiatives do not impact those of us off reserve.	3/2/2025 7:52 PM
30	Offering same programming by zoom, or online resources. Keep off reserve members updated, and included in all events.	3/2/2025 12:24 PM
31	Help them travel to chip	3/1/2025 9:12 PM
32	Cultural gatherings in provincial parks such as elk island for example, near Edmonton or Athabasca, where we can come to sweat lodges to pray and learn more about the history of Chipewyan/Dene people, taught from Chipewyan/ Dene elders.	3/1/2025 12:41 PM
33	Having a local ACFN representative For example a representative in Edmonton and one in Calgary, or wherever members are more densely populated. Maybe a physical location for members to go where they can gather together for virtual events, meetings etc. It would create a sense of community, connection and networking opportunities.	3/1/2025 11:00 AM
34	Being more involved	2/28/2025 8:42 PM
35	Acknowledge off reserve members is a good start and easier accessibility of funding.	2/28/2025 6:10 PM
36	I love how membership have online activities to still part take in. As many can't not make it to chip for events.	2/28/2025 3:39 PM
37	Online programs or land based programs in other areas where members are or programs that work with other nations outside of the NWT	2/28/2025 12:19 PM
38	Every member should be equally regardless where they reside	2/28/2025 1:52 AM
39	More events throughout the year. Consistent Communications via email. Depending on the programs, partnering with programs that are elsewhere to grant access to other members. Partnering with members that live elsewhere to host programs.	2/27/2025 10:54 PM
40	Information zoom calls with elders. Storytelling.	2/27/2025 9:51 PM
41	Culture courses for out of town members.	2/27/2025 8:38 PM
42	Have different programs such as wellness, support workers that provide and help with resources for people and stay connected to nation.	2/27/2025 8:27 PM
43	Offer more learning and social events outside of Fort Chipewyan and Fort McMurray. Edmonton, Calgary, Red Deer would be great centres to connect people. Consider opening an outreach office in Edmonton.	2/27/2025 6:26 PM
44	Offer travel support and accommodations for those living elsewhere to come and be apart of community events.	2/27/2025 2:35 PM
45	Extend every single opportunity available to those on reserve to those off reserve!!!!!! EVERY SINGLE OPPORTUNITY!!!	2/27/2025 1:48 PM
46	YEG area seems to be supported for Christmas party, however I have never heard of anything in the YYC area. I don't know how many nation members live in YYC, I only know one, perhaps there is more?	2/27/2025 1:14 PM

65	We can always open up the opportunities for training to members who live elsewhere as well as offer transportation.	2/26/2025 3:59 PM
66	Seasonal culture camps. Hire community members to take our urban members out on the land to experience a few nights of traditional foods, dene language, story telling. ACFN can build cabins and tent frames for accommodations on the land.	2/26/2025 3:55 PM
67	Keep doing what you are doing..I went to my first AGM in edmonton and I won't be missing any more of them..elders meeting would like to be a part of it..a monetary honorarium should be abolished if it would help financially..I would do a zoom bc I want to know and be in the loop..	2/26/2025 3:52 PM
68	Online programming. The book club was fun. Beading class, moccasin class.	2/26/2025 3:38 PM
69	more help	2/26/2025 2:57 PM
70	Give members off reserve opportunities to travel home and reconnect with our heritage culture and family.	2/26/2025 12:46 PM
71	Provide the same opportunities as members on reservation	2/26/2025 11:53 AM
72	Provide Teams meeting online for all programs for questions and answers.	2/26/2025 11:38 AM
73	Maybe have more programs and offices out to help are people	2/26/2025 11:09 AM
74	By communicating information on Band Activities to all Members not just for Community of Ft. Chip Members.	2/26/2025 8:17 AM
75	By media	2/25/2025 11:03 PM
76	Offer the same or similar programs in the city. We voted for an urban councillor (whom I also voted for) but I do not see her advocating for us urban ACFN members. I understand that ATC has specific funding from the federal government for some of the programs they offer like the valentines meat package and food bundles. However, what about the rest of us? Have you seen the prices of food, let alone steak?	2/25/2025 10:12 PM

## 2025 Treaty Annuity Settlement Second Survey

77	What you do for the members in Fort Chip should be supported for the members who don't live in Fort Chip equally.	2/25/2025 9:46 PM
78	Don't put it in trust	2/25/2025 9:25 PM
79	As a member who lives elsewhere I feel very black sheep of the band. It saddens me that I can't have the same connection as others do or the same supports. It feels as though we are forgotten about	2/25/2025 9:07 PM
80	Connect with the members	2/25/2025 8:03 PM
81	To ensure that members who live elsewhere still feel connected to the nation and its programs, we can establish a Cultural Knowledge Fund and Wellness Fund. These funds would allow members to access programs and activities available in their locations, fostering a sense of belonging and community. Additionally, the funds could be expanded to cover travel and accommodation expenses for members who wish to attend various nation activities and programs in Fort Chipewyan. This support would encourage participation in cultural events, workshops, and gatherings, helping to maintain strong ties to the nation despite physical distance. By providing these resources, we can strengthen connections among members, regardless of where they live, and ensure they feel included in the nation's cultural and wellness initiatives.	2/25/2025 7:16 PM
82	Having similar programs in the area where people live off the reserve.	2/25/2025 7:04 PM
83	I think the nation has been very good at addressing this already with what can be done for members who live elsewhere. Especially considering there is now a councilor for the Edmonton area. That being said, I would suggest seeking community initiatives relevant to members in that area because of the employment and education that they align with. Programs that are centralized to support training, education, and employment in Edmonton is very important because it is the closest largest city to Fort Chip/mac that holds several opportunities for members.	2/25/2025 6:37 PM
84	By keeping them involved in the programs	2/25/2025 6:27 PM
85	Invitation , more spaces surrounding Alberta towns cities to be able to meet and chat	2/25/2025 6:09 PM
86	Dividends, Membership assistance	2/25/2025 6:07 PM
87	Answer your phone at the band office. Reply to the emails we have sent.	2/25/2025 6:04 PM
88	Active outreach.	2/25/2025 6:00 PM
89	Land based programming outside of Fort Chip. Have urban hide tanning, provide camping passes and rental camping equipment for members who live in Edmonton so at least they're able to connect with nature.	2/25/2025 5:54 PM
90	Maybe hiring people who live elsewhere in a trial position to curate programs and events	2/25/2025 5:50 PM
91	Sharing, engaging and making members who live elsewhere other than the nation feel welcome to share experiences or events that happen	2/25/2025 5:42 PM
92	Help when they need help	2/25/2025 5:29 PM
93	Provide programming in these communities or hire a liaison with an office for each community that members can access for support with a variety of things such as resumes, applying for jobs, accessing counselling, accessing funding, etc.	2/25/2025 5:03 PM
94	No, there are already existing programs and there is no need to duplicate what is already available. ACFN should disperse the settlement equally with members and not put a dime in trust.	2/25/2025 4:57 PM
95	Affordable housing for off reservation residents Or Help on how to get a mortgage without a job	2/25/2025 4:46 PM
96	Visit and host events in areas. Have more online engagements. Give opportunities to send members to on the land events with acfn or with other Orgs.	2/25/2025 4:13 PM
97	Offer more services because we would LOVE to live on the land! I don't have that option so I have to rent elsewhere. We should have rent subsidies for off reserve members ! Rent is expensive and we would love to live on reserve ! Maybe work on building more housing on the reserve for some lucky members to be able to live on our land.	2/25/2025 4:08 PM

## 2025 Treaty Annuity Settlement Second Survey

98	Online programs. Programs offered where AGM's are held - Fort McMurray, Edmonton, Fort Smith. Email invitations vs Facebook. Lots of members do not have Facebook.	2/25/2025 3:41 PM
99	I love out of fort chipewyan but still feel connected	2/25/2025 3:26 PM
100	Notice of community events, travel/accommodation subsidies so that members can afford to travel back to the community for events.	2/25/2025 3:26 PM
101	Doing a good job on this. Keep it up. However, maybe hybrid programs online for those who can't attend in person.	2/25/2025 3:09 PM
102	More events and get together to interact with eachother	2/25/2025 3:06 PM
103	We need office staff in Fort McMurray and Edmonton and connect with events hosted by ACFN staff.	2/25/2025 1:59 PM
104	More communication and opportunities or support to attend things in Chip.	2/25/2025 1:31 PM
105	Financial support for members to attend events like Dene days and treaty days Gatherings/dinners when ACFN staff and leadership are doing business in cities where members live Opportunities to be involved as writers, researchers, etc. Off-reserve contracts (mentors, social media, coordinators)	2/25/2025 1:22 PM
106	Provide funding to members that live elsewhere for similar programs.	2/25/2025 1:04 PM
107	Opening an office space closer to Edmonton would be helpful with that aspect.	2/25/2025 12:50 PM
108	Programming in communities (ie fort smith, Edmonton, McMurray) not just in fort chip.	2/25/2025 12:43 PM
109	Unfortunately, monies are earmarked for on reserve. Out of town doesn't fall in that. Offer the same t off reserve membership	2/25/2025 12:42 PM
110	With social media interaction	2/25/2025 12:19 PM
111	Opportunity for members to attend programs in a central location or being offered fare to attend.	2/25/2025 12:03 PM
112	Communication: There is no communication at all if C&C doesn't agree to our post then no one sees it.	2/25/2025 12:03 PM
113	Including them more, if they live somewhere else, having people on the city who have workshops, or dinners or stuff for elders happening	2/25/2025 12:02 PM
114	Offer more programs suited for people who live elsewhere	2/25/2025 11:54 AM
115	Similar or equal access, such as via streaming, of events that go on in and around the community. Simply because I cannot attend an event, doesn't mean I don't want to be apart of it.	2/25/2025 11:45 AM
116	Provide programs via zoom which has been happening already.	2/25/2025 11:44 AM
117	COMMUNICATION, A SIMPLE CALL WOULD BE LOTS. I NVR ONCE GOTTA CALL FRM CNC..... NOT ONCE. IF I DID GET A CALL, ID BE SURPRISED FOR ONE. BUT THN ID THINK WELL HELL, THEY ACTUALLY DO CARE.	2/25/2025 11:40 AM
118	News letters maybe have some members come to Fort Chipewyan for some events eg Treaty Days Dene Days etc	2/25/2025 11:32 AM
119	By providing the same opportunity that you give to on reserve. Help with income support, help with housing, providing elder meetings. Example, all Elder meetings are in Fort Chip, what about those Elders in Fort McMurray and Edmonton, why is the trust and ACFN as a nation not providing transportation for those Elders to attend.	2/25/2025 11:24 AM
120	Hold more gatherings	2/25/2025 11:23 AM
121	Utilizing virtual platforms, mail outs	2/25/2025 10:35 AM
122	By sending out information on said programs. Not all ppl like to use apps. Also travel supports for community activities such as cultural days.	2/25/2025 10:29 AM
123	To actually have programs for urban members, We have a counselor for fort mcmurray but it seems like they're nowhere to be found.	2/25/2025 10:24 AM

## 2025 Treaty Annuity Settlement Second Survey

124	Have programs in other communities where is it easily accessible. Like Edmonton and Calgary.	2/25/2025 10:01 AM
125	Offer weekend getaways there	2/25/2025 9:59 AM
126	ATC should be doing more for urban members. These programs for only Fort Chipewyan is so unfair. Sending five or six ATC workers to Chip is a waste of money. That money would help members in Fort McMurray. ACFN should give people living other place the opportunity to attend these programs, not always the same old people. Let everyone benefit by sharing.	2/25/2025 9:55 AM
127	Continue with zooms, FB pages and maybe more in person things to do Ft. Mac, Edmonton.	2/25/2025 9:54 AM
128	By giving us the full amount	2/25/2025 9:54 AM
129	By providing accommodation and transportation when necessary	2/25/2025 9:46 AM
130	Have program set in different communities to establish and stay connected with the communities.	2/25/2025 9:39 AM
131	Workshops.	2/25/2025 9:35 AM
132	Reduce air travel so members can come to treaty days, dene days, etc. airplanes are too expensive, cheaper to go to mexico	2/25/2025 9:33 AM
133	Continue to build programs directed at off reserve	2/25/2025 9:31 AM
134	Send out travelling teams, or keep the online lessons going	2/25/2025 9:31 AM
135	More programs outside the community	2/25/2025 9:23 AM
136	I say "don't set any aside". The website is good. Would be better if people worked on it. I've been waiting for some time to get access to the "members" page. So the systems are in place, you just need to actually utilize them from your end.	2/25/2025 9:22 AM
137	Reach out to them more than once a year. Come visit people and sit down and see what they need help with.	2/25/2025 9:21 AM
138	I don't agree with the money being held in trust.	2/25/2025 9:05 AM
139	Meetings,media,word of mouth,some elders are not even at meetings,cause no one notifies them like me Id like to go to meetings but no one let's me know....better communication...and transportation to and from...	2/25/2025 9:02 AM
140	Well I have a mortgage and was given the first time home buyer grant, 10 years later asked if I could apply for the renovation grant and was immediately told no. But a band member who lives in fort chip can have their home renovated 2 times in that amount of years.	2/25/2025 8:58 AM
141	Offer more programming and more meetings within urban communities keeping members connected, with the last settlement many members have a lot of funds in the trust that they may never get to see or benefit from	2/25/2025 8:55 AM
142	By providing the same supports to those who live on reserve. For example, the Valentine's Day meat box, those on reserve got it while those off reserve did not get anything. This is not fair. Only having meetings to Edmonton. What about those in Calgary or virtual programs.	2/25/2025 8:54 AM
143	Having a space that members are invited to gather and participate in cultural events.	2/25/2025 8:51 AM
144	I believe the Nation already works hard at including members outside the community.	2/25/2025 8:50 AM
145	Threw emails and c&c could reach out to phone call or email	2/25/2025 8:48 AM
146	I live in Fort Smith. I get to see C & C twice a yr. No other programs or visits are planned except for around election time. Everyone needs to do a better job when it comes to connecting and programs outside of Fort MacMac and Chip.	2/25/2025 8:47 AM
147	Providing events for families to attend. Programs for additions and mental health. I feel members in Fort Chip get a lot more then members living out of Fort Chip. This also includes Fort McMurray.	2/25/2025 8:43 AM

## Q14 What challenges do members outside Fort Chipewyan face, and how can community initiatives help address them?

Answered: 137 Skipped: 41

#	RESPONSES	DATE
1	Central services off reserve for indigenous municple, provincial and federal service department. Like Service Canada.	3/13/2025 12:34 AM
2	High taxation on income. Unemployment. High cost of living. Lack of feeling like a part of a community perhaps. Plenty, I'm sure. Perhaps another survey for this question would be beneficial in building an efficient and effective solution to member struggles.	3/11/2025 12:51 PM
3	Access to programs that are available in Fort Chipewyan.	3/11/2025 6:59 AM
4	Probably the same as on reserve members. Addictions, trauma and mental health issues are major issue, and creating initiatives to address these issues would be beneficial to anyone who struggles with these issues.	3/9/2025 5:10 PM
5	Finding affordable housing in Edmonton is a major issue	3/8/2025 8:17 AM
6	Right now we face being poor with the way the Government is working & how m it ch money the Government is in deficit	3/7/2025 11:14 PM
7	Living in the city, costs are high and you have to manage your money to make it last. I'm not sure how initiatives could help with that.	3/7/2025 3:53 PM
8	Cost of living and groceries. These are already being addressed with the grocery draws and the biannual PCD but could be subsidized further.	3/7/2025 3:48 PM
9	Just keep all members equally informed regarding available support programs and health and wellness programs.	3/7/2025 8:10 AM
10	They face the same issues that members inside Fort Chipewyan face, except there is no local tribal support structure. Cost of living is astronomical no matter where you are, but outside of Fort Chipewyan, it could take days or weeks to petition for help even if it was available.	3/6/2025 7:38 PM
11	We are getting better with information sharing however programs that are corresponding with ATC do not apply to people that are not in the wood buffalo area. An example would be the project management professional program being offered however myself getting denied to be a part of that program due to me being in Stony plain as a home address as opposed to having a home address in the Fort McMurray Wood Buffalo region	3/6/2025 5:20 PM
12	We face the hardship of finding housing or grants to help us out. The cost of living is getting ridiculous.	3/6/2025 5:10 PM
13	Lack of information. Initiatives to share outside of Fort Chip through newsletters and online.	3/6/2025 4:44 PM
14	alot with jobs, we have alot of educated acfn members living in Edm yet cant work for the nation we have people from every nationality running different departments of acfn or acden, acfn says they will help with jobs but in reality they send you one or two emails and never follow up	3/6/2025 4:20 PM
15	Housing help	3/6/2025 4:01 PM
16	Housing & cost of food. Perhaps providing a monthly off reserve housing allowance and food hampers/grocery cards for off reserve members....	3/6/2025 7:35 AM
17	poor communication. and not feel as part of there band. no one to check on elders out of town.	3/5/2025 2:22 PM
18	Lack of communication	3/5/2025 1:18 PM
19	Cost of living teaching people about our land and way of life on the reserve	3/5/2025 11:49 AM
20	facebook, on line	3/4/2025 1:57 PM

## 2025 Treaty Annuity Settlement Second Survey

21	Housing security, rising food costs, rising transportation costs. Access to fair medical treatment.	3/4/2025 12:55 PM
22	Not sure	3/4/2025 9:23 AM
23	Having benefits to wellness programs that promote preventative health care, such as Chiropractic, Massage therapy, Physiotherapy, Accupuncture, Osteopath, Naturalpath, Homeopathy, reimbursement for gym, yoga any fitness programs/classes.	3/4/2025 6:53 AM
24	There's so many, but like I said above, reach out twice a year or so and just ask "how are you?" Sometimes that's all a person needs is someone to ask how they're doing, so they don't feel so alone and disconnected.	3/4/2025 3:46 AM
25	Isolation from home, community. More support for members to return to Ft. Chip to attend community events.	3/3/2025 9:25 AM
26	Cost of living, housing/land payments, wellness programs needed, cultural programs needed. Extend the programs and financial help to members outside of Fort Chip.	3/3/2025 8:21 AM
27	Perhaps the opportunity to visit the territory and get to know our culture. I would love in there was an organized trip to visit the area of Fort chip	3/2/2025 7:52 PM
28	lack of support, lack of affordable housing. Finances/cost of living. Direct support is unavailable when living off reserve	3/2/2025 12:24 PM
29	High rents and housing, low wages,	3/1/2025 9:12 PM
30	Feeling a sense of cultural connection. Most of us who reside in Edmonton, Lac la biche, cold lake, etc. where there isn't much Chipewyan culture have a hard time finding belonging. As a member who was raised outside of Fort Chip, I've learned most of my history from cree nations, but I want to learn more about Chipewyan heritage, and language, I am proud to be Chipewyan.	3/1/2025 12:41 PM
31	Personally a feeling of disconnection to the community. More in person opportunities to meet other member and make connections and network. Again having a local representative/location to access.	3/1/2025 11:00 AM
32	Not getting info	2/28/2025 8:42 PM
33	Food and housing security.	2/28/2025 3:39 PM
34	Expand resources and programs have more access to these in other areas have more information and awareness of these programs - I can't access programs or do anything if I am not aware of them	2/28/2025 12:19 PM
35	Lack of housing. Programs for low income members to afford housing on a larger scale for availability.	2/27/2025 10:54 PM
36	Rent assistance if living in cities, grocery cards.	2/27/2025 9:51 PM
37	In Fort McMurray the workers schedule is a big obstacle to attend workshops	2/27/2025 8:38 PM
38	Have support workers in place to help with people struggling in areas of wellness, education, poverty, children in care, addiction, mental health etc. Have more supports in place to help individuals and families that are struggling.. More support workers to help in those areas and provide resources and advocate for children, youth and families.	2/27/2025 8:27 PM
39	Finding affordable housing. Paying their bills. Raising their families. Finding gainful employment.	2/27/2025 6:26 PM
40	Feeling disconnected from the community with very high costs of living depending on where they live with not a lot of family support. This is of course person dependent.	2/27/2025 2:35 PM
41	Addressed in previous question.	2/27/2025 1:48 PM
42	The grocery card give away is a great idea, maybe a Gas card give away is something we can think of given the price of fuel.	2/27/2025 1:14 PM
43	Housing and supplies to fix and repair old houses	2/27/2025 1:07 PM
44	Being so far away, and Not having as many opportunities connect with the community in a	2/27/2025 12:12 PM

	major gathering like around the Christmas parties	
45	Challenging to pay full rent and bills while trying to still have food on the table and gas in the car	2/27/2025 11:29 AM
46	We miss out on the yearly hunts. It would be nice if we can still get some of that. Caribou, fish, duck, ect. Also hampers and opportunities to get gift cards to superstore, Walmart, ect	2/27/2025 10:52 AM
47	Giving them an opportunity to move back home. Give them an opportunity to work for the nation. Give them an opportunity just for the opportunity.	2/27/2025 10:31 AM
48	I think the biggest challenge is the disconnect between their nation and them outside of the traditional territory.	2/27/2025 9:56 AM
49	Isolation, feeling alienated from members within Fort chip because they maybe don't belong	2/26/2025 11:09 PM
50	Feeling isolated, disconnected, not part of the community, cost to fly to ft chip is so much making it difficult to get there	2/26/2025 10:15 PM
51	Wrap around supports for those struggling the most.	2/26/2025 8:55 PM
52	Housing seems to be a big issue with people. And food security.	2/26/2025 7:29 PM
53	Housing is a big one. Supports there. Other supports with schooling and training that are only available to people living in the specific region which seems to be a little unfair at times.	2/26/2025 7:14 PM
54	Give us all the moneys owed	2/26/2025 6:41 PM
55	As a disabled member, I do not have access to spring cleanup, help with the yardwork, and it would be helpful to have this outside the community, or wait to pay for it.	2/26/2025 5:05 PM
56	Feeling authentically connected to the community!	2/26/2025 4:45 PM
57	housing	2/26/2025 4:44 PM
58	Well all have problems not just members out of town	2/26/2025 4:24 PM
59	I am hearing that there are many issues with just basic needs such as dental fees and buying medical supplies is a huge issue in urban areas.	2/26/2025 3:59 PM
60	Urban members have easier access to resources and opportunities. I believe the community members face more challenges than urban members. Prices increase everywhere and Fort Chipewyan is 2x more expensive. Living in an isolated community can be hard mentally with if no support.	2/26/2025 3:55 PM
61	Keeping up with rent and bills..	2/26/2025 3:52 PM
62	We want to feel included. We don't live in Ft Chip because of work choice.	2/26/2025 3:38 PM
63	not sure	2/26/2025 2:57 PM
64	No access to social support. Harder to access a job, childcare Loss of community or sense of home. Not able to access a lot of the programs offered on reserve or surrounding communities	2/26/2025 12:46 PM
65	Basically just trying to care for family as everything goes up in price	2/26/2025 11:53 AM
66	Provide a discount of plane fares to Fort Chip for all off reserve members.	2/26/2025 11:38 AM
67	We need Canada to instand that this land is ours and has not been payed for or kept up on treaty deals	2/26/2025 11:09 AM
68	The cost of living outside the reserve	2/25/2025 11:03 PM
69	From my understanding a lot of urban elders are disappointed that they are not included in the quarterly meetings. I believe these meetings are ran by the DLRM and isn't the DLRM office located in Fort McMurray? So why is it an issue to also host these meetings in Fort McMurray? A lot of elders do not live in Fort Chipewyan (like some of c&c) so why should they be left out? We say elders are important but I don't see any accommodation from ACFN. Record the meeting, figure out a way to zoom, fly your elders into the community, have a coffee chat at the DRLM office in Fort McMurray. There is no excuse, talk to your elders and share information with them!	2/25/2025 10:12 PM

## 2025 Treaty Annuity Settlement Second Survey

70	As long as a person can understand the concept of life such as being financially stable and have strong family values, I don't think they would need the support.	2/25/2025 9:46 PM
71	The cost of everything is going up gas, power, water, fuel, food	2/25/2025 8:03 PM
72	Community initiatives such as a Cultural Knowledge Fund and Wellness Fund can help members both in and out of the community access resources and knowledge on their own terms. Many members may not be available at the times and locations when current workshops, programs, and classes are offered. By providing financial support that allows them to participate in activities that fit their schedules, these funds can empower members to engage in cultural and wellness initiatives at their convenience, fostering a stronger connection to the community and its resources.	2/25/2025 7:16 PM
73	Living conditions expenses, bills etc.	2/25/2025 7:04 PM
74	I think everything I have discussed is relevant to this question.	2/25/2025 6:37 PM
75	Communication!!	2/25/2025 6:27 PM
76	If their financial support is in place, then the members should face a more positive initiative, rather than being in an anxiety mode, about their future. Support support!! Brings meaning!	2/25/2025 6:09 PM
77	Different survey that doesn't require the use of member funds.	2/25/2025 6:07 PM
78	Getting answers for questions we ask but never get reply	2/25/2025 6:04 PM
79	You should know this if you cared and did a comprehensive study and not one question in a settlement survey. Do better to serve all of the members.	2/25/2025 6:00 PM
80	A feeling of diaspora at times because it feels like we're less important to our nation	2/25/2025 5:54 PM
81	Financial and cost of living needs	2/25/2025 5:50 PM
82	As a Member who lives in a small town outside of Slave Lake Alberta I face many challenges such as not knowing certain things, I didn't know that there was a Facebook group. I had to look it up myself. I wasn't sure about the app either. I also had to look that up myself. I was aware when I was in school about the educational programs that were offered, and I appreciate being one of the students in university who is able to have that educational offering to help me in my career today working with first nations peoples.	2/25/2025 5:42 PM
83	Being a Indian, in a white world. Money	2/25/2025 5:29 PM
84	Lack of culture and language opportunities, lack of connection with other members, provide workshops in all communities - a liaison could organize and facilitate these types of things	2/25/2025 5:03 PM
85	They can't attend AGM's or important meetings or voting such as this one.	2/25/2025 4:57 PM
86	I think communication with off reserve residents is going good. I'm kept in the loop. I just don't have access to better housing.	2/25/2025 4:46 PM
87	isolation is huge, and surrounding nation will often not allow other FN to participate in culture or wellness activities.	2/25/2025 4:13 PM
88	RENT is brutal! 2 jobs for some of us just to pay rent and bills and eat!	2/25/2025 4:08 PM
89	Less connection. More involvement with members outside of Fort Chipewyan.	2/25/2025 3:41 PM
90	Cost of living	2/25/2025 3:26 PM
91	Affording to come visit Fort Chip = financial provisions, unsure where they would stay (not wanting to intrude on/burden family members by asking them). Not feeling as connected to other members. The online initiatives (ie. fall challenge) have been great for helping with this. Poverty due to economy and job insecurity. Perhaps having a short-term aid program for people who are struggling financially. 95% of the job postings don't apply for members outside of Fort Chip/McMurray. Opening up membership to children of ACFN members who are not eligible for Indian Status.	2/25/2025 3:26 PM
92	Racism, poverty, lack of support services to First Nations. Off Reserve counselling. Liaisons to advocate for people off reserve. Financial literacy training.	2/25/2025 3:09 PM
93	Work, cost of living rising.	2/25/2025 3:06 PM

## 2025 Treaty Annuity Settlement Second Survey

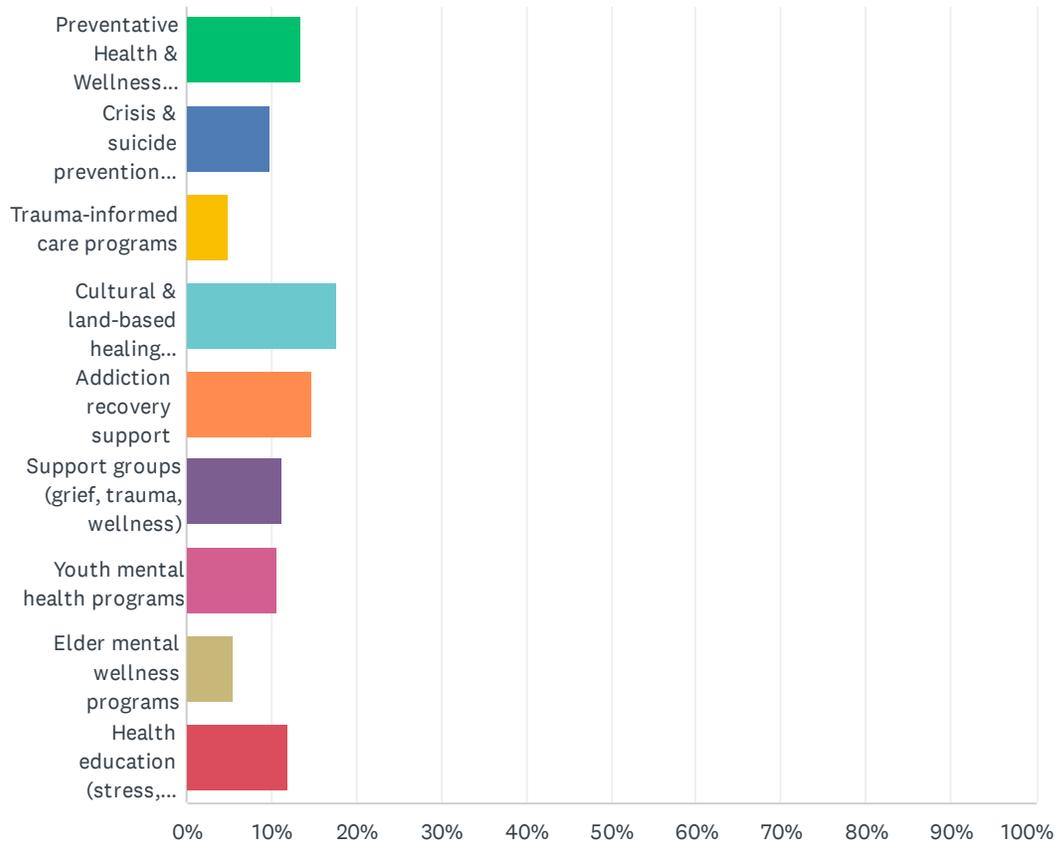

94	Financially	2/25/2025 2:53 PM
95	Urban members have increase in housing, transportation, cultural and community connection.	2/25/2025 1:59 PM
96	Less connection to community. Support knowledge holders and practitioners to share with people out of community. Maybe some online storytelling with elders or something	2/25/2025 1:31 PM
97	Disconnected from community Cost of living Isolation	2/25/2025 1:22 PM
98	A lot of members deal with financial struggles. My family mainly struggles with groceries and food	2/25/2025 1:04 PM
99	Members outside of Fort Chipewyan face lack of traditional education, we lack support in decision making of not enough involvement within the community. A new office to offer support would be beneficial, as well as doing more things online.	2/25/2025 12:50 PM
100	Cost of living, disconnection from land and nation	2/25/2025 12:43 PM
101	Open sub offices, staff them with acfn members that meet the job requirements.	2/25/2025 12:42 PM
102	The cost of living	2/25/2025 12:19 PM
103	Cost of living and childcare - monthly food vouchers.	2/25/2025 12:03 PM
104	C&C if you answer your phone you know what we are facing.	2/25/2025 12:03 PM
105	Not being connected	2/25/2025 12:02 PM
106	Cost of living in general.	2/25/2025 11:54 AM
107	feeling disconnected and having community initiatives would help keep us all connected.	2/25/2025 11:44 AM
108	TO ACTUALLY LISTEN TO WAT WE HAVE TO SAY. IVE BEEN SHOT DOWN A FEW TIMES FRM SOMEONE UP THR TO GET MY SAFETY TICKETS PAID FOR DOWN HERE. SO I FOUND OTHER MEANS. A PROGRAM FOR MEMBERS TO GATHER AN VISIT WOULD BE NICE.	2/25/2025 11:40 AM
109	I don't know for I live in Fort Chipewyan	2/25/2025 11:32 AM
110	Food insecurity, housing, mental health, cultural supports. Example for food insecurity. For on reserve members, for valentines day they got a meat box. There was no support for off reserve members. This needs to change.	2/25/2025 11:24 AM
111	Just not the same support I would get as I would if I was in Fort chip	2/25/2025 11:23 AM
112	I have grown up in Saskatchewan and never felt a connection until the virtual challenges were created.	2/25/2025 10:35 AM
113	Cost of living is high, if supported with documentation and bank records, have more emergency funds for those that are struggling through short term difficult financial situations (lay offs, job shortage, medical reasons)	2/25/2025 10:30 AM
114	I face job opportunity challenges with ACFN group of companies. Most members live in Edmonton and we don't have those job opportunities like the members in For Mac and Chip.	2/25/2025 10:29 AM
115	Members outside of fort chip face high cost living, no access to traditional program, Members outside of the community feel left out by the band, You think there would be more since we have a counselor in Fort McMurray and a chief and ATC But they don't really seem to do anything besides sit in their office and flight to chip to give them programs there's nothing for the urban members	2/25/2025 10:24 AM
116	Hardships paying for mortgages, extra funding to help those who are trying to live a successful life off reserve	2/25/2025 10:01 AM
117	I live where there is maybe five members. We are never offered anything unless we have to travel	2/25/2025 9:59 AM
118	The cost of living for urban members is outrageous. You guys should asking real questions like what are members month / yearly incomes so you now who really needs help..	2/25/2025 9:55 AM
119	INFLATION!	2/25/2025 9:54 AM

## 2025 Treaty Annuity Settlement Second Survey

120	They can't we don't get help . U can help by giving us the full amount	2/25/2025 9:54 AM
121	Transportation and accommodation available	2/25/2025 9:46 AM
122	They can't access all the different services here in these rural communities that the members in Fort chip can access. More programs and activities in the rural areas for the members and their young children as versus being a member in Fort ship they do a lot more activities there.	2/25/2025 9:39 AM
123	Maybe a pow wow in the city would help; I've seen it done in large cities like Vancouver.	2/25/2025 9:35 AM
124	Programs to bring them together or traditional teachings	2/25/2025 9:31 AM
125	Housing	2/25/2025 9:31 AM
126	High costs of living, feeling disconnected from community. Not many opportunities to connect outside of summer BBQ and Christmas party.	2/25/2025 9:23 AM
127	Racism and prejudice. Help prepare people for certain circumstances when they are faced with stereotypes. Remind them that they belong in the world no matter where they are. That they can thrive and remain calm and professional, while being proud of who you are and where you came from.	2/25/2025 9:22 AM
128	Everything is just expensive right now. I personally only go to work and home so hopefully this box gets filled in by the people that need help.	2/25/2025 9:21 AM
129	I don't agree with the money being held in trust.	2/25/2025 9:05 AM
130	Just stated previous question..	2/25/2025 9:02 AM
131	Higher rents, mortgage payments, higher insurance rates, n	2/25/2025 8:58 AM
132	Members outside of fort chipewyan are dealing with the rising cost of living and are struggling to make ends meet, i believe urban members should receive more of a lump sum payment as with the last settlement we have barely benefited from other than the support offered for all members, we don't benefit from new infrastructure in fort chipewyan.	2/25/2025 8:55 AM
133	Housing costs are higher, food costs, special needs therapies, health programs.	2/25/2025 8:54 AM
134	Challenges of not feeling connected to the band.	2/25/2025 8:51 AM
135	Housing and cost of living	2/25/2025 8:48 AM
136	What a disconnected question. This question just goes to show that leadership on every level have no clue about members outside of Fort Chip and Mac.	2/25/2025 8:47 AM
137	Housing, mental health programs, addictions programs.	2/25/2025 8:43 AM

## 2025 Treaty Annuity Settlement Second Survey

1	I think all are important	3/13/2025 12:34 AM
2	It wouldn't allow me to select more than one, the form is broken. See below for my answers ("all that apply"): 1. Elder mental wellness programs 2. Youth mental health programs 3. Health education (stress, mindfulness, coping) 4. Support groups (grief, trauma, wellness) 5. Addiction recovery support 6. Crisis & suicide prevention education 7. Preventative Health & Wellness Programs 8. Trauma-informed care programs 9. Health education (stress, mindfulness, coping)	3/11/2025 12:51 PM
3	I tried to select more, but it'll only allow one	3/9/2025 5:10 PM
4	Inability for family members to have adults who suffer from severe mental health and/or out of control addictions committed to mental health facilities for the safety of themselves and others	3/8/2025 8:17 AM
5	Done	3/7/2025 11:14 PM
6	All initiatives would be of benefit.	3/7/2025 3:48 PM
7	I can't only choose one I think all of the above should be addressed when the issues come up and there should be councilors available 24/7 like a 1-800 help line. We used to have a help line to call many years ago it was available to Albertans if we still have this it's not very well known.	3/7/2025 8:10 AM
8	Emergency funds for members	3/6/2025 7:38 PM
9	I think having a better option or being allowed to choose more than one option in the above list would be a better benefit than just choosing one I think that currently some of the big problems of facing our youth right now is mental health problems Addiction recover And crisis and suicide prevention education With grief, trauma and wellness those are some of the programs we need to do veteran because currently there is a crisis for the younger generation	3/6/2025 5:20 PM
10	alot of our youth suffer alone with gender identity depression suicide this needs to be addressed	3/6/2025 4:20 PM
11	Start as early as kindergarten	3/6/2025 8:43 AM
12	Selected all of the above.	3/5/2025 1:18 PM
13	The above question only allows one choice! Qualified health professionals for regular health care. No more paramedics for clinic appointments. Pay nurses/doctors what paramedics are paid and there may be a better uptake. Paramedics are trained to stabilize for short term interventions. No knowledgeable health teaching is being done.	3/3/2025 9:25 AM
14	Select all!	3/2/2025 12:24 PM
15	All of the above.	2/28/2025 6:10 PM
16	All above are great.. Have more programming on the effects of residential school, sixty's scoop, Indian act, child welfare act, self governance etc. I'm familiar with all of the above programs and resources within the city where I reside. However have more trauma informed care programs and cultural and land based healing programs.	2/27/2025 8:27 PM
17	Do not provide monetary benefits to attend.	2/27/2025 1:48 PM
18	All of the above	2/27/2025 1:07 PM
19	None. Status members did not have to give the Nation half of their 5 bucks, therefore it should be an equal full payout to each individual member.	2/27/2025 12:50 PM
20	All of the above are important.	2/27/2025 10:52 AM
21	All of them	2/27/2025 10:31 AM
22	These are all great options, unfortunately, it only allows me to pick one	2/27/2025 9:56 AM
23	N/A	2/27/2025 9:54 AM
24	Give us all the moneys owed	2/26/2025 6:41 PM
25	On the land to reconnect	2/26/2025 4:24 PM
26	Cultural & land based healing programs is a must. Addiction recovery is important and needs	2/26/2025 3:55 PM

## 2025 Treaty Annuity Settlement Second Survey

to be prioritized. Youth need to be exposed to more opportunities- Sport, Art, Travel, Entrepreneurs, our youth is our future and we need to invest in our future to thrive. Support Groups- we need to teach our people to heal to prevent generational trauma.

27	It will only allow me to choose one from above.	2/26/2025 12:46 PM
28	Divided among the above	2/26/2025 11:53 AM
29	No comment.	2/25/2025 10:12 PM
30	Trauma informed care Cultural and land based healing Support groups Health education	2/25/2025 9:07 PM
31	Every member is different, and therefore the healthcare services or supports that would make the biggest difference vary from person to person. All the options can benefit members depending on their needs. A healthcare fund would allow members to cover any costs associated with accessing these programs and services, ensuring that each person can seek the support that best addresses their unique circumstances and enhances their daily lives.	2/25/2025 7:16 PM
32	All of the above.	2/25/2025 7:04 PM
33	Cultural and land-based programs too, I was only able to select one from the list. The others are, in my opinion, already funded by the province and some federal programs. For this reason, preventative health and wellness programs are not, in addition to cultural and land-based programs. These two would be at the top. Considering that many may have different needs, I would suggest that a case-by-case basis needs assessment would be best in order to preserve funding for programs that are not already funded elsewhere.	2/25/2025 6:37 PM
34	The healthcare your mentioned should all be addressed as one organization	2/25/2025 6:09 PM
35	Membership assistance, Dividends	2/25/2025 6:07 PM
36	I'm unable to select all that apply but I'd click on all of them. I'd add in couples therapy as well	2/25/2025 5:54 PM
37	This is not But I think HEALTH education is a big one along with elder mental wellness program Supporting our youth Because if we support our youth initially that will lead to a decrease in health issues in the long run, along with a decrease in mental health concerns in the future. But we also need to be mindful to support our elders who have gone through many lived experiences, and we need to support them in ways that they would like without pushing things onto them	2/25/2025 5:42 PM
38	Could only select 1 option My vote is for 1,2,4,5,6	2/25/2025 5:03 PM
39	ACFN should disperse the settlement equally with members and not put a dime in trust. There are lots of the above programs available and there is no need to duplicate services.	2/25/2025 4:57 PM
40	Child care Mental health	2/25/2025 4:46 PM
41	health / female education Prevenative health and wellness trauma informed care physical wellness programs	2/25/2025 4:13 PM
42	I couldn't select all that apply, only one selection allowed above. But I picked addictions support at #1 because addictions are probably our biggest problem	2/25/2025 4:08 PM
43	The survey software won't let me select more than one. Basically all of the above. - Cultural & land based healing programs are really important for our people to know who we are and be able to feed ourselves off the land. - Addiction Recovery Support (maybe helping pave a way for members to go to a cultural addictions treatment somewhere?) ... or combining this with cultural & land-based healing programs like the Woodland Wellness Center in La Ronge.	2/25/2025 3:26 PM
44	I think all of them apply. Could only pick one.	2/25/2025 3:09 PM
45	Naturopathic healing programs.	2/25/2025 3:06 PM
46	Won't let you choose more than one	2/25/2025 1:31 PM
47	All of the above - won't let me select multiple	2/25/2025 1:22 PM
48	Preventative Health & Wellness Programs Crisis & suicide prevention education Addiction recovery support Support groups (grief, trauma, wellness) Youth mental health programs Health education (stress, mindfulness, coping) we could not select each that applied.	2/25/2025 1:05 PM
49	Sports programs for early development.	2/25/2025 1:04 PM

## 2025 Treaty Annuity Settlement Second Survey

50	I personally think all of the above but I cannot select more than one. Addiction recovery support would be a large one as well as mental health wellness for everyone in the community.	2/25/2025 12:50 PM
51	ACFN should take over the health of members. Not with Nune Health	2/25/2025 12:42 PM
52	I would say all of them	2/25/2025 12:19 PM
53	Why do you want more of our settlement on issues? Is the band overspending on their funding money? Each band member should be treated equally.	2/25/2025 12:03 PM
54	All of the above	2/25/2025 12:02 PM
55	Support groups, preventative health and wellness	2/25/2025 11:54 AM
56	IT WOULD ONLY LET ME PIK ONE.	2/25/2025 11:40 AM
57	Health promotion is the key to any successful program. There needs to be a focus on mental health and health education in all areas not just one.	2/25/2025 11:24 AM
58	Can only select one option here	2/25/2025 10:30 AM
59	You should be able to select more than one choice from this drop down menu	2/25/2025 10:24 AM
60	Not necessary to build a huge treatment center building. Treatment programs can be offered in a traditional setting out on the land. Individuals with similar problems, drugs or alcohol, and wanting a better life. Past healing camps had programming similar to tax programs and many quit drinking when they went to these camps. Help like therapists and counselors can be brought in for a 4-6 week program.	2/25/2025 10:03 AM
61	You should be able to fill out more than just one.	2/25/2025 9:55 AM
62	By giving us the full amount	2/25/2025 9:54 AM
63	You don't need to set aside funds belonging to members to do this. Also I can't "select all that apply" it only lets me choose one.	2/25/2025 9:22 AM
64	I don't agree with the money being held in trust.	2/25/2025 9:05 AM
65	Provide rides to and from lunch provided will be good make it fun so people will relax a bit..	2/25/2025 9:02 AM
66	i believe each of these are important parts that more attention needs to be given to, especially mental health being from a small community mental health can be a huge struggle members need more active support especially with the rising suicide rates in these communities	2/25/2025 8:55 AM
67	*This will only allow one option to be chosen*	2/25/2025 8:50 AM
68	We don't have a 100 percent coverage on meds or glasses	2/25/2025 8:48 AM

## Q16 What key message would you like to share with leadership regarding this settlement?

Answered: 137 Skipped: 41

#	RESPONSES	DATE
1	I would like to see the payout to the membership at 95% of the settlement. However funds held for minors until they are 18. The nation to use 5% plus the interest for administration of this fund.	3/13/2025 12:34 PM
2	Please allow those of age to receive their share of the settlement in a timely manner and with the consideration of those who live elsewhere in mind.	3/11/2025 12:51 PM
3	Consider that the very issue that indigenous leaders have with paternalistic attitudes from Canadian government(s) are alive and well with most Indigenous governments as well. All these so called trusts build wealth for lawyers and consultants and little else.	3/11/2025 6:59 AM
4	You are all doing a great job, keep up the good work.	3/9/2025 5:10 PM
5	Pleased that a settlement was reached however I cannot comment until we know how much and when we will receive these funds	3/8/2025 8:17 AM
6	Let the people have their settlement people are dying & not being able to use that money which is theirs.	3/7/2025 11:14 PM
7	Our leaders are doing a very good job. I'm sure they would know better than me	3/7/2025 6:13 PM
8	Thank you for allowing members a say.	3/7/2025 3:53 PM
9	To ensure that it is distributed equally. The next lawsuit that we need to have is the dictated selection from the government on who is and who is not a member of our band. We should be deciding this according to our own lineage decisions it with the dictated blood quantum colonial process.	3/7/2025 3:48 PM
10	Make sure there will be funds available for future generations as well as funding for current members when we need extra help.	3/7/2025 8:10 AM
11	There seems to be a big push to put the distributions into a trust of some kind, but there has not been a whole lot, if any, explanation of what that would look like. The last settlement distribution was years ago. Members were told an amount, received 1/3 of that amount, and I for one have not received much information, again, if any, of where the rest is or what it is being utilized for. Transparency is important.	3/6/2025 7:38 PM
12	Please thoroughly read my responses as I have spent more time than I normally would and something like this because I believe that we can have a better future for our nation	3/6/2025 5:20 PM
13	I look forward to receiving a settlement to help better my life. I will using mine to renovate my house	3/6/2025 5:10 PM
14	Members don't understand the full purpose of this annuity payment and have begun to argue amongst themselves. People need to be reminded that although this money can change their lives, it's also reparations for those who came before them, to preserve this opportunity through trust funds ensures that future members and descendants can also benefit.	3/6/2025 4:44 PM
15	get it done right	3/6/2025 4:20 PM
16	Help off reserve people with housing	3/6/2025 4:01 PM
17	A lot of people are struggling at this time we would all like to help community but I really feel if you don't live in chip. You don't feel like you are even a part of a community.	3/6/2025 8:43 AM
18	i feel we should have our own distribution givin fully to members and not have chief and council dictate what we do with it.	3/5/2025 2:22 PM

## 2025 Treaty Annuity Settlement Second Survey

19	Ratio of compensation should be distributed more towards members	3/5/2025 1:18 PM
20	Let the people decide what's best for them and the community	3/5/2025 11:49 AM
21	it would help me pay off my bills and get a truck and buy furniture and stuff if i can get all my money. i dont want nothing going into trust. last time we got money, we only got a small amount. you cant get ahead in life like that. please n thanks	3/4/2025 1:57 PM
22	Keep working Hard o N the settlement	3/4/2025 9:23 AM
23	Allowing members access to their portion so one can invest on their own & assit with today's cost of living.	3/4/2025 6:53 AM
24	Trust your members judgement, let them decide what they want, you would be surprised how many are capable of being responsible fiscally if given the opportunity	3/4/2025 3:46 AM
25	Thank you for bringing this matter to conclusion.	3/3/2025 9:25 AM
26	I would like to keep 100% of my share this time please.	3/3/2025 8:21 AM
27	Please consider those of us off reserve and those of us who do not live in the area when it comes to making decisions about the settlement. Full payouts would ensure that families and single individuals alike have the chance to invest in the future. I would hope that each member will have the chance to take a financial literacy class and saving options/investing prior to the settlement. Thank you	3/2/2025 7:52 PM
28	Settlement should be fair amongst all members, office members and band members alike. Transparency and allocation. It should be negotiated that annuity payments should grow as the economy inflates today and years to come.	3/2/2025 12:24 PM
29	Please help us learn how to better manage our personal finance, so that we don't give away all our money back to the white man.	3/1/2025 12:41 PM
30	Transparency and equality	3/1/2025 11:00 AM
31	Not have the money held and have full payout to put away into our own savings	2/28/2025 8:42 PM
32	Off reserve members cannot be denied or ignored anymore.	2/28/2025 6:10 PM
33	I would like to be free to choose what I want to do with my settlement funds and I would support programs and be more involved with the band if I felt more involved and had awareness of programs outside of Fort Chipewyan.	2/28/2025 12:19 PM
34	Please think of all members equally. There are many who missed out on other funds.	2/27/2025 10:54 PM
35	I vote for 100% equal pay for every member, including minors	2/27/2025 9:32 PM
36	Stop the cycle of substance abuse and mental health issues. 1- training program for identifying signs and preventing 2- financial wellbeing training and initiatives 3- traditional practices training and activities 4- success seminars to show results to members 5- "give back to nation" initiatives - ie: start businesses in community, hire from membership, mentor members etc..	2/27/2025 8:38 PM
37	I would like to know how much the settlement was overall. For members to be informed of the offers, negotiations within the settlement. For members to be kept in the loop of information sharing regarding the settlement.. For members to have a voice and be heard. To give the members to make their own decision on the settlement meaning vote on it and how much in terms of portion.	2/27/2025 8:27 PM
38	It's mine!!!! Let ME decide what I want to do with any settlement. I don't have to go to Chief and Council to get it every year. I can physically get my \$5 every time from the queens representative.	2/27/2025 1:48 PM
39	Thank you for asking nation members to reply with their thoughts and ideas! I live off reserve and I always appreciate the outreach from ACFN leadership and newsletters provided.	2/27/2025 1:14 PM
40	Listen to us and let us ask the questions rather than who ever is making this questionnaire up.	2/27/2025 1:07 PM
41	It should be a full and equal payout to each member individual.	2/27/2025 12:50 PM
42	Thank you very much for asking the community what their thoughts are. I think the biggest thing is getting the funds out distributed as quickly as possible would be the best thing because I know when these times people are really needing it	2/27/2025 12:12 PM

## 2025 Treaty Annuity Settlement Second Survey

43	Being able access full settlement for members would help us catch up with bills and cost of living. It lets us decide on which investments we would chose for ourselves that work for us individually	2/27/2025 11:29 AM
44	Thank you for everything you do for us.	2/27/2025 10:52 AM
45	What choices do we really have? I truly believe that the memberships voices or opinions won't be heard and leadership will do what they want.	2/27/2025 10:31 AM
46	Thank you for supporting our members and our ancestors	2/27/2025 9:56 AM
47	Leave the annuity payment alone and distribute according to settlement, you have taken our Cows & Plows in an unjust way. We had no choice but to sign that vote as "yes" at polling station. That was downright crocked.	2/27/2025 9:54 AM
48	I think each age group of people have different priorities. At my age as an elder I would like full amount - these \$ would be used to supplement my pensions (OAS, CPP, ACFN) and I can spend as I deem appropriate.	2/27/2025 8:32 AM
49	I think it's also important to consider members whose treaty bloodlines will end with them. Members whose kids will not be treaty and therefore, those kids will not receive any direct"future benefits" from the trust. Being one of those members myself, I would like to have a portion of the settlement to invest for my own family	2/26/2025 11:09 PM
50	I think members should have the option to choose how much they can receive. There should be a vote on the percentage. But some definitely has to go into trust. There should also be a very clear and transparent publications every year on how much is in trust and what it has been used for. And the option to vote on to change on where the funds are going. Especially if the original plan is not working for members and changes need to be made.	2/26/2025 8:55 PM
51	Ask the members what they want, but chief and council should look into the best way to distribute the funds.	2/26/2025 7:29 PM
52	To be transparent with everyone and to allow us to have some impact on how the money is dispersed. A lot of us are renting and have insufficient housing as it is. This would greatly impact our way of living day to day and allow everyone to support our families.	2/26/2025 7:14 PM
53	Give us all the moneys owed	2/26/2025 6:41 PM
54	Pay it all out to members equal	2/26/2025 5:43 PM
55	While giving everyone access to the full settlement is a good idea for most adult members of the community I feel it would be irresponsible to give the youth of our tribe full access to the money without at least having some fallback plan	2/26/2025 4:45 PM
56	openess	2/26/2025 4:44 PM
57	We could all use the help. Everyone is struggling right now and it don't seem to be getting any easier	2/26/2025 4:24 PM
58	It is important to educate members on how to be financially responsible before handing the funds out in order to ensure the funds allow us to grow and prosper as a nation for future generations.	2/26/2025 3:59 PM
59	youth should receive 40% of their portion at 18 and 60% at 21. must have a diploma and mandatory money management course. this encourages the youth to be educated and be responsible once they receive their money.	2/26/2025 3:55 PM
60	The future of ACFN depends on our decisions today.	2/26/2025 3:52 PM
61	Plan for the future	2/26/2025 3:38 PM
62	I got plans for the money I going to need all of the amount I'm going to get cant have a portion of it going in to the fund	2/26/2025 2:57 PM
63	To please be considerate of off reserve members. A lot of us a struggling to make ends meet and this could be a life changing amount of money to pay debt and make financial decisions that benefit our families. I would like to be able to choose to access a full or near full portion of the money I'm allocated.	2/26/2025 12:46 PM

## 2025 Treaty Annuity Settlement Second Survey

64	When is it finalized	2/26/2025 11:53 AM
65	Just be fare for all members and pay out all the elders.	2/26/2025 11:38 AM
66	Get our land back governments are still telling us we are not good enough we don't get a say on anything	2/26/2025 11:09 AM
67	We have enough money invested to secure the future of future generations. Give the Seniors their entitlements in full so they can live the rest of their lives, they way they want to.	2/26/2025 8:17 AM
68	This needs to be done to stop the heartbreak of money throughout the band.	2/25/2025 11:03 PM
69	This settlement is my treaty right. During treaty days when I go collect my \$5, only MYSELF with my government issued ID can collect this money. No other individual can collect it on my behalf, so why should it be any different with this settlement? I don't think any other ACFN member would want someone else collecting their \$5 payment. This payment can help so many ACFN members, it will allow them to spend it and/or invest it in the way that they see if for the betterment of their family and future. As mentioned above, when I have children I won't be able to pass on treaty to them due to my partner being a non-indigenous man and how the government classifies within the Indian Act ( a 6.2). This money will allow me to invest for my family and my future. The trust has done a great job in generating funds for the future and many programs but I think it has enough money currently, but we must also think about and THANK all the ACFN members who sacrificed their cows and plows for that. It's time that members get the settlement payment they want and rightfully deserve.	2/25/2025 10:12 PM
70	Treat your decisions with wisdom and knowledge.	2/25/2025 9:46 PM
71	Your last survey was quite trying to force responses. This made the issue worse and members now wanting the whole payout	2/25/2025 9:25 PM
72	I'm praying this is enough to actually give me some hope again in a world I feel like I'm drowning daily in while I work so do better for all around me	2/25/2025 9:07 PM
73	I believe we should get 100% of the settlement we gave our cows and plows to the band and took a smaller portion and with the cost of everything now it would be nice to get back on track	2/25/2025 8:03 PM
74	I would like to share with leadership that many members would benefit from receiving their full portion of the settlement and are capable of managing those funds. If a portion of the funds is kept by the band for management, I believe establishing a Cultural Knowledge Fund, a Wellness Fund, and a Healthcare Fund would be the best solution for members. This approach would provide them with the ability to access a wide range of resources and support without limitations empowering them to meet their individual needs and enhance their overall well-being.	2/25/2025 7:16 PM
75	Without knowing more about the implications of the settlement, and how it would impact our treaty rights, I cannot comment further. For some members, this settlement could be life changing in a positive way, while for others, maybe not. It really depends on their own self-determination, wants, and, or, needs. Overall, it would be beneficial for members to know the big picture of this settlement, the details, any legal or political implications, so that we can be better informed to give our feedback. Without this information, I don't think we, as members, can give our best opinion on the subject. That being said, it appears that the settlement will potentially be the same for everyone. If there were a way to separate groups with options for settlement, I can see where this would create some chaos on the administration side of it. Thank you for providing members with the opportunity to express their thoughts on this matter. I appreciate all the hard work and dedication by the Chief and Counsellors for our nation, and want you all to know that it does not go unnoticed. Fostering relationships with members, I am sure can be a challenge, especially when we all have differing opinions and worldviews. All the best!	2/25/2025 6:37 PM
76	Do what's best for the people who are struggling	2/25/2025 6:27 PM
77	The settlement is regarded as per individul. Elders receive their full settlement.dependent childen trust fund 18 under any others is their right to choose the course of their settlement.	2/25/2025 6:09 PM
78	More than 50% of Cows and Plows were taken from members pockets and invested in trust, if invested properly is there a need to take over 50% of this settlement and invest it ?	2/25/2025 6:07 PM
79	Be up front and honest.	2/25/2025 6:04 PM

## 2025 Treaty Annuity Settlement Second Survey

80	I see how you manipulate and framed the questions to get the response YOU want. You all make good money, but you seem oblivious to the fact that many members are experiencing tough economic times and this settlement is a life changing amount. Some might want to buy a house and use it for part of their down payment. I want to invest in my business.	2/25/2025 6:00 PM
81	I'm not sure why so many questions were about a trust when it seems like the majority of members have indicated they want a full payout.	2/25/2025 5:54 PM
82	I believe most of the Offer reserve members would like a full payout myself included because of my financial situation and wanting to potentially expand my career in the future and be able to support myself along with being able to explore more cultural diversity in the world and being able to travel	2/25/2025 5:42 PM
83	Should buy some crown land. Before a farm does . And pollutes the water more.	2/25/2025 5:29 PM
84	Send atleast 70% to members and 30% for the bands funding to do whatever	2/25/2025 5:17 PM
85	It's difficult to be reflective and give an educated answer when the amount is unknown. There is a huge difference between \$10k and \$50k. For myself if it's a lower amount I want it. If it's a higher amount I'd vote to invest a portion. Being transparent with the amount would've been nice.	2/25/2025 5:03 PM
86	ACFN should disperse the settlement equally with members and not put a dime in trust. Do members currently give a portion of their annual annuity payment to ACFN? They do not and its the same principal with the settlement funds, it's meant for me to have my entire share. The trust is not a member, ACFN as a nation does not receive a settlement, it's the individual member who should receive their share 100%.	2/25/2025 4:57 PM
87	I have faith in the band leadership, and they will counsel and do what's best and right for all of us.	2/25/2025 4:46 PM
88	Please let us have a good chunk of it. We are really struggling at the bottom of the tribe off reserve. I feel like for once many I can buy some things I want other than just the things I need. Let people have a little joy in their lives. Some of us never had the luxury of a large sum of cash. In the mean time , keep up the good work. We appreciate the bands help and at least feeling like we have some support in life. But I just ask that you let people have some fun. We rarely do get to have real fun and feel stressfree for long. Plus some would do great things with it I'm sure. Not me, but some people. Jk. I might do great things with it. You never know. Please tho. Pretty please let us keep a good chunk ??!! Thanks , bye.	2/25/2025 4:08 PM
89	I believe the Nation does its best for our members and are already offering many programs to support our members. I think whatever leadership decides to do with the settlement will be in the members best interest.	2/25/2025 3:41 PM
90	I'd like the money to go directly to members.	2/25/2025 3:38 PM
91	80 percent to members 20 percent back to the nation. Only fair this time around. Last time we had no choice no voice decision was basically made on our behalf.	2/25/2025 3:26 PM
92	My children are mixed ethnicity and are not recognized as Indians by the White Paper or ACFN (which is another conversation)... which means that my children wouldn't benefit as much from placing the money in a trust. If I am given a full distribution, I can invest it how I see best to ensure that my children will also benefit from it.	2/25/2025 3:26 PM
93	More education on what it is and how we benefit collectively rather than individually .	2/25/2025 3:09 PM
94	Pay it out equally all at once. This will help members get a head in life.	2/25/2025 1:59 PM
95	I think the way you guys have been pushing to keep majority and have been posting those "stats" and "fact" about how you've been helping has been very predatory and I feel you know this since comments are off on the posts. Especially since member help is now unavailable when it used to be a budget of 3000 per member per year but now it has to be deemed life or death for acfn to even consider helping, this "policy change" also feels like it was a calculated move to push members toward letting you guys keep majority in a trust, and I also feel the band acting like you guys are "helping out of the goodness of your hearts" with the interest made off of OUR own money from the cows and plows settlement is borderline manipulation. Thank you for your time and I hope you understand that doing this twice would be criminal with how well acden and the band is already doing.	2/25/2025 1:43 PM

## 2025 Treaty Annuity Settlement Second Survey

96	People don't understand this settlement agreement. They think the money is owed to them as individuals and there is a lack of understanding of how the trust is managed and how it's being used for members. Current benefits are evenly accessible. Example: I got the home buyers grant but a lot of members can't get that cause they don't qualify for a mortgage. That's \$25,000 that they might never benefit from. So what are we doing to support those members that's equivalent. Making more programs with limits for those members might make them feel seen and supported .	2/25/2025 1:31 PM
97	You are doing a great job!	2/25/2025 1:22 PM
98	Members living in poverty and unable to work due to illness often face a harsh cycle of financial struggle.they struggle to meet basic needs like food, housing.. which exacerbates their condition and deepens their poverty. The burden of illness not only limits their ability to work but also drains any meager resources they might have, underscoring the urgent need for financial assistance.	2/25/2025 1:05 PM
99	In my personal opinion, this isn't about the money that each member will receive. It is truly about the support within the community and outside of the community for future generations to grow and allow our traditions and culture to never die.	2/25/2025 12:50 PM
100	This money will help sustain my small family. We are working really hard to get the generational trauma with us and having our kids future set up financially a huge burden lifted.	2/25/2025 12:43 PM
101	Our forefathers legacy is this, for generations. It belongs to us, the ppl	2/25/2025 12:42 PM
102	I believe this settlement should be distributed almost in full to members. The cost of living versus the support the band provides far outweighs the benefits of putting the money in trust like the cows and ploughs did. This money also should have been distributed to individuals as the years went on and the band should not be holding it and deciding who to send the money too	2/25/2025 12:03 PM
103	This survey is vague it sounds like the C&C would like to take our money. How much are we getting upfront and do we get so much each year? C&P (40K time 1400 members) how is this spend? You want more money again.	2/25/2025 12:03 PM
104	This settlement will really help me and my family, I wasn't able to receive the last cows and plows and money and things are tight right now	2/25/2025 12:02 PM
105	Distribution needs to be fair and without singular influence. Transparency is essential for membership to feel like they can trust that leadership will do the right thing.	2/25/2025 11:45 AM
106	The chief and council have been working hard and fast and it is awesome to see them show that they care and are willing to help within and outside of the community!	2/25/2025 11:44 AM
107	I DONT REALLY FULLY UNDERSTAND THIS WHOLE THING. AN WOULD LIKE SOMEONE TO CALL ME TO BRAKE IT DOWN.	2/25/2025 11:40 AM
108	A lot of members say they want the whole amount for we already have trust funds	2/25/2025 11:32 AM
109	Members have a right to this settlement, in full. Members have a right to not have their money put into trust for it to not benefit them or their families. Our members know themselves and their families needs best. We deserve the right to have this money in a lump sum payment. In this economy and uncertain times, a lump sum payment will allow people to pay off debts, buy a new home, make repairs to their current home, go to school etc. Members have the right to decide this themselves.	2/25/2025 11:24 AM
110	I'm sure you'll all make the right decision.	2/25/2025 11:23 AM
111	Needs to help both current and future membership equally for both on and off reserve members.	2/25/2025 10:35 AM
112	This is for individual members which should be directly given to each, as for youth, should put in trust for their future endeavours and not their parents/guardians to spend	2/25/2025 10:30 AM
113	For me personally, I would benefit by receiving a full payout. I would like to invest the way I want to that fits my life. I don't live in the community and have been accustomed to my way of life here. I know what works and what doesn't. Age plays a big part on the settlement for all. We all have different lives and live different from each place. Maybe, tailor payouts by age and what we each want and need.	2/25/2025 10:29 AM

## 2025 Treaty Annuity Settlement Second Survey

114	We see all the other bands getting their big payments Being able to support their families financially, While we are left in the wind from our own band who is trying to siphon our money from us. You guys didn't want to collect our money when it was at \$5, But. Now that it's bigger you guys want to, Do they really want to help their own members get out of poverty or do they just want to build their trust?	2/25/2025 10:24 AM
115	Many members are able to handle their own finances.	2/25/2025 10:03 AM
116	Members that are off reserve are just as important as those on reserve. We are all the same trying to make a difference with the next generation( our children)	2/25/2025 10:01 AM
117	It's nice that we are building the trust but the trust has a lot of money in it. Let's use this payment to help people get out of debt invest it on their own and make their own choice for their families. It's not up to chief and Council to determine what members should be getting people want to help the trust I'll give 5% to the trust.but I would like to use the rest to pay for bills That would help my mental health . Urban members cost of living is extremely high and members 55 years old should have a choice. So we dont leave debt to our families.	2/25/2025 9:55 AM
118	I feel that most of us don't need babysitting on our portions. There are real issues that we face daily that this money could help.	2/25/2025 9:54 AM
119	Everyone is aging . This money given to us in the full amount will help with bills, food , maybe a vehicle . I know I need one . I can't live off 1000 here and there that's bullshit . Giving us the full amount will help very much . I am still waiting for cows and plows that was promised I didn't get 10 grand like everyone else and I know that the trust it was put into can't be held for longer then 7 years amd that time is up . Please distribute money to members . Times are tough as it is waiting on money that was allotted to us . Full amount no trust nothing give us what we need to survive	2/25/2025 9:54 AM
120	I think we are entitled to this money and we all deserve full payouts and full support to access to any types of supports we need to help us succeed.	2/25/2025 9:46 AM
121	Well I think that everything that discussed for the settlement should be made available for all members not just on reserve but all members throughout rural communities as well have more knowledge of where the per capita is distributed and have more educational knowledge as to the allocation of All the Monies..	2/25/2025 9:39 AM
122	Please let us decide what to do with our funds.	2/25/2025 9:35 AM
123	All these questions are directed at what should we do with the portion of the settlement put aside. This seems like a decision has already been made with the settlement. This is not fair. When the cows and ploughs settlement came we had no options at all. I relinquished almost all of that payment. Today is the most expensive time to be alive. We could all use that money to get ahead and help with life as it is. I would not settle for less than the full payment. Most members feel this way. Time to do right by the members. Membership has not forgotten about the cows and ploughs payment and how it played out. The wording of these surveys are directed a decision has been made. We have to stop doing things this way. Why can't we just be honest and open with membership. Our members need the financial help more than ever.	2/25/2025 9:31 AM
124	I think it's important to prepare the minds of members. Reshaping their mentality will change the course of their actions in life. Which includes money management ect	2/25/2025 9:23 AM
125	The money belongs to the members.	2/25/2025 9:22 AM
126	If you give everyone their fair share and don't keep any in trust that is your call, however if you give everyone a nice chunk and keep some in trust for later that would be a better option in terms of longevity.	2/25/2025 9:21 AM
127	Want my money don't know how long we have left on earth	2/25/2025 9:21 AM
128	I don't agree with the money being held in trust.	2/25/2025 9:05 AM
129	Be fair and considerate when making decisions for me and consider that some of us are old now and have not many years left give me what I have coming ,but still leave some for the future as when treaties were signed for the future...Iam that future now..so I in return will leave some for the future as someday they will get my age too ....	2/25/2025 9:02 AM
130	We weren't given the option to vote on our cows and ploughs settlement, the amount of money we could be given here can seriously change people's lives for the better. People are going to	2/25/2025 8:58 AM

## 2025 Treaty Annuity Settlement Second Survey

do what people are going to do, if they choose to spend it in not so smart ways that's their fault. This money could be a down payment on a new home, or fixing the home I have. It's an expensive time to be alive this money eases that burden.

131	I think a majority payout should be given to members. the current trust, employees, chief and council all have healthy bank accounts and may not relate to the struggle that us members are having in this current economic crisis through out the country, a majority payout to members ensures financial stability to each and every current member, i think 80% members 20% trust is a great way to approach this, the trust is already in a healthy position but members are still struggling to put food on their tables and pay for a place to live. please consider a 80/20 split given the current financial health of the trust and nation already, it is time to ensure each member is financially stable at this moment and this is a perfect opportunity to do so.	2/25/2025 8:55 AM
132	The people want the full payment. There are many who want to pay off debts, buy homes, and invest this money. My children are special needs and only 4 and 6, it is \$17,000 a year for tuition for grade 1. This money would allow us to afford their specialized education longer than we can afford. It would allow us to put money back for them for care homes and therapy supports. People are struggling and need this payout.	2/25/2025 8:54 AM
133	Listen to your members. Give them their voices back. With our last settlement we were made to feel like we had ZERO options and our voices didn't matter.	2/25/2025 8:50 AM
134	If the elder passes the money should go to family	2/25/2025 8:48 AM
135	Have some personal engagement with members. These surveys are a White mans way of communicating. Leadership don't forget your audiance.	2/25/2025 8:47 AM
136	I believe a portion should be set aside for programs to help Nation members.	2/25/2025 8:43 AM
137	Having a financial plan in place before our money is released I don't have an issue with, if someone has a plan to buy a car to buy a house to pay off debt as long as they have a plan and they can show that they have a plan I feel like their money can be released to them with no issue, but if they want a big lump sum and they have no plan for it then I have an issue.	2/25/2025 8:42 AM
